**Julie K. Ellison**

## **Emersons Romantic Style:**

**Emerson's Romantic Style** Julie K. Ellison, 2014-07-14 Professor Ellison demonstrates that the characteristic difficulties of Emerson's prose its repetitiveness discontinuity and tonal peculiarities are motivated by his use of interpretation to free himself from recurrently intimidating aspects of tradition Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Emerson, Romanticism, and Intuitive Reason Patrick J. Keane, 2005 Comparative study in transatlantic Romanticism that traces the links between German idealism British Romanticism Wordsworth Coleridge Carlyle and American Transcendentalism Focuses on Emerson's development and use of the concept of intuitive Reason which became the intellectual and emotional foundation of American Transcendentalism Provided by publisher *Emerson's Transatlantic Romanticism* D. Greenham, 2015-12-04 This book provides an original account of Emerson's creative debts to the British and European Romantics including Coleridge and Carlyle firmly locating them in his New England context Moreover this book analyses and explains the way that his thought shapes his unique prose style in which idea and word become united in an epistemology of form

**Practices of Surprise in American Literature After Emerson** Kate Stanley, 2018-07-19 Practices of Surprise in American Literature After Emerson locates a paradoxical question how does one prepare to be surprised at the heart of several major modernist texts Arguing that this paradox of perception gives rise to an American literary methodology this book dramatically reframes how practices of reading and writing evolved among modernist authors after Emerson Whereas Walter Benjamin defines modernity as a series of shocks inflicted from without Emerson offers a countervailing optic that regards life as a series of surprises unfolding from within While Benjaminian shock elicits intimidation and defensiveness Emersonian surprise fosters states of responsiveness and spontaneity whereby unexpected encounters become generative rather than enervating As a study of how such states of responsiveness were cultivated by a post Emerson tradition of writers and thinkers this project displaces longstanding models of modernist perception defined by shock's passive duress and proposes alternate models of reception that proceed from the active practice of surprise

Ralph Waldo Emerson Harold Bloom, 2006 Ralph Waldo Emerson was one of America's most influential thinkers His essay Nature is considered to be the founding document for the Transcendentalism movement and his influence can be seen in the writings of Whitman Thoreau Melville and countless others This is a guide on the 19th century essayist and philosopher

Ralph Waldo Emerson Ralph Waldo Emerson, 1990-09-01 A new wide ranging selection of Ralph Waldo Emerson's most influential writings this edition captures the essence of American Transcendentalism and illustrates the breadth of one of

America's greatest philosophers and poets The writings featured here show Emerson as a protester against social conformity a lover of nature an activist for the rights of women and slaves and a poet of great sensitivity As explored in this volume Emersonian thought is a unique blend of belief in individual freedom and in humility before the power of nature I become a transparent eyeball Emerson wrote in *Nature* I am nothing I see all the currents of the Universal Being circulate through me I am part or particle of God Written over a century ago this passage is a striking example of the passion and originality of Emerson's ideas which continue to serve as a spiritual center and an ideological base for modern thought *Transcendental Resistance* Johannes Voelz, 2010 A timely and engrossing critique of the New Americanists

**The Tragic Imagination in Shakespeare and Emerson** Andy Amato, 2024-03-07 What is the tragic imagination And what role does it play in the works of William Shakespeare and Ralph Waldo Emerson Explaining the tragic imagination as a creative faculty employed to answer the perennial Riddle of the Sphinx a theory of the world that advances human freedom and dignity in the face of historical injustice cruelty and violence Andy Amato seeks to recover and rehabilitate this concept by revealing its significance to both key works of philosophy and literature and our contemporary world This book begins with a close and careful reading of Emerson's first major work *Nature* in conversation with nineteenth and twentieth century continental philosophy critical theory and post structuralism Uncovering neglected elements of Emerson's philosophy beyond his reputation as the philosopher of cheer this book explores how Emersonian transcendentalism affirms rather than denies the tragic sense of life tragic idealism and makes a substantial contribution to philosophy's perpetual endeavour to solve the Riddle In the second part of the book Amato then employs Emerson's theoretical lens to interpret Shakespeare's tragedy *King Lear* In doing so he innovatively reframes the central themes of suffering vision nature nothing foolishness and silence toward achieving liberation By pairing these two giants of literature and philosophy *The Tragic Imagination in Shakespeare and Emerson* not only offers fresh interpretations of *Nature* and *King Lear* but also makes the case for the renewed deployment of tragic imagination in creative redress to our current social political situation

