Economic Growth Political Change In Asia:

Driven by Growth James William Morley, 1998-10-29 A thoroughly revised and updated edition of the highly regarded 1993 book *Driven by Growth* this work presents the political economic evolution of the Asia Pacific countries with overviews of the impact of economic development on political change This new edition now includes chapters on Burma and Vietnam New authors have been added and all the original chapters have been revised **Economic Growth and Political Change in Asia** Graham Field, 2016-07-27 This book looks at the main factors which have contributed to the strikingly strong growth of Asian economies in the last twenty five years It considers the economic policies adopted to promote such growth arguing that it will become increasingly difficult to sustain this The author then examines the inequalities generated by economic growth before considering the dynamics of the four different types of political system which have evolved in Asia veiled authoritarianism market Stalinism emerging bourgeois democracy and elite democracy **Political Change in South-East Asia** Michael R.J Vatikiotis, 2005-06-21 *Political Change in South East Asia* takes up the debate between those who resist the pressure for democracy and point to unchanging Asian values and those who believe that the appeal of democracy is universal The author examines the case for both sides and concludes that the strong state will be a fixture of South East Asian politics for some considerable time to come Increasingly close links between the ten states of South East Asia are likely to reinforce perceptions of a common culture and in the end put up more effective defences against external cultural influence **Civil Life, Globalization and Political Change in Asia** Robert P. Weller, 2004-08-02 Written by a team of international experts in the field the chapters in this book question whether and how NGOs actually lead to democratization and discuss the ways NGOs relate to broader global forces **Political Change in Southeast Asia** Jacques Bertrand, 2013-07-11 Southeast Asia is a vast and complex region comprising countries with remarkably diverse histories and cultures Jacques Bertrand provides a fresh and highly original survey of politics and political change in this area of the world Against the backdrop of rapid economic development and social transformation in several countries he explores why some countries have adopted democratic institutions while others have maintained stable authoritarian systems or accepted communist regimes Bertrand presents a historically grounded account of capitalist countries and state socialist countries delving into the historical experience of individual countries whilst simultaneously providing a comparative framework with which to draw parallels and foster a better understanding of the political and economic dynamics both within and between the countries With powerful yet accessible analysis and detailed coverage this book offers students and scholars a thorough and thought provoking introduction to the political landscape of Southeast Asia **Parliaments and Political Change in Asia** Clemens Jürgenmeyer, Michael H. Nelson, Patrick Ziegenhain, 2005 This study of the national parliaments of India Indonesia the Philippines South Korea and Thailand is inspired by four major theoretical discourses neo institutionalism parliamentarianism versus presidentialism majoritarian versus consensus democracy and transition theory The book

examines the specific role of parliaments in political decision making regime change democratization and consolidation of democracy in a comparative perspective It argues that parliaments play a greater part in the political decision making than is often asserted and that there is no cogent causal relationship between parliamentary performance and system of government

Civil Society and Political Change in Asia Muthiah Alagappa, 2004 A systematic investigation of the connection between civil society and political change in Asia change toward open participatory and accountable politics Its findings suggest that the link between a vibrant civil society and democracy is indeterminate certain civil society organizations support democracy others could undermine it

The Political Economy of East Asia Ming Wan, 2007-10-17 For students of international political economy it is hard to ignore the growth dynamism and global impact of East Asia Japan and China are two of the largest economies in the world in a region now accounting for almost 30 percent more trade than the United States Canada and Mexico combined What explains this increasing wealth and burgeoning power In his new text Ming Wan illustrates the diverse ways that the domestic politics and policies of countries within East Asia affect the region's production trade exchange rates and development and are in turn affected by global market forces and international institutions Unlike most other texts on East Asian political economy that are essentially comparisons of major individual countries Wan effectively integrates key thematic issues and country specific examples to present a comprehensive overview of East Asia's role in the world economy The text first takes a comparative look at the region's economic systems and institutions to explore their evolution a rich and complex story that looks beyond the response to Western pressures Later chapters are organized around close examination of production trade finance and monetary relations While featuring extended discussion of China Japan South Korea and Taiwan Wan is inclusive in his analysis with coverage including Myanmar Thailand Laos Vietnam Cambodia Malaysia Singapore Indonesia Brunei and the Philippines The text is richly illustrated with more than fifty tables figures and maps that present the latest economic and political data to help students better visualize trends and demographics Each chapter ends with extensive lists of suggested readings

