Economic Policy In Postwar Japan Growth Versus Economic Democracy

Tony A. Freyer

Economic Policy In Postwar Japan Growth Versus Economic Democracy:

Economic Policy in Postwar Japan Kozo Yamamura, 2023-11-10 Since the end of the Pacific War Japan has broadly speaking pursued two economic policies a democratization policy laid down by the Allied Powers and subsequently a de democratization policy formulated and vigorously pursued by the independent government Yamamura here addresses himself to two central questions What were the objectives and results of each policy And why and how did the earlier one give way to the later Yamamura never loses sight of his main theme the transformation of the economic democratization policy of the Occupation period into the growth policy pursued by the Japanese government thereafter He is concerned not so much to provide a comprehensive study of Japanese economic policy as to examine selected facets of it for example taxation policies anti and pro monopoly legislation the position of the Zaibatsu and the social costs of economic concentration He deals with topics that are hotly debated in Japan and elsewhere but his tone is never polemical and his judgments are cool and scholarly This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967 *Economic Policy in Postwar Japan* Paul Anthony Samuelson, 1967 The Cambridge Economic History of Europe: Volume 7, The Industrial Economies: Capital, Labour and Enterprise, Part 2, The United States, Japan and Russia Peter Mathias, M. M. Postan, 1982-06-17 The role of capital labour and enterprise in the growth of the industrial economies Economic Ideology and Japanese Industrial Policy Bai Gao, 2002-05-16 A major addition to the literature on modern Japanese development emphasizing the role of ideas and ideology The Economic and Business History of Occupied Japan Thomas French, 2017-08-07 The Occupation era 1945 1952 witnessed major change in Japan and the beginnings of its growth from the ashes of defeat towards its status as a developmental model for much of the world The period arguably saw the sowing of the seeds of the post war flowering of what some term the postwar Japanese economic miracle However some scholars dispute this position and argue that the Occupation s policies and impacts actually hindered Japan s recovery This volume addresses this question and others surrounding the business and economic history of this crucial period The chapters presented in *The Economic and Business History of Occupied Japan* are authored by major scholars of the Occupation from the U S Japan and Europe The chapters are divided into three sections Planning reform and recovery Industries under the Occupation and Legacies of the Occupation era Following an introduction focusing on the historiographical background the first section examines zaibatsu dissolution and its significance the role of Japanese businessmen within the Occupation s reforms the crucial impact of Japan s postwar Materials Crisis and the impact of reform at the local level in Hokkaido Part two looks at a number of individual industries and their development during the era including the fishing automotive and cotton spinning industries The final section looks at the human impact of the changes of

the initial postwar years including the reintegration of repatriates into the Japanese labour force and the impact of changing working patterns on society and family life This book covers a key period of the economic and business history of Japan and presents numerous new approaches and original contributions to the scholarship of the Occupation era It will be of interest to scholars of modern Japan economic history business history development studies and postwar U S Japan relations

