Economics Of The Mishnah:

The Economics of the Mishnah Jacob Neusner, 1990-03 In this compelling study Jacob Neusner argues that economics is an active and generative ingredient of the system of the Mishnah The Mishnah directly addresses such economic concerns as the value of work agronomics currency commerce and the marketplace and correct management of labor and of the household In all its breadth the Mishnah poses the question of the critical place occupied by the economy in society under God's rule The Economics of the Mishnah is the first book to examine the place of economic theory generally in the Judaic system of the Mishnah Jacob Neusner begins by surveying previous work on economics and Judaism the best known being Werner Sombart's *The Jews and Modern Capitalism* The mistaken notion that Jews have had a common economic history has outlived the demise of Sombart's argument and it is a notion that Neusner overturns before discussing the Mishnaic economics Only in Aristotle Neusner argues do we find an equal to the Mishnah's accomplishment in engaging economics in the service of a larger systemic statement Neusner shows that the framers of the Mishnah imagined a distributive economy functioning through the Temple and priesthood while also legislating for the action of markets The economics of the Mishnah then is to some extent a mixed economy The dominant distributive element in this mixed economy Neusner contends derives from the belief that the Temple and its designated castes on earth exercise God's claim to the ownership of the holy land He concludes by considering the implications of the derivation of the Mishnah's economics from the interests of the undercapitalized and overextended farmer

Religion and Economics: Normative Social Theory J.M. Dean, A. M. C. Waterman, 2012-12-06 Normative Social Theory James M Dean and A M C Waterman University of Manitoba 1 Economics and Religion Once Again This book is a sequel to *Economics and Religion Are They Distinct* Brennan and Waterman 1994 That volume was motivated by a frustration born of many disappointing encounters between economists and theologians in the 1980s Can bishops synods and other voices of organized religion bring any interesting and disinterested contribution to the public policy debate If so what is the relation of their contribution to that of the purely secular knowledge economists believe they can supply Can economists bring any interesting and disinterested contribution to the public policy debate If so what is the relation of their contribution to the fundamental values that inform social ethics and that are still guarded to a large extent by religious tradition All too often the two sides talked at cross purposes Well intentioned economists coexisted for a few hours or days with well intentioned theologians whose manner of conceiving social reality was radically incompatible with their own There seemed to be no common ground The first requisite of any genuine conversation is an agreed conceptual framework that is able to accommodate the peculiar social vision both of the economist and of theologian and to display the logical relation between the two

Understanding the Talmud Jacob Neusner, 2004 As far back as the time of the Byzantine emperor Justinian the place of the Oral Torah even more than the Bible in maintaining Jewish cohesion has been recognized In his revolutionary guide to Talmud study Prof Jacob Neusner defines the unique quality of Talmud

study and the secret of its attraction to many generations of Jews and in our time to not a few non Jews As Neusner himself explains The genera of the Talmud of Babylonia conducts a searching analysis of the laws and their principles It is intellectually ambitious but linguistically economical a few questions teach throughout The result is that the Talmud finds it possible to say the same thing about many things and so to demonstrate the coherence of its truth Neusner illustrates this characteristic of the Talmud with a wealth of interesting examples dealing with questions of responsibility intentionality belief actions and philosophy

The Transformation of Judaism Jacob Neusner, 2011-03-31 Jacob Neusner describes analyzes and interprets the transformation of one system of the Israelite social order by a connected but autonomous successor system He characterizes the successive systems classifying the one as philosophical and the other as religious He explains the categorical account of each and sets forth the outcome of a number of topical studies on the category formations of Rabbinic Judaism with special attention to the social order politics philosophy and economics These systems emerged as 1 autonomous when viewed synchronically 2 connected when seen diachronically and 3 as a continuous construction when seen at the end of their formative age In their successive stages of categorical autonomy connection and finally continuity the three distinct systems may be classified respectively as philosophical religious and theological each one taking over and revising the definitive categories of the former and framing its own fresh generative categories as well The formative history of Judaism is the story of the presentations and re presentations of categorical structures In method it is the exegesis of taxonomy and taxic systems Now after more than two decades Neusner has decided to review the initial statement Since the book summarizes ten years of work from 1980 to 1990 on the Rabbinic category formations of social science politics philosophy and economics in the setting of the law and theology of Rabbinic Judaism from the Mishnah through the Bavli 200 600 C E it seemed well worth the effort to recapitulate the original work The revised introduction explains the omission of theology in his category formation philosophy religion theology Neusner s account of the Bavli produced the decade after this title was completed did not make possible the continuous description of the unfolding of the Rabbinic system The pattern that appealed to Neusner from philosophy to religion to theology has not yet come to a satisfactory account In the twenty years

The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner s entire

oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neuser has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neuser discerns in the Aggadic documents Neuser concludes with a review of a book by a critic of the documentary hypothesis

Chapters in the Formative History of Judaism, Eighth Series Jacob Neuser, 2012-06-14 This collection of essays draws on work done in 2011 2012 The author takes up several topics in the systemic analysis of Judaism its literature and its theology The reason for periodically collecting and publishing essays and reviews is to give them a second life after they have served as lectures or as summaries of monographs or as free standing articles or as expositions of Judaism in collections of comparative religions This re presentation serves a readership to whom the initial presentation in lectures or specialized journals or short run monographs is inaccessible Some of the essays furthermore provide a précis for colleagues in kindred fields of fully worked out monographs

this world a journal of religion and public life, The Comity and Grace of Method Thomas Ryba, George D. Bond, Herman Tull, 2004-08-10 Essays that reflect the interests and influence of a highly distinguished scholar of religions