The Media and Political Change in Southeast Asia Jonathan Woodier, 2009-01-01 the book is in a comprehensive readable format the book is logically organised rich in data and statistics regarding the issues that it covers as well as accessibly written such that its points would not be lost on the average upper level undergraduate student with some preparation in Asian studies and the social sciences Jane M Ferguson South East Asia Research a serious academic work that should be on the official reading list of every media studies course Chris Roberts Presenter Sky News Jonathan Woodier has written an excellent book on the politics of media control in Southeast Asia He shows how political elites in the region are using major events such as the 1997 Asian Financial Crisis and the 2001 September 11 terror attacks as well as innovations in media tools such as public relations and the internet to control information flow to their citizens This book is a must read for anyone interested in an explanation why Southeast Asian models of authoritarian models are surviving A brilliant analysis it combines media theory with a critical discussion of

contemporary developments in Asia James Gomez Keio University Japan True to the old Chinese adage kill a chicken scare a monkey the few who once challenged Southeast Asia's ruling elites disappeared and the majority were silent Crude but effective Modern times however demand a more sophisticated approach Ruling elites now strip cultures naked and micro manage people's minds Their preferred tools of penetration and manipulation are a compliant media and a money hungry PR industry Jonathan Woodier's insights will ensure that you will never read a newspaper or watch TV news in quite the same way again Trevor Watson Professional Public Relations Pty Ltd Australia This is an engaging and informative analysis of the media landscape in South East Asia It uncovers the pervasive impact of the global media on the political process and raises important academic and policy issues in the process This book is timely and will be a must read for policymakers academics and students across communications media studies politics and democratization as well as for everyone with an interest in current day developments in South East Asia Joep Cornelissen Leeds University Business School UK Jonathan Woodier's latest work considers what impact the media has upon the democratization process in Southeast Asia Has the media had a liberalizing effect or become subject to elite control in Southeast Asia and if so why What role does the global media play in this process particularly given its conglomerization and commoditization By examining the communications media and its relationship to political change in Southeast Asia this fascinating study will endeavour to provide both a regional comparative analysis and a more balanced interpretation of the mass communication media in the wake of September 11 2001 The book also investigates the durability of authoritarian regimes and the enduring capacity of the media controlled state alongside the growing sophistication of political communications particularly the use of PR consultants The author provides an insider's view with unique insights into the practice of political communication and its development throughout the strategically important region of Southeast Asia with its large Moslem states as well as much further afield to countries such as China and post industrial Europe As such the book will be warmly welcomed by academics of politics international relations media communications and PR It will also appeal to researchers interested in political change the rise of the global media giants and the influence of authoritarian states such as China

Growth, Distribution and Political Change Malcolm

Falkus, Kwan S. Kim, Ryoshin Minami, 1999-09-17 Continuing the inequality and development debate originally ushered in by Kuznets this book extends to the possible sociopolitical disruptions of growing inequality and its ramifications for growth and development Comparing a range of countries in Asia and beyond the book examines the relationships between growth distribution and politics Theoretical and empirical studies are backed up by discussion of historical developments in this interdisciplinary study which will interest political scientists sociologists historians and economists

Governing for Prosperity Bruce Bueno de Mesquita, Hilton L. Root, 2000-07-11 How do political institutions help promote prosperity in some countries and poverty in others What can be done to encourage leaders to govern not for patronage but for economic growth In this book such distinguished political economists as Douglass North Robert Barro and Stephen Haber answer these

questions providing a solution to one of the most important policy puzzles of the new century how to govern for prosperity
 The authors begin from a premise that political leaders are self interested politicians rather than benign agents of the people they lead When leaders depend on only a few backers to stay in power they dole out privileges to those people thereby dissipating their country s total resources and national growth potential On the other hand leaders who need large coalitions to stay in office implement policies that generally foster growth and political competition over ideas The result is that those who promote policies that lead to stagnation tend to stay in office for a long time and those who produce prosperity tend to lose their jobs Analyzing countries in North and South America and Asia the authors discuss the range of political regimes that permit or even encourage leaders to rule by mismanaging their nation s resources And they show that nations must forge institutions that allow all social groups to participate in and benefit from the economy as well as force political leaders to be responsible for policy outcomes

Political Change, Democratic Transitions and Security in Southeast Asia Mely Caballero-Anthony, 2009-12-16 The fragility of democracy in Southeast Asia is a subject of increasing concern While there has been significant movement in the direction of democratisation the authoritarian tendencies of popularly elected leaders and the challenges posed by emerging security threats have given rise to a shared concern about the return of military rule in the region This book examines the nature of political transitions in Southeast Asia and why political transitions towards political liberalisation and democracy have often failed to take off It considers political systems in Southeast Asia that have gone through significant periods of transition but continue to face serious challenges toward democratic consolidation Some key questions that the book focuses on are Are emerging democracies in the region threatened by weak failed or authoritarian leadership Are political institutions that are supposed to support political changes toward democratisation weak or strong How can democratic systems be made more resilient and What are the prospects of democracy becoming the defining political landscape in Southeast Asia