**The Public Intellectualism of Ralph Waldo Emerson and W.E.B. Du Bois** R. Schneider, 2010-03-01 In the first in depth study of the emotional dimensions of Du Bois's and Emerson's writings on public intellectualism reform and race Schneider offers a valuable and eloquent contribution to the critical tradition

**The Emerson Effect** Christopher Newfield, 1996-01-15 What is the political sensibility of America's middle class Where did it come from What kind of life does it hope for Newfield finds a major source in the writing of Ralph Waldo Emerson and offers a radically revisionist account of his powerful influence on individualism and democracy in the United States Emerson's thought encompassed the most important cultural and social changes of his time a new urban street culture early versions of the business corporation experimental communes the rise of women authors new forms of labor a less father centered family frontier wars with American Indians Mexicans and others and the controversy over slavery Locating him at the center not only of philosophical but of national developments Newfield shows

how Emerson taught the middle class to respond to these changes through a form of personal identity best termed submissive individualism Newfield identifies a previously unacknowledged connection between liberal and authoritarian impulses in Emerson's work and explores its significance in various domains domestic life the changing New England economy theories of poetic language homoerotic friendship and racial hierarchy This provocative reassessment of Emerson's writing suggests that American middle class culture encourages deference rather than independence But it also suggests that a better understanding of Emerson will help us develop the stronger alternative forms of personhood he often desired himself This book is a major contribution to our understanding of the development and the current limits of liberalism in America

**Approaches to Teaching the Works of Ralph Waldo Emerson** Mark C. Long, Sean Ross Meehan, 2018-08-01 Offers pedagogical techniques for teaching the works of transcendentalist Ralph Waldo Emerson including Nature Self Reliance Friendship Experience The Divinity School Address The American Scholar and other essays speeches and poems Gives syllabus suggestions for undergraduate and graduate courses in literature creative writing religion media environmental studies and digital humanities

**Mythic Archetypes in Ralph Waldo Emerson** Richard R. O'Keefe, 1995 This work explores Ralph Waldo Emerson's essays as mythic prose poems suggesting a new approach to the practical criticism of his works It presents a balanced selection of works from Emerson's early and late career and provides insightful readings of Circles and the Divinity School Address

*A Liberal Education in Late Emerson* Sean Ross Meehan, 2019 Sean Meehan's book reclaims three important but critically neglected aspects of the late Emerson's mind first his engagement with rhetoric conceived as the organizing power of mind and unconventionally characterized by the trope metonymy second his public engagement with the ideals of liberal education and debates in higher education reform early in the period 1860 1910 that saw the emergence of the modern university and third his intellectual relation to significant figures from this age of educational transformation Walt Whitman William James Harvard president Charles W Eliot and W E B Du Bois Harvard's first African American PhD Meehan argues that the late Emerson educates through the rhetorical liberal arts and he thereby rethinks Emerson's influence as rhetorical lessons in the traditional pedagogy and classical curriculum of the liberal arts college

**The Cambridge Companion to Ralph Waldo Emerson** Joel Porte, Sandra Morris, 1999-04-28 The Cambridge Companion to Ralph Waldo Emerson provides a critical introduction to pastor and poet Ralph Waldo Emerson author of Nature and The Conduct of Life The tradition of American literature and philosophy as we know it at the end of the twentieth century was largely shaped by Emerson's example and practice This volume offers students scholars and the general reader a collection of fresh interpretations of Emerson's writing milieu influence and cultural significance All essays are newly commissioned for this volume written at an accessible yet challenging level and augmented by a comprehensive chronology and bibliography

*Emerson and Eros* Len Gougeon, 2012-02-01 This critical biography traces the spiritual psychological and intellectual growth of one of America's foremost oracles and prophets Ralph Waldo Emerson 1803 1882 Beginning with

his undergraduate career at Harvard and spanning the range of his adult life the book examines the complex often painful emotional journey inward that would eventually transform Emerson from an average Unitarian minister into one of the century's most formidable intellectual figures By connecting Emerson's inner life with his outer life Len Gougeon illustrates a virtually seamless relationship between Emerson's Transcendental philosophy and his later career as a social reformer a rebel who sought to unsettle all things in an effort to redeem his society In tracing the path of Emerson's evolution Gougeon makes use of insights by Joseph Campbell Erich Neumann Mircea Eliade and N O Brown Like Emerson all of these thinkers directly experienced the fragmentation and dehumanization of the Western world and all were influenced both directly and indirectly by Emerson and his philosophy Ultimately this study demonstrates how Emerson's philosophy would become a major force of liberal reformation in American society a force whose impact is still felt today

