

Econometric Model Of The Export Sector

V. Bulmer-Thomas

Econometric Model Of The Export Sector:

An Econometric Model of the Export Sector L. Alan Winters, 1981 *A Comparison of Econometric Models* United States. Congress. Joint Economic Committee, 1978 *A Method for Estimating the Economic Effects of Habitat Protection*, 1994 **The Growth of the Fruit and Vegetable Export Industry in Peru** Tatsuya Shimizu, 2022-03-23 This is the first book that analyzes the growth of the Peruvian fresh fruit and vegetable FFV export industry from the view point of the industrial development Instead of pointing out comparative advantages in production factors such as favorable climate and cheap labor this book focuses on the strategies of agribusiness companies industrial organizations and the public sector in the FFV export industry The analysis is based on the theoretical frameworks of coordination integration and upgrades in value chains business strategies to overcome seasonality and mitigate risks in agriculture and cluster development based on joint actions among players in the industry Based on the field studies with major FFV production and export companies and industrial organizations the case studies describe specific innovations in management and organizations taken by key actors in the industry This book can help policymakers in developing countries seek industrial development options based on agricultural exports **Local Economic Development** John P. Blair, Michael C. Carroll, 2008-07-03 Local economies are the building blocks for national ones An updated and expansive core text the Second Edition of *Local Economic Development Analysis Practices and Globalization* provides a comprehensive introduction to the economics of local economic development Delving into cutting edge topics such as cluster analysis creative class orientation competitive advantage social capital business expansion and retention and learning regions this clearly written interdisciplinary text connects theories with real life examples and offers the reader pragmatic tools for future application including a valuable how to understanding regarding important qualitative tools and their interpretation Importantly this text is uniquely accessible to students who lack a background in the field of economics New to this Edition Offers a global emphasis Local economic development is clearly linked to national development throughout making the text useful for adding an international component to traditional national economic development courses Features an institutionalist focus The text describes the ways political and the social environments interact with and influence the local development process giving instructors opportunities to localize course material It also addresses equity issues and the importance of interregional linkages demonstrating the importance of an interdisciplinary approach Demonstrates comparative versus competitive advantages The author illustrates the changing perceptions of the sources of local advantages given the dynamic global and technological environments Provides valuable information on careers in the field Students will learn about jobs where knowledge of local economic development is a primary or useful requirement from opportunities as development officials in local agencies to banking to community development Intended Audience This is an ideal core text for undergraduate and graduate students of economics political science geography public administration and urban and regional planning It is also a valuable resource for economic

development professionals NGOs County Commissioner offices and others involved in the economic aspects of local economic development

The Economic History of Latin America since Independence V. Bulmer-Thomas, 2014-02-10 This revised and updated third edition contains a wealth of new material that draws on new research in this area

The Economic History of Latin America since Independence Victor Bulmer-Thomas, 2014-02-10 This study now in a revised and updated third edition covers the economic history of Latin America from independence in the 1820s to the present It stresses the differences between Latin American countries while recognizing the external influences to which the whole region has been subject Victor Bulmer Thomas notes the failure of the region to close the gap in living standards between it and the United States and explores the reasons He also examines the new paradigm taking shape in Latin America since the debt crisis of the 1980s and asks whether this new economic model will be able to bring the growth and improvement in equity that the region desperately needs This third edition contains a wealth of new material that draws on the new research in the area in the past ten years

The Nationbuilders Brian Easton, 2013-10-01 This is a collection of linked essays on individuals and companies from 1931 to 1984 who contributed in major ways to building the New Zealand nation It captures the intertwining of the lives of politicians their advisers and those influence them as well as the ideas and experiences that drove them While it focuses on economic strategy the book also looks at the cultural social union business and foreign policy strands of nationbuilding An original and provocative book it is backed by powerful nationalistic emotions and by a deep distaste for the kind of country that has been fashioned in New Zealand since 1984

Export Dynamics and Economic Growth in Latin America Sheila A Gutierrez de Pineres, Michael J Ferrantino, 2018-02-05 This title was first published in 2000 This text aims to be essential reading for anyone who wishes to understand the microeconomic foundations behind the Latin American export boom the ways in which government policies affecting exports may retard or promote economic growth and the future prospects of the proposed Free Trade Association of the Americas The authors conduct an econometric analysis which uses measures of export diversification structural change in exports and exports similarity which provide a basis for region wide comparisons The cases of Chile Colombia Mexico and Venezuela are analyzed in particular detail Cross country analysis focuses on the potential role of export diversification in promoting economic growth in the context of other important determinants of growth

Economic Modelling at the Banque de France Michel Boutillier, Jean Cordier, 2003-09-02 Economic Modelling at the Banque de France examines the various models of the French economy used at its central bank