The Political Economy of International Financial Crisis Shale Asher Horowitz,Uk Heo,2001 The world financial crisis of 1997-99 was the most important international economic event since the oil shocks of the 1970s and the associated debt crisis of the 1980s What were its political causes and consequences In particular how did interest group coalitions and political institutions affect pre crisis economic policies and post crisis responses This book focuses on how policymaking coalitions are formed and how political institutions mediate the pressure of rival coalitions This approach is applied to 13 countries drawn from the main crisis affected regions of the world economy East Asia Southeast Asia Latin America and Eastern Europe

Democratization in Southeast and East Asia Anek Laothamatas,1997-01-01 How has economic development affected the process of democratization in Southeast and East Asia the contributions in this volume represent one of the first efforts to answer this question from the vantage of the region In this book scholars of Southeast and East Asian politics discuss the rise and fall or stabilization and modification of democracy amidst socio economic changes and class transformations in Indonesia Malaysia Philippines Singapore Thailand Myanmar Taiwan and South Korea The approach taken by the contributors gives a fine balance between democratization as a consequence of socio economic development and as a political ideological process

The Political Economy of Telecommunications Reforms in Thailand Sakkarin Niyomsilpa,2018-10-24 A study of the changing character of state society relations in contemporary Thailand using the telecommunications industry as a case study It examines the privatization and gradual reforms of the 1980s and 1990s and the political dynamics behind these policies as well as conflicts and co operation among the various players and their interests The book also covers bureaucratic and political corruption and their implications for Thailand's political democratization and economic liberalization It argues not only that the bureaucracy is no longer the dominant power in Thai politics but also that the country has moved towards a more pluralistic socio political system in which a broadly based liberalization coalition has emerged

Politics in Southeast Asia William Case,2013-09-13 This volume provides an introduction to the politics of the five key southeast Asian states Malaysia Singapore Indonesia Thailand and the Philippines and is intended as a textbook for undergraduate and graduate students taking courses on this subject Using a comparative politics and political economy perspective the author focuses in particular on the degree of democracy in the five countries

arguing that in all the countries considered democracy is to varying degrees imperfect The book synthesises a wide range of scholarship and presents the material in a concise and accessible way *Populist Threats and Democracy's Fate in Southeast Asia* William Case, 2017-02-17 Democracy in Southeast Asia has been explained using a number of factors including historical legacies social structures developmental levels transitional processes and institutional designs while other elements such as elite level relations and social coalitions have been overlooked This book offers a new explanation for democracy's collapse or persistence in Southeast Asia today Focusing on Thailand the Philippines and Indonesia the three countries in the region with the most democratic experience William Case shows that existing accounts based on contextual factors are by themselves incomplete Hence they lead us wrongly to anticipate democracy's persistence in Thailand and its collapse in Indonesia They more accurately though only partially correlate with democracy's fluctuations in the Philippines Advancing a new argument Case shows that democracy's fate is determined instead by the opportunities that contextual factors can provide for populist mobilization His model enables us better to understand democracy's breakdown in Thailand its survival in Indonesia and its slippage in the Philippines Presenting research into vital questions over democratic durability and authoritarian backlash this book will be of interest to scholars in the field of comparative politics specifically comparative democratization and Southeast Asian politics

Legitimacy: Ambiguities Of Political Success Or Failure In East And Southeast Asia Lynn T White, 2005-03-21 This book documents the bases for a new view of legitimacy in general and in various parts of Asia including China Malaysia South Korea Taiwan and Japan The authors see legitimacy anywhere as always partial rather than total and somewhat measurable Legitimacy is specifically political rather than more vaguely socioeconomic It can be a predicate of various sizes of collectivity not just of a sovereign government or of policies or of leaders It can be challenged by patriotism Legitimacy derives not just from scientific norms or technocracy even in modern times It is a belief whose alternative illegitimacy people may often suppress in their minds until external situations change bringing an unexpected cascade of altered legitimacy The volume is edited by Lynn White a professor in the Woodrow Wilson School and Politics Department at Princeton It throws light not only on modern changes of the process of political legitimization but also on the correlates of that process in specific East and Southeast Asian countries This book can be adopted as a textbook please email sales wspan.com for student price enquiries
