## **Flower Of Light A Biography Of Mary Webb:**

**The Flower of Light** Gladys Mary Coles, 1998 This acclaimed pioneering study of Mary Webb 1881 1927 the Shropshire novelist poet and mystic author of *Precious Bane* is now being printed in its first paperback edition Recognized as the standard work on Mary Webb it combines the story of her tragic life with a reevaluation of her creative achievement Gladys Mary Coles the leading authority on Mary Webb has won many awards for her writing including a Welsh Arts Council Award and the Daily Post Arts Award for Literature *The Flower of Light* Gladys Mary Coles, 1978 **Mary Webb** Gladys Mary Coles, 1990 *The Lost Girls* Andrew Radford, 2007 *The Lost Girls* analyses a number of British writers between 1850 and 1930 for whom the myth of Demeter's loss and eventual recovery of her cherished daughter Kore Persephone swept off in violent and catastrophic captivity by Dis God of the Dead had both huge personal and aesthetic significance This book in addition to scrutinising canonical and less well known texts by male authors such as Thomas Hardy E M Forster and D H Lawrence also focuses on unjustly neglected women writers Mary Webb and Mary Butts who utilised occult tropes to relocate themselves culturally and especially in Butts's case to recover and restore a forgotten legacy the myth of matriarchal origins These novelists are placed in relation not only to one another but also to Victorian archaeologists and especially to Jane Ellen Harrison 1850 1928 one of the first women to distinguish herself in the history of British Classical scholarship and whose anthropological approach to the study of early Greek art and religion both influenced and became transformed by the literature Rather than offering a teleological argument that moves lock step through the decades *The Lost Girls* proposes chapters that detail specific engagements with Demeter Persephone through which to register distinct literary cultural shifts in uses of the myth and new insights into the work of particular writers **Mark of the Beast** Alfredo Bonadeo, 1989-01-23 The First World War is a watershed in the intellectual and spiritual history of the modern world On the one hand it brought an end to a sense of optimism and decency bred by the prosperity of nineteenth century Europe On the other it brought forth a sense of futility and alienation that has since pervaded European thought That cataclysmic experience is richly reflected in the work of writers and artists from both sides of the conflict and this study provides a detailed analysis of two basic themes death and degradation that mark the literature about the war From their accounts most men entered the war lightheartedly filled with ideals of patriotism and glory but these generous feelings were soon quelled as the war settled into a stalemate its operations reduced to simply grinding away the opposing forces In these operations Alfredo Bonadeo shows men became mere aggregations thrown against one another wasted with no appreciable effects or gains save carnage itself This cheapening and disregard for human life and being Bonadeo finds rooted not only in the conditions of war but significantly in a contempt for the common man prevailing in European political and intellectual circles This attitude is revealed most plainly in his analysis of the Italian literature which hitherto has received little note Italian leaders saw the war as an opportunity to expiate a sense of national guilt and here the inconclusive campaigns made their futility all the greater Out of the torn fields

of the First World War grew the seeds of a second greater conflict but Professor Bonadeo concludes the flowering of the seeds was aided by the degradation of man's spirit on those fields. The grim focus of this book, the dead voices it evokes, leads to a new appreciation of the meaning of the Great War.

Humanistic Geography and Literature (RLE Social & Cultural Geography) Douglas Pocock, 2014-01-23 This book introduces the beginning student to the major concepts, materials and tools of the discipline of geography. While it presents geographic theory as whole and for each of its parts, the chief emphasis is on concrete analysis and example rather than on abstraction, an approach which has proven more successful for undergraduate courses than those with a more heavily theoretical bias. The text was extensively re-written for the third edition, which enhanced its clarity and effectiveness with expanded cartographic coverage.

New Lives, New Landscapes Revisited Linda M. Ross, Katrina Navickas, Ben Anderson, Matthew Kelly, 2023-06-08 How did rural Britain become modern during the twentieth century? *New Lives, New Landscapes* examines how the development of modern infrastructure in Britain transformed both its landscapes and the lives of those who lived within them. *EcoGothic gardens in the long nineteenth century* Sue Edney, 2020-11-24 *EcoGothic gardens in the long nineteenth century* provides fresh approaches to contemporary ecocritical and environmental debates, providing new compelling insights into material relationships between vegetal and human beings. Through twelve exciting essays, the collection demonstrates how unseen but vital relationships among plants and their life systems can reflect and inform human behaviours and actions. In these entertaining essays, human and vegetal agency is interpreted through ecocritical and ecoGothic investigation of uncanny manifestations in gardens: hauntings, psychic encounters, monstrous hybrids, fairies and ghosts with plants, greenhouses, granges, mansions, lakes, lawns, flowerbeds and trees as agents and sites of uncanny developments. The collection represents the forefront of ecoGothic critical debate and will be welcomed by specialists in environmental humanities at every level as a timely innovative inclusion in ecoGothic studies.

**Wars** Faye Hammill, 2009-12-03 As mass media burgeoned in the years between the first and second world wars so did another phenomenon celebrity Beginning in Hollywood with the studio orchestrated transformation of uncredited actors into brand name stars celebrity also spread to writers whose personal appearances and private lives came to fascinate readers as much as their work Women Celebrity and Literary Culture between the Wars profiles seven American Canadian and British women writers Dorothy Parker Anita Loos Mae West L M Montgomery Margaret Kennedy Stella Gibbons and E M Delafield who achieved literary celebrity in the 1920s and 1930s and whose work remains popular even today Faye Hammill investigates how the fame and commercial success of these writers as well as their gender affected the literary reception of their work She explores how women writers sought to fashion their own celebrity images through various kinds of public performance and how the media appropriated these writers for particular cultural discourses She also reassesses the relationship between celebrity culture and literary culture demonstrating how the commercial success of these writers caused literary elites to denigrate their writing as middlebrow despite the fact that their work often challenged middle class ideals of marriage home and family and complicated class categories and lines of social discrimination The first comparative study of North American and British literary celebrity Women Celebrity and Literary Culture between the Wars offers a nuanced appreciation of the middlebrow in relation to modernism and popular culture **The Victorians and English**

**Dialect** Matthew Townend, 2024-06-24 The Victorians and English Dialect tells the story of the Victorians discovery of English dialect and of the revaluation of local language that was brought about by the new historical philology of the nineteenth century Regional dialects came to be seen not as corrupt or pernicious but rather as venerable and precious The book examines the work of the ground breaking collectors of the 1840s and 1850s who first alerted their contemporaries to the importance of local dialect and also to the perils that threatened it with extinction It traces the connection between dialect and literature in the flourishing of dialect poetry and the foregrounding of regional voices in Victorian fiction It explains how the antiquity of regional dialects cast light on the national past the Celts Anglo Saxons and Vikings and how dialect study was also at the heart of the discovery of local folklore and oral culture old words old customs old beliefs And it tells the story of the three great monuments of Victorian dialect study that marked the apogee of regional philology the 80 publications of the English Dialect Society 1873 96 an organization run by a committee of journalists and local historians in Manchester the nationwide survey of The Existing Phonology of English Dialects 1889 which listened in on local speech in market squares and third class railway carriages and the multi volume English Dialect Dictionary 1898 1905 which collected all the previous labours together and made an enduring record of Victorian dialect **Biographies of British Women**
