Australasian Victorian Studies Journal, 2001 The Nineteenth-Century Press in the Digital Age J.

Mussell, 2012-02-07 James Mussell provides an accessible account of the digitization of nineteenth century newspapers and periodicals As studying this material is essential to understand the period he argues that we have no choice but to engage with the new digital resources that have transformed how we access the print archive Women Making News Michelle

Elizabeth Tusan, 2005 Starting in the mid nineteenth century female editors and journalists created a new genre of political journal they proclaimed to be both for and by women Specialized periodicals like Women s Penny Paper and Shafts fostered the proliferation of diverse political agendas aimed at reimagining women s status in society At the same time the institutional infrastructure of the women s press provided women with job opportunities in a nontraditional field Michelle Tusan tells two stories First she examines alternative print based political cultures that women developed during the late nineteenth and early twentieth centuries Second she explores how British female subjects forged a wide range of new political identities through the pages of their press Tusan employs social and cultural historical analysis in the reading of popular printed texts as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain Insightful and filled with fascinating detail Women Making News uncovers how the relationship between print culture and gender politics provided a vehicle for women s mobilization in the political culture of modern Britain Women in Journalism at the Fin de Siècle F. Gray, 2012-03-13 As the nineteenth century drew to a close women

became more numerous and prominent in British journalism This book offers a fascinating introduction to the work lives of twelve such journalists and each essay examines the career writing and strategic choices of women battling against the odds to secure recognition in a male dominated society *Constructing Girlhood through the Periodical Press, 1850-1915*

Kristine Moruzi, 2016-05-23 Focusing on six popular British girls periodicals Kristine Moruzi explores the debate about the shifting nature of Victorian girlhood between 1850 and 1915 During an era of significant political social and economic change girls periodicals demonstrate the difficulties of fashioning a coherent consistent model of girlhood The mixed genre format of these magazines Moruzi suggests allowed inconsistencies and tensions between competing feminine ideals to exist within the same publication Adopting a case study approach Moruzi shows that the Monthly Packet the Girl of the Period Miscellany the Girl s Own Paper Atalanta the Young Woman and the Girl s Realm each attempted to define and refine a unique type of girl particularly the religious girl the Girl of the Period the healthy girl the educated girl the marrying girl and the modern girl These periodicals reflected the challenges of embracing the changing conditions of girls lives while also

attempting to maintain traditional feminine ideals of purity and morality By analyzing the competing discourses within girls periodicals Moruzi s book demonstrates how they were able to frame feminine behaviour in ways that both reinforced and redefined the changing role of girls in nineteenth century society while also allowing girl readers the opportunity to respond to these definitions

Frances Power Cobbe Sally Mitchell,2004 An accessible narrative biography Frances Power Cobbe traces the details of Cobbe s life and work analyzes her writing and sets both in the context of the social and intellectual debates of her time

Encounters in the Victorian Press L. Brake,J. Codell,2004-11-30 Encounters in the Victorian Periodical Press focuses on the unique characteristic of the Victorian periodical press its development of encounters between and among readers editors and authors Encounters promoted dialogue among diverse publics differing by class gender professional and political interests and ethnicity Through encounters the press emerged to become a central public space for debates about society politics culture public order and foreign and imperial affairs This book captures the richness of these interactions and a variety of voices and opinions

Infidel feminism Laura Schwarz,2017-10-03 Infidel feminism is the first in depth study of a distinctive brand of women s rights that emerged out of the Victorian Secularist movement It looks at the lives and work of a number of female activists whose renunciation of religion shaped their struggle for emancipation Anti religious or secular ideas were fundamental to the development of feminist thought but have until now been almost entirely passed over in the historiography of the Victorian and Edwardian women s movement In uncovering an important tradition of Freethinking feminism this book reveals an ongoing radical and free love current connecting Owenite feminism with the more respectable post 1850 women s movement and the New Women of the early twentieth century This book will be invaluable to both scholars and students of social and cultural history and feminist thought and to interdisciplinary studies of religion and secularisation as well as those interested in the history of women s movements more broadly