Empire and Aftermath J.W. Dower, 2020-03-31 This is a detailed biography of Japan's Postwar prime minister John Dower is one of the preminent historians of modern Japan **Japanese Poetic Diaries**, Pitfall Or Panacea Yoneyuki Sugita, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Choose and Focus** Ulrike Schaede, 2011-01-15 Between 2002 and 2008 Japan's economy saw constant expansion a record among the world's advanced economies and Japan's longest period of economic growth since World War II This remarkable achievement came about because of a transformation of Japanese business practices This transformation was guided by strategies that enabled Japan's leading corporations previously diversified to an exceptionally high degree to become leaner more nimble and more competitive at home and in the global economy In *Choose and Focus* the first in depth account of this strategic inflection point in Japanese business Ulrike Schaede argues that the emerging practices and attitudes have created a New Japan Drawing on profiles of several corporations including Panasonic Takeda and Astellas Softbank kakaku.com and SBI E Trade Schaede explains how the fundamental principles of Japan's economy have been overturned Choose and focus strategies whereby corporations concentrate on core areas and spin off unrelated businesses have completely altered the strategic logic of Japan's previous industrial architecture These surprisingly aggressive moves Schaede finds have created new market opportunities for start up enterprises and foreign investors as well as a wave of mergers acquisitions and hostile takeovers that have shaken Japanese companies out of complacency Unlike the advances made by Japanese firms in the 1970s and 1980s the current transformation is taking root in component and materials industries rather than in consumer products Because of the relative obscurity of the changes and the overshadowing story of China's ascent the Japanese corporate revolution has gone largely unnoticed among Western observers Choose and Focus is required reading for anyone doing business in Japan or trying to understand how contemporary Japanese business works and how Japanese corporations have reinvented themselves to face the challenges and realize the opportunities of the 21st century *Korea and the Politics of Imperialism* Chong Ik Eugene Kim, Han-Kyo Kim, The Korean War in World History William Stueck, 2010-09-12 The Korean War in World History features the accomplishments of noted scholars over the last decade and lays the groundwork for the next generation of scholarship These essays present the latest thinking on the Korean War focusing on the relationship of one country to the war William Stueck's introduction and conclusion link each essay to the rich historiography of the event and suggest the war's place within the history of the twentieth century The Korean War had two very different faces On one level the conflict was local growing out of the internal conditions of Korea and fought almost entirely within the

confines of a small Asian country located far from Europe The fighting pitted Korean against Korean in a struggle to determine the balance of political power within the country Yet the war had a huge impact on the international politics of the Cold War Combat threatened to extend well beyond the peninsula potentially igniting another global conflagration and leaving in its wake a much escalated arms race between the Western and Eastern blocs The dynamics of that division remain today threatening international peace and security in the twenty first century Contributors Lloyd Gardner Chen Jian Allan R Millett Michael Schaller and Kathryn Weathersby **Americanization and Its Limits** Jonathan Zeitlin, Gary Herrigel, 2004 An analysis of Americanization in European and Japanese industry after World War II The contributors analyze the creative role of local actors in selectively adapting US technology and management methods to suit local conditions and in creating hybrid forms combining foreign and indigenous practices in unforeseen yet remarkably competitive ways Japan and the Pacific Free Trade Area Pekka Korhonen, 2013-02-01 As the end of the century approaches the Asian Pacific region is becoming the most important economic area in the world Pekka Korhonen examines the nature of Japan's economic rise since World War II and its relations with other countries in the Pacific area This in turn led to an optimistic world outlook for Japan in which military tension was wiped away in the light of sustained economic growth and the formation of an inter dependent structure for Asian Pacific countries **Brewed in Japan** Jeffrey W. Alexander, 2013-09-24 Although Japan's beer industry dates back nearly 145 years to date there has been no English language source documenting its origins growth and evolution Spanning the earliest attempts to brew beer to the recent popularity of local craft brews *Brewed in Japan* explores beer's steady rise to become today's beverage of the masses Alexander sheds light on the advent of Western style taverns and beer gardens the control of beer production by Japan's Ministry of Finance during the Second World War the rapid rise in women's beer consumption postwar and the continued dominance of long surviving firms such as Asahi Kirin and Sapporo Featuring an array of Japanese sources this book further illustrates how post war marketing campaigns and shifting consumer preferences made beer Japan's leading alcoholic beverage by the 1960s Too Much Stuff Kozo Yamamura, 2018-03-21 Where has capitalism gone wrong Why are advanced capitalist economies so sick and why do conventional policy solutions such as reduced taxes and increased money supply produce only wider income disparity and inequality We are now living in a new world in which a majority of people enjoys the highest living standard in history acquiring more and more goods and services as necessary luxuries But as Kozo Yamamura shows despite our apparent lust for gourmet food and designer clothes for larger homes the latest gadgets and exotic vacations demand for these goods actually grows slowly so relying on them to reinvigorate our economies will not succeed With *Too Much Stuff* Yamamura upends conventional capitalist wisdom to provide a new approach He calls for increased tax funded demand to address a range of societal needs such as environmental concerns social safety nets infrastructure and better education and housing for all By addressing these needs argues Yamamura we can also take huge steps toward reducing the growing wealth gap

