Annelies Wilder-Smith

Economic Strategy And The Labour Party Politics And Policy Making 1970 83 Pb:

The Political Economy of the European Social Model Philip B. Whyman, Mark J. Baimbridge, Andrew Mullen, 2012-05-31
This book seeks to analyse the development of the European Union EU which was founded upon the principle of the free movement of capital goods services and people in 1957 Its central thesis is that from a practical and theoretical point of view such a basis is fundamentally at odds with the creation of an interventionist regime that the construction of a social Europe would require The authors argue convincingly that economically the EU does not currently possess the budget or the economic tools to pursue such a strategy politically close to none of the institutions of the EU have backed such a policy practically conservative and neo liberal forces among member states and the institutions of the EU have repeatedly thwarted any moves in this direction In reality the Single Internal Market Economic and Monetary Union enlargement the Lisbon Agenda and European Constitution projects all prioritise supply side measures and expanding the scope of the market rather than the boosting of demand and other economic intervention Consequently constructing a social Europe in the face of this would appear problematic Hence in both theory and practice the idea that there can be a social Europe vis vis neoliberalisation is a contradiction in terms This controversial book will be an educating and refreshing read for advanced students and academics involved with European politics the European Union European Economics and Economic institutions **America, History and Life** ,1991 *Economic Strategy and the Labour Party* M.

Wickham-Jones, 1996-12-04 *Economic Strategy and the Labour Party* examines the nature and development of the Labour party s economic policy between 1970 and 1983 Drawing on extensive archival research Mark Wickham Jones analyses the radical nature of the new proposals adopted by the party in 1973 and charts the opposition of Labour s leadership to them The resulting disunity was the central cause of leftwingers demands to reform Labour s constitutional structure and of the party s election defeat in 1983 Mark Wickham Jones assesses the nature of Labour s social democratic objectives and the organisational structure of the party In the Epilogue he provides a detailed account of the internal reforms under Neil Kinnock s leadership of the party which have helped to secure the foundations of Labour s electoral recovery since 1983