*The Philosophy of Ralph Waldo Emerson* Joseph Urbas, 2020-09-07 This study offers the first comprehensive account of Emerson's philosophy since his philosophical rehabilitation began in the late 1970s It builds on the historical reconstruction proposed in the author's previous book *Emerson's Metaphysics* and like that study draws on the entire Emerson corpus the poetry and sermons included The aim here is expository The overall though not exclusive emphasis is on identity as the first term of Emerson's metaphysics of identity and flowing or metamorphosis This metaphysics or general conception of the nature of reality is what grounds his epistemology and ethics as well as his esthetic religious and political thought Acknowledging its primacy enables a general account like this to avoid the anti-realist overemphasis on epistemology and language that has often characterized rehabilitation readings of his philosophy After an initial chapter on Emerson's metaphysics the subsequent chapters devoted to the other branches of his thought also begin with their necessary foundation in identity which is the law of things and the law of mind alike Perception of identity in metamorphosis is what characterizes the philosopher the poet the scientist the reformer and the man of faith and virtue Identity of mind and world is felt in what Emerson calls the moral sentiment Identity is Emerson's answer to the Sphinx riddle of life experienced as a puzzling succession of facts and events

**The Cambridge Companion to Ralph Waldo Emerson** Joel Porte (ed), Sandra Morris, 1999-04-28 A collection of newly commissioned essays provides a critical introduction to pastor and poet Ralph Waldo Emerson

Emerson in Context Wesley Mott, 2014 This collection explores the many intellectual and social contexts in which Emerson lived thought and wrote

*Emerson* Evelyn Barish, 2014-07-14 Evelyn Barish began this book partly to inquire into a silence Ralph Waldo Emerson's failure to discuss or mourn his father who died when the boy was seven years old As she probed the meaning of this loss she found herself tracing the development of an American prophet producing a detailed intellectual biography of Emerson's early years up to the writing of *Nature* In the process she has painted a vivid picture of American society of the period and of Emerson's unusual family including his aunt Mary Moody Emerson a brilliant and eccentric woman who was described by Emerson as spinning at a higher velocity than all the other tops but who also rode around Concord in her shroud In the years after the

death of William Emerson Mary Moody Emerson came to help her widowed sister in law Ruth rear her five sons and thus became a deep influence on the young Ralph Waldo Emerson reveals the complexities of the Emersons family life the preoccupations with death and questions of sexual identity in the Romantic fantasies that Emerson wrote as a youth the emotional struggles of his student years at Harvard and his private study of the unsettling ideas of the skeptical philosopher David Hume Pursuing a series of small clues she clears up the obscurity surrounding the crucial breakdown of his health during the vocational crisis of his twenties Finally she traces his path out of fear and self doubt into autonomy as he overcame crippling grief after the death of his first wife Barish makes it clear how Emerson the American classic thinker emerged from a welter of conflicts and handicaps previously obscure to us How did he free himself from the rigor mortis of his own cultural and personal past from what he called the corpse cold Unitarianism of Brattle Street and Harvard College to become the liberator of America from the intellectual shackles of its colonial experience Her answer redefines Emerson s self reliance not in traditional transcendent or idealistic terms but as the result of real life and hard struggle experience passed through the fire of thought Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Dickinson and the Boundaries of Feminist Theory** Mary Loeffelholz, 1991 Poetry written by the gifted recluse Emily Dickinson has remained fresh and enigmatic for longer than works by her male Transcendentalist counterparts Here Mary Loeffelholz reads Dickinson s poetry and career in the double context of nineteenth century literary tradition and twentieth century feminist literary theory Mary Loeffelholz has written a book that actually performs what it promises It illuminates our understanding of Emily Dickinson with readings both elegant and useful and as importantly suggests modified direction for feminist psychoanalytic theory Diana Hume George author of Oedipus Anne The Poetry of Anne Sexton

## Unveiling the Power of Verbal Art: An Emotional Sojourn through **Emersons Romantic Style**

In some sort of inundated with displays and the cacophony of instant interaction, the profound energy and emotional resonance of verbal artistry frequently diminish in to obscurity, eclipsed by the continuous barrage of noise and distractions.
