reputation for materialism why we seem to have lost the climate change battle and whether talking to yourself might really be beneficial Another frequent topic is how our ideal places cannot avoid being bruised by time He looks at what happened as the Tucson bars of his college days closed or morphed into very different places He traces seasonal changes in the desert He notes what happens to its effect when a giant cross beside I 40 in Texas is joined by equally giant windmills And he takes a mind s eye tour through Paris s terrace caf s and their literary associations after the 2015 terrorist attack there
