**A Fine Romance** Geoffrey Holden Block, 2023. The central topic of *A Fine Romance: Adapting Broadway to Hollywood in the Studio System Era* is the symbiotic relationship between a dozen Broadway musicals and their Hollywood film adaptations spanning nearly a half century (1927-1972). The romance begins with the stage version of *Show Boat* and ends with Bob Fosse's cinematic 1972 re-envisioning of *Cabaret*. Between these end points are chapters on *The Cat and the Fiddle*, *Roberta*, *Cabin in the Sky*, *Oklahoma!*, *On the Town*, *Brigadoon*, *Call Me Madam*, *Silk Stockings*, *West Side Story*, and *Flower Drum Song*.

**Blues Mamas and Broadway Belters** Masi Asare, 2024-09-20. In *Blues Mamas and Broadway Belters*, songwriter, scholar, and dramatist Masi Asare explores the singing practice of black women singers in US musical theatre between 1900 and 1970. Asare shows how a vanguard of black women singers, including Gertrude Ma Rainey, Bessie Smith, Ethel Waters, Pearl Bailey, Juanita Hall, Lena Horne, Eartha Kitt, Diahann Carroll, and Leslie Uggams, created a lineage of highly trained and effective voice teachers whose sound and vocal techniques continue to be heard today. Challenging pervasive narratives that these and other black women possessed untrained voices, Asare theorizes singing as a form of sonic citational practice: how the sound of the teacher's voice lives on in the student's singing. From vaudeville blues shouters, black torch singers, and character actresses to nightclub vocalists and Broadway glamour girls, Asare locates black women of the musical stage in the context of historical voice pedagogy. She invites readers not only to study these singers but to study with them, taking seriously what they and their contemporaries have taught about the voice. Ultimately, Asare speaks to the need to feel and hear the racial history in contemporary musical theatre.

**Multicultural America** Carlos E. Cortés, 2013-08-15. This comprehensive title is among the first to extensively use newly released 2010 US Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta. Based on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90 percent of the total US growth since 2000 due to immigration and higher birth rates for Latinos. According to John Logan, a Brown University sociologist who has analyzed most of the census figures, the futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations. Both non-Hispanic whites and blacks are getting older as a group. These groups are tending to fade out, he added. Another demographer, William H. Frey, with the Brookings Institution, told *The Washington Post* that this has been a pivotal decade. We're pivoting from a white-black dominated American

population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader's guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today's students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title's editors
