Economic Growth and the Ending of the Transatlantic Slave Trade David Eltis, 1987-06-11 This watershed study is the first to consider in concrete terms the consequences of Britain's abolition of the Atlantic slave trade Why did Britain pull out of the slave trade just when it was becoming important for the world economy and the demand for labor around the world was high Caught between the incentives offered by the world economy for continuing trade at full tilt and the ideological and political pressures from its domestic abolitionist movement Britain chose to withdraw believing in part that freed slaves would work for low pay which in turn would lead to greater and cheaper products In a provocative new thesis historian David Eltis here contends that this move did not bolster the British economy rather it vastly hindered economic expansion as the empire s control of the slave trade and its great reliance on slave labor had played a major role in its rise to world economic dominance Thus for sixty years after Britain pulled out the slave economies of Africa and the Americas flourished and these powers became the dominant exporters in many markets formerly controlled by Britain Addressing still volatile issues arising from the clash between economic and ideological goals this global study illustrates how British abolitionism changed the tide of economic and human history on three continents A Short History of Transatlantic Slavery Kenneth Morgan, 2016-04-25 From 1501 when the first slaves arrived in Hispaniola until the nineteenth century some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean the infamous Middle Passage to work in the colonies of the New World Perhaps two million Africans died at sea Why was slavery so widely condoned during most of this period by leading lawyers religious leaders politicians and philosophers How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric Exploring these and other questions and the slave experience on the sugar rice coffee and cotton plantations Kenneth Morgan discusses the rise of a distinctively Creole culture slave revolts including the successful revolution in Haiti 1791 1804 and the rise of abolitionism when the ideas of Montesquieu Wilberforce Quakers and others led to the slave trade s systemic demise At a time when the menace of human trafficking is of increasing concern worldwide this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution The Atlantic Slave Trade I. E. Inikori, Stanley L. Engerman, 1992-04-30 For review see J R McNeill in HAHR 74 1 February 1994 p 136 137 Jihād in West Africa during the Age of Revolutions Paul E. Lovejoy, 2016-11-30 In Jih d in West Africa during the Age of Revolutions a preeminent historian of Africa argues that scholars of the Americas and the Atlantic world have not given Africa its due consideration as part of either the Atlantic world or the age of revolutions The book examines the jih d movement in the context of the age of revolutions commonly associated with the American and French revolutions and the erosion of European imperialist powers and shows how West Africa too experienced a period of profound political change in the late eighteenth through the mid nineteenth centuries Paul E Lovejoy argues that West Africa was a vital actor in the Atlantic

world and has wrongly been excluded from analyses of the period Among its chief contributions the book reconceptualizes slavery Lovejoy shows that during the decades in question slavery expanded extensively not only in the southern United States Cuba and Brazil but also in the jih d states of West Africa In particular this expansion occurred in the Muslim states of the Sokoto Caliphate Fuuta Jalon and Fuuta Toro At the same time he offers new information on the role antislavery activity in West Africa played in the Atlantic slave trade and the African diaspora Finally Jih d in West Africa during the Age of Revolutions provides unprecedented context for the political and cultural role of Islam in Africa and of the concept of jih d in particular from the eighteenth century into the present Understanding that there is a long tradition of jih d in West Africa Lovejoy argues helps correct the current distortion in understanding the contemporary jih d movement in the Middle East Afghanistan Pakistan and Africa Without Consent Or Contract Robert William Fogel, 1994 Norton paperback Includes index Bibliography p 487 523 Middlemen of the Cameroons Rivers Ralph A. Socio-Economic Development Adam Szirmai, 2015-06-18 Taking a comparative and multidisciplinary approach this textbook offers a non technical introduction to the dynamics of socio economic development and stagnation from Slavery Seymour Drescher, 2018-01-03 Seymour Drescher's regular deeply thought and carefully nuanced arguments have periodically reshaped how we think of the subject of the history of slavery itself He has discussed the impact of economic and cultural factors on human behaviour and has shown that historical evidence does not lead to easy answers He has changed the way in which we now look at abolitionism and has destroyed the linear explanation of economic decline This books gathers together some of Drescher's key essays in the field Slave Trades, 1500-1800 Patrick Manning, 2016-12-05 The trade in slaves is perhaps the most notorious feature of the era of European expansion Though begun in ancient times and continued well after 1800 in the early modern period there developed a particular nexus in which it boomed This volume distinguishes between procurement and trade and the exploitation of settled slaves the subject of a separate volume in the series edited by Judy Bieber and underscores the importance of the slave trade as a factor in world history A rank redistribution of wealth and power it permitted the exploitation and reconstruction of much of the globe The articles address issues of the volume and flow of trade the various populations enslaved factors of sex age and ethnicity and its impact on economic change as in the monetization of Africa or economic growth in England Africa . The Rise of African Slavery in the Americas David Eltis, 2000 Why were the countries with the most developed institutions of individual freedom also the leaders in establishing the most exploitative system of slavery that the world has ever seen In seeking to provide new answers to this question The Rise of African Slavery in the Americas examines the development of the English Atlantic slave system between 1650 and 1800 The book outlines a major African role in the evolution of the Atlantic societies before the nineteenth century and argues that the transatlantic slave trade was a result of African strength rather than African weakness It also addresses changing patterns of group identity to account for the racial basis of slavery in the early modern Atlantic World Exploring the paradox of the concurrent development of slavery and freedom in the European domains David Eltis provides a fresh interpretation of this difficult historical problem The Business of Abolishing the British Slave Trade, 1783-1807 Judith Jennings, 2013-11-12 This study presents new information about the four Quaker businessmen who helped found the London Abolition Committee in 1787 and remained active in the late anti slave trade movement throughout their lifetimes Drawing on previously unused primary sources the study traces the close personal business social and religious ties binding the men together and shaping their abolition activities and arguments By closely examining the lives of Joseph Woods James Philips George Harrison and Samuel Hoare the study presents a new view of the factors shaping the arguments and strategies of abolitionism in Britain The Yoruba Diaspora in the Atlantic World Toyin
