## **Ecstasys Angel:**

Kerouac in Ecstasy Thomas R. Bierowski, 2014-01-10 This critical text considers Jack Kerouac as writer shaman exploring the content and ecstatic technique of the novels and two experimental volumes that represent critical phases of his development Thomas Bierowski also examines the reception of Kerouac's work arguing that his rise and fall reflect not only the usual changes in literary taste but the precarious position of the shamanic figure in modern America **Death, Ecstasy, and Other Worldly Journeys** John J. Collins, 1995-01-01 This is a psychological and historical exploration of belief in a spirit world imperceptible to the senses as a pervasive and deeply rooted characteristic of religion **Maiden Ecstasy** Thomas Gordon Hake, 1880 **Hungry for Ecstasy** Sharon Klayman Farber, 2012-11-16 Hungry for Ecstasy Trauma The Brain and the Influence of the Sixties by Sharon Klayman Farber explores the hunger for ecstatic experience that can lead people down the road to self destruction In an attempt to help mental health professionals and concerned individuals understand and identify the phenomenon and ultimately intervene with patients friends and loved ones Farber speaks both personally and professionally to the reader She discusses the different paths taken on the road to ecstatic states There are religious ecstasies ecstasies of pain and near death experiences cult induced ecstasies creative ecstasies and ecstasies from hell Hungry for Ecstasy explores not only the neuroscientific processes involved but also the influence of the sixties in driving people to seek these states Finally Farber draws from her own personal and professional experience to advise others how to intervene on behalf of the person whose behavior puts his or her life at risk Ecstasy in the Classroom Ayelet Even-Ezra, 2018-12-04 Can ecstatic experiences be studied with the academic instruments of rational investigation What kinds of religious illumination are experienced by academically minded people And what is the specific nature of the knowledge of God that university theologians of the Middle Ages enjoyed compared with other modes of knowing God such as rapture prophecy the beatific vision or simple faith Ecstasy in the Classroom explores the interface between academic theology and ecstatic experience in the first half of the thirteenth century formative years in the history of the University of Paris medieval Europe's fountain of knowledge It considers little known texts by William of Auxerre Philip the Chancellor William of Auvergne Alexander of Hales and other theologians of this community thus creating a group portrait of a scholarly discourse It seeks to do three things The first is to map and analyze the scholastic discourse about rapture and other modes of cognition in the first half of the thirteenth century The second is to explicate the perception of the self that these modes imply the possibility of transformation and the complex structure of the soul and its habits The third is to read these discussions as a window on the predicaments of a newborn community of medieval professionals and thereby elucidate foundational tensions in the emergent academic culture and its social and cultural context Juxtaposing scholastic questions with scenes of contemporary courtly romances and reading Aristotle's Analytics alongside hagiographical anecdotes Ecstasy in the Classroom challenges the often rigid historiographical boundaries between scholastic thought and its institutional and

**of Love in the Thought of Thomas Aquinas** Peter Kwasniewski, 2021-05-07 Those interested in the concept of ecstasy  
 would be forgiven for assuming that a sober scholastic like St Thomas Aquinas had little place for the idea Yet in this  
 groundbreaking study sure to refine our understanding of the Angelic Doctor Peter Kwasniewski shows that St Thomas  
 contemplates the nature of ecstasy at key stages in the development of his thought and that it plays a crucial role in his  
 doctrine of love After a stimulating study of treatments of ecstasy in ancient philosophy Sacred Scripture and the medieval  
 tradition prior to Aquinas Kwasniewski finds that he can be seen as breathing new life into the concept While his  
 contemporary St Bonaventure for example tended to restrict ecstasy to the soul's union with God St Thomas admitted the  
 place of ecstasy in a variety of human activities Furthermore St Thomas recognized that all love involves ecstatic  
 transcendence whether it be the creature's self-oblation to the Creator the reverence of an inferior for a superior a superior's  
 generosity toward an inferior or the mutual affection and help of equals joined in friendship Love of persons for their own  
 sake generates an ecstatic love in which the self is borne as a gift to another subject by sharing a common life aspiring to  
 common goods Kwasniewski also examines Aquinas on the question of whether or not God experiences ecstasy and if so in  
 what ways The Ecstasy of Love in the Thought of Thomas Aquinas makes a significant contribution to our understanding of  
 the doctrine of love and to the interpretation of the thought of St Thomas Aquinas It is more than an analysis of key texts it is