that threatens global democracy Both solutions oriented and accessibly written this book draws on fascinating case studies from the United States Japan and Germany as well as convincing evidence from across the Western world to suggest practical steps forward that we can all understand and support Too Much Stuff boldly challenges the economic orthodoxy and in so doing challenges us to think outside the box for the betterment of all Entrepreneurship, Small Business and Public Policy Robert J. Bennett, 2014-06-20 Public policy interventions aimed at encouraging supporting and developing small businesses are important for understanding entrepreneurship and small business management This textbook is the first to provide teachers and students with a resource that gives an overview of how institutional and policy structures interact with small firm start ups continuation and succession failures Beginning with a brief introduction to policy processes the text covers the main policy instruments for entrepreneurial market entry and start up support for on going small business advice and financial support and succession planning It particularly focuses on policies that improve the Business Enabling Environment through macroeconomic policy institutional reform and deregulation of bureaucratic burdens Theoretical rigour is complemented by detailed assessments of current policies around the world including USA advanced and emerging economies and Policy support from global institutions such as the World Bank and the ILO are included Written by a pre eminent scholar of public policy and entrepreneurship this textbook provides a concise but thorough introduction to the subject for Master s students internationally Policy recommendations in the author s conclusion also highlight the book s value to policy makers as they adapt to the globalized digital world *Aftermath of War* Howard B. Schonberger, 1989 Index and bibliography included *Antitrust and Global Capitalism, 1930-2004* Tony A. Freyer, 2006-10-09 The international spread of antitrust suggested the historical process shaping global capitalism By the 1930s Americans feared that big business exceeded the government s capacity to impose accountability engendering the most aggressive antitrust campaign in history Meanwhile big business had emerged to varying degrees in liberal Britain Australia and France Nazi Germany and militarist Japan These same nations nonetheless expressly rejected American style antitrust as unsuited to their cultures and institutions After World War II however governments in these nations as well as the European Community adopted workable antitrust regimes By the millennium antitrust was instrumental to the clash between state sovereignty and globalization What ideological and institutional factors explain the global change from opposing to supporting antitrust Addressing this question this book throws new light on the struggle over liberal capitalism during the Great Depression and World War II the postwar Allied occupations of Japan and Germany the reaction against American big business hegemony during the Cold War and the clash over globalization and the WTO *The Digital Economy and Competition Law in Asia* Steven Van Uytsel, 2021-05-06 The digital economy broadly defined as the economy operating on the basis of interconnectivity between people and businesses has gradually spread over the world Although a global phenomenon the digital economy plays out in local economic political and regulatory contexts The problems thus created by the digital economy may be approached differently

depending on the context This edited collection brings together leading scholars based in Asia to detail how their respective jurisdictions respond to the competition law problems evolving out of the deployment of the digital economy This book is timely because it will show to what extent new competition law regimes or those with a history of lax enforcement can respond to these new developments in the economy Academics in law and business strategies with an interest in competition law both in Asia and more broadly will find the insights in this edited collection invaluable Further this volume will be a key resource for scholars practitioners and students

Contested Capitalism Richard W. Carney, 2009-10-16 This book examines the political origins of financial institutions in the US France Japan Austria and Germany seeking to trace and explain each nation s distinctive capitalist arrangements

Getting the books **Economic Policy In Postwar Japan Growth Versus Economic Democracy** now is not type of challenging means. You could not lonely going later than ebook gathering or library or borrowing from your connections to approach them. This is an extremely simple means to specifically get lead by on-line. This online publication **Economic Policy In Postwar Japan Growth Versus Economic Democracy** can be one of the options to accompany you gone having additional time.

It will not waste your time. take me, the e-book will unconditionally heavens you supplementary concern to read. Just invest tiny mature to admission this on-line proclamation **Economic Policy In Postwar Japan Growth Versus Economic Democracy** as with ease as evaluation them wherever you are now.
