Flora Tristan Feminist Socialist And Free Spirit:

Flora Tristan Joyce Anne Schneider, 1980 A biography of the grandmother of French painter Paul Gauguin whose tempestuous life and advocacy of revolutionary ideas earned her the attention of 19th century Europe **Flora Tristan** Susan Grogan, 2002-09-11 Flora Tristan is best known as a nineteenth century French social critic and reformer Her writings can be seen as a precursor to Marxism and Feminism Flora Tristan Life Stories by Susan Grogan investigates the life of Flora Tristan through an exploration of the way she represented herself in her own writings The author also examines the portrayal of Flora Tristan in paintings and literature Rather than adopting a chronological approach the author surveys the personae of Flora Tristan through thematic chapters on her roles as author socialist traveller and Mother of the Workers She places Flora Tristan in the context of contemporary debates and ideas adding to our understanding of the times in which Flora Tristan lived Flora Tristan Life Stories argues that Flora Tristan's self representations were attempts to claim a role of authority and significance not open to women in the nineteenth century This authoritative study also engages with attempts to re evaluate the writing of biography and to explore the meaning of an individual life in historical context *Flora Tristan* Joyce Anne Schneider, 1980 A biography of the grandmother of French painter Paul Gauguin whose tempestuous life and advocacy of revolutionary ideas earned her the attention of nineteenth century Europe **The Feminism of Flora Tristan** Maire Cross, Tim Gray, 1992 This book arose out of a doctoral thesis presented by Maire Cross at the University of Newcastle upon Tyne in 1988 The emphasis of the book is however rather different from that of the thesis While the thesis focused essentially upon the relationship between Flora Tristan's feminism and her socialism the book seeks in addition to explore more fully the elements in Tristan's writings which are not obviously linked to the socialist tradition **The Politics of the Essay** Ruth-Ellen B. Joeres, Elizabeth Mittman, 1993-08-22 The Politics of the Essay is that rare scholarly work that provides both a history of this relatively new field and of its formal characteristics and inspires its readers to want to participate in the making of this history Signs The first in depth study of the relationship between women and essays Employing gender race class and national identity as axes of analysis this volume introduces new perspectives into what has been a largely apolitical discussion of the essay Includes an original essay by Susan Griffin **Women's Political and Social Thought** Hilda L. Smith, Berenice A. Carroll, 2000 a wide array of time periods cultures and formats Library Journal The first collection of source readings of women's important writings in political and social theory from ancient times to the twentieth century From Sappho of Lesbos to Mary Wollstonecraft and from Jane Addams to Simone Weil these works fill a major gap in materials available for teaching the history of political thought and opens paths for exploring the rich and diverse contributions of women as creators of theory **French Socialism and Sexual Difference** S. Foley, 1992-02-27 This study explores the meanings ascribed to sexual difference in the theories of Charles Fourier the Saint Simonians and Flora Tristan Their concept of the feminine as a moral force justified a wide range of social roles for women In addition the feminine

became a symbol of the harmony and co operation envisaged for the future The study shows that while these socialists challenged contemporary sex role definitions the new distinctions which they created nevertheless circumscribed the possibilities for female liberty The Odyssey of Flora Tristan Laura S. Struminger,1988 Flora Tristan began life as the pampered daughter of the aristocracy she knew poverty and disappointment as a youth and experienced abuse and discrimination as an adult Her personal struggle to regain a position in society was eclipsed by a growing commitment to lead the struggle of the oppressed for freedom and equality She traveled extensively read widely and met many of the important social thinkers of the 1830 s Gradually she formed a vision of an egalitarian society in which men and women young and old had access to education and jobs She died trying to rally workers to an international egalitarian Worker s Union Flora Tristan: Devenir Escritura, Devenir Mujer Luz Stella Rodas Rojas,2008 **Bulletin of the Center for Children's Books** University of Chicago.