The Treasury of Judaism Jacob Neuser, 2008 This is the second volume of a set of anthologies that sets forth the statements of the formative canon of influential Rabbinic Judaism on three large topics the calendar the life cycle and theology Focusing on the seminal period of normative Judaism Jacob Neuser presents in three parts the teachings of Rabbinic Judaism in late antiquity the first six centuries of the Common Era The topical abstracts which deal with the sacred calendar volume one events in the life cycle volume two and theological expositions volume three are presented in documentary sequence from the Mishnah ca 200 through the Bavli or Talmud of Babylonia ca 600 This is the story told in abundant selections of Rabbinic classics of the age the first centuries C E in which the two Talmuds and Midrash came to closure Book jacket

Rabbinic Political Theory Jacob Neuser, 1991-06-18 In *The Economics of the Mishnah* Jacob Neuser showed how economics functioned as an active and generative ingredient in the system of the Mishnah With this new study *Rabbinic Political Theory* he moves from the economics to the politics of the Mishnah placing that politics in the broader context of ancient political theory Neuser begins his study with a modification of Weber's categories for a theory of politics myth institutions administration passion responsibility and proportion Detailing the Mishnah's conception of politics Neuser considers what he calls the stable and static structure and system through comparison with Aristotle Although Aristotle's Politics and the Mishnah share a common economic theory based on the fundamental unit of the householder they diverge in their conceptions of political structure and order Aristotle embeds economics within political economy while Neuser argues

the Mishnah presents the anomaly of an economics separated from politics Using modern political terms this study explicates the complicated politics developed by the philosopher theologians of the Mishnah It is a first rate contribution to our understanding of the intersection of politics political philosophy and the Mishnaic system Studying Classical Judaism,1991-01-01 What do we know about the history literature and religion of Judaism in its formative age How do we know it and why does it matter In *Studying Classical Judaism* renowned scholar and author Jacob Neusner addresses these and other important questions Applying many of the same methods Christian scholars use to study Christianity Neusner outlines what we now know about ancient Judaism He points out the core belief of normative Judaism and reveals the methodological underpinnings of the most cogent and up to date interpretations of the texts that determined classical Judaism **Reader's Guide to Judaism** Michael Terry,2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **Research in the History of Economic Thought and Methodology** Warren J. Samuels,Jeff Biddle,Donald F. Koch,1993 Volume 25 C commences a series of class notes taken at Northwestern and Chicago during the period 1964 1967 The notes from courses at Northwestern are Robert Clower's course on economic theory and Frank Fetter's course on monetary institutions and policies The notes from Chicago include George Stigler's course on industrial organization Merton Miller's course on corporate finance and Daniel Orr's course on the theory of the firm Also included are Warren Samuels notes from James Earley's courses on economic theory and on money income and price given at Wisconsin during 1954 1955 and Samuels's notes from a faculty seminar on myth theology and society given by Robert T Anderson at Michigan State University in 1974 The series presents review essays multiple reviews and mini symposia on new works in this field Volumes are broad in scope The series fills a substantial gap in this field *A Traditional Quest* Louis Jacobs,Dan Cohn-Sherbok,1991-01-01 **Medium and Message in Judaism** Jacob Neusner,1989 *Ancient Judaism, Debates and Disputes, Fourth Series* Jacob Neusner,1996 *An Introduction to Judaism* Jacob Neusner,1991-01-01 An ancient religion practiced through most of recorded history and having profound influence on both Christianity and Islam Judaism is also a modern religion that still transforms the lives of many people Neusner surveys how Judaism took shape as people responded to political and religious crises and describes how Judaism is practiced in American today **Rabbinic Judaism** Jacob Neusner,1994 The history of the formation of Judaism and the description and analysis of its structure derive from the analysis of the traits of the documents of rabbinic literature The correlation between these documents and the principal events in the political world in which their authors lived forms the basis for the interpretation of this history documentary history of Rabbinic Judaism Androgynous Judaism Jacob Neusner,2003-07-29

America's foremost scholar on formative Judaism examines the issue of gender as it appears in the corpus of rabbinic literature and arrives at some provocative conclusions. While the structure of Judaism based on the dual Torah is clearly masculine in orientation, the substructure, the religious system that shapes its values and perception, is androgynous: an individual conjunction of genders. In fact, the higher values as defined by the relevant writings prove to be feminine.

Judaism in Late Antiquity 2. Historical Syntheses Jacob Neusner, 2015-11-02. These two volumes introduce the sources of Judaism in late antiquity to scholars in adjacent fields such as the study of the Old and New Testaments, ancient history of Classical Antiquity, earliest Christianity, the ancient Near East, and the history of religion. Here, in two volumes, leading American, Israeli, and European specialists in the history, literature, theology, and archaeology of Judaism offer factual answers to the two questions that the study of any religion in ancient times must raise. The first is: what are the sources, written and in material culture, that inform us about that religion? The second is: how do we understand those sources in the reconstruction of the history of various Judaic systems in antiquity? The chapters set forth, in simple statements intelligible for non-specialists, the facts the sources provide. Because of the nature of the subject and acute interest in it, we also raise some questions particular to the study of Judaism: those dealing with its historical relationship with nascent Christianity in New Testament times. The work forms the starting point for the study of all the principal questions concerning Judaism in late antiquity and sets forth the most current critical results of scholarship.