Energy Abstracts for Policy Analysis, 1980-07

Economic Research Studies of the Economic Development Administration, 1985

Economic Development Programs for Cities, Counties and Towns John M. Levy, 1990-08-28 This completely updated and revised edition of Levy's highly regarded work examines the important changes in the economic world faced by communities since publication of the first edition in 1981 Much new material has been added to reflect the increasingly important role of state government heightened intermunicipal competition rising

foreign investment the diminished availability of federal development funds and more Like the previous edition this is designed as a how to book for the practitioner as well as a resource for students of public administration planning and development economics The author provides a general framework for considering the pros and cons of various economic development approaches offers an overview of the new federal role in local economic development and the rationale for national economic development policy and presents a systematic discussion of local economic development techniques strategy financing and tax abatement federal and state programs and marketing and promotion Following a general introduction Levy looks at the political context of economic development local government organizations and personnel and recent economic changes including the deindustrialization issue and foreign trade related matters Chapters on the role of the states reasonable expectations and local economic development in the national context are new to this edition as is a chapter that surveys actual practitioner experience in order to identify what does and does not work in local economic development Subsequent discussions focus on the use of public relations advertising and marketing in local government assessing economic development potential development planning and financing and labor markets and fiscal impacts An important addition to this edition is the inclusion of a simple generic PC based fiscal impact model Indispensable for anyone involved in local economic development this new edition offers a comprehensive look at the development situation faced by communities as we move into the 1990s

Prospective Costs of Capital in the Northeast Corridor Lionel D. Edie & Co,Edie (Lionel D.) & Company, inc., New York,1969 *Commodity Policies* Alasdair I. MacBean,D. T. Nguyen,2024-02-01 Originally published in 1987 this book discusses the key issues concerned with primary commodity trade worldwide Primary commodities are crucially important for many developing countries because very often exports in just one or two primary commodities form the sole source of income for a developing country Developing countries need above all stability in primary commodities trade to guarantee their future development This book examines patterns of trade changing demand and the effects of fluctuations in spot and futures markets It analyses theories put forward to explain the problems and it reviews the research of the many international organisations which are concerned with the problems It examines the international agreements and bodies which have been set up to stabilise trade and assesses the performance of these agreements and organisations

Pinochet's Economic Accomplices Juan Pablo Bohoslavsky, Karinna Fernández, Sebastián Smart, 2021-01-12 With a focus on Chile Pinochet's Economic Accomplices An Unequal Country by Force uses theoretical arguments and empirical studies to argue that focusing on the behavior of economic actors of the dictatorship is crucial to achieve basic objectives in terms of justice memory reparation and non repetition measures This book makes visible a number of cases of economic complicity with the Chilean dictatorship and explains their links with the radical inequalities the country has today while proposing a theoretical framework for their study Scholars of Latin American studies history sociology economics business and human rights will find this book particularly useful

Systemic Transformation, Trade and Economic Growth Natalja von Westernhagen, 2012-12-06 Since the late 1980s and the beginning of the 1990s the Commonwealth of Independent States CIS and Central and Eastern European Countries CEECs have been involved in the transition process This book compares the progress of some of these economies in transition and analyses their growth potential The focus lies on the special role that foreign trade liberalisation and foreign direct investment plays in economic growth Since foreign trade and foreign direct investment are important channels of technology transfer they can substantially contribute to a higher level of economic growth Based on the gravity model this book investigates potential in foreign trade and foreign direct investment for selected CIS and CEECs with developed OECD economies Policy options for some of these countries are discussed including issues of foreign trade foreign direct investment structural adjustment and economic growth

Global Models and the International Economic Order Sam Cole, 2014-05-18 Global Models and the International Economic Order A Paper for the United Nations Institute for Training and Research Project on the Future focuses on the impact of global models in decision making processes and in the pursuance of United Nations objectives as manifested in the concept of the New International Economic Order The book first offers information on the description and results of studies including limits to growth Strategy for Survival model Latin American world model global constraints and vision for development and the United Nations World Input Output model The manuscript also examines the comparison of model results Concerns include structure of models regionalization in the models trade and aid assumptions about demand and overall supply and levels of regional development The text also ponders on methodological considerations as well as structure detail and feedback calibration sensitivity and scenario analysis and optimizing models The manuscript is a dependable reference for readers interested in the use of global models in decision making processes

Economic Modelling in the OECD Countries Homa Motamen-Scobie, 2012-12-06 among the 159 member countries of the United Nations Organization which are treated as country units while smaller countries are grouped together in regions The number of equations used is approximately 13 700 while the number of software steps for

computation is approximately 100000 Computation including tabulation can nevertheless be performed very rapidly and only about 20 minutes is required to make forecasts from the present up to the year 2000 The FUGI model is at present being used by the Projections and Perspectives Studies Branch Department of International Economic and Social Affairs of the United Nations for simulations of United Nations medium and long term international development strategies while the Project LINK model is being used for short term forecasts Onishi 1985 Stimulated by our latest joint research with the United Nations University on a global early warning system for displaced persons we have felt the need for our FUGI model to go beyond its present capacities centred on an economic model in the rather traditional restricted sense of the term and to develop into a model that can in the future analyse global problematiques or global complexes of symptoms and complicated questions including various types of environmental problems and the sorts of displaced persons issues to which we are now directing our attention We are thus expanding the scope of our fifth generation FUGI model presently under development to deal with such issues
