Econometric Analysis for Public Policy Karl August Fox,1958

The Economic Analysis of Public Policy William K. Bellinger,2015-12-22 A critical analysis of public policy decisions requires a far greater depth of knowledge than can be received from news reports and political speeches Issues such as how best to reduce traffic congestion reduce acid rain improve airline safety or develop a parcel of land are better understood by organizing measuring and weighing the effects of alternative policies The Economic Analysis of Public Policy now in its second edition is the ideal introduction to benefit cost analysis the economics of efficiency risk analysis and present value and is suitable for those with only a modest background in mathematics and economics This brand new edition of the book has been rigorously updated throughout in terms of examples and data references issues covered and layout and pedagogical features Key concepts are reinforced through multiple problems and discussion questions within each chapter This latest edition contains extra material on loss aversion global warming technology and US health care reform as well as a wider range of international examples Extra tables have been included in order to clarify more complicated issues Instructors will also benefit from the new companion website which will offer power point presentations answers to end of chapter questions and a test bank This textbook encourages its readers to understand and apply key concepts whilst also learning to appreciate policy analysis as part of an interdisciplinary analytical and political process that can lead to better government policy decisions It is an ideal teaching tool for undergraduate and postgraduate students engaged in Public Administration Public Economics and Public Policy

The Economic Analysis of Public Policy Mary Jean Bowman,George Leland Bach,1949

Economic Analysis, Moral Philosophy and Public Policy Daniel M. Hausman,Michael S. McPherson,2006-03-20 This 2006 book shows through accessible argument and numerous examples how understanding moral philosophy can improve economic analysis how moral philosophy can benefit from economists analytical tools and how economic analysis and moral philosophy together can inform public policy Part I explores rationality and its connections to morality It argues that in defending their model of rationality mainstream economists implicitly espouse contestable moral principles Part II concerns welfare utilitarianism and standard welfare economics while Part III considers important moral notions that are left out of standard welfare economics such as freedom rights equality and justice Part III also emphasizes the variety of moral considerations that are relevant to evaluating policies Part IV then introduces technical work in social choice theory and game theory that is guided by ethical concepts and relevant to moral theorizing Chapters include recommended readings and the book includes a glossary of relevant terms
