Oceans of Consolation David Fitzpatrick,2019-06-30 An ocean of consolation was what one young Irish emigrant in rural Australia called a letter from his father in County Clare in 1855 Similar strength of feeling is often found in the intriguing letters that David Fitzpatrick has unearthed for this extraordinary collection Oceans of Consolation offers historians and family researchers novel and sophisticated ways of reading old letters It opens to us the daily preoccupations of ordinary women and men with little education and fewer material possessions as they try to overcome the separation from family and friends created by emigration Fitzpatrick includes the personal correspondence of fourteen families of Irish emigrants in the Australian colonies giving equal attention to letters to and from Australia He reproduces in full more than one hundred letters dating from 1843 to 1906 and includes a generous selection of contemporary engravings and photographs Fitzpatrick s detailed commentaries offer biographical narratives for all of these emigrants tracing their Irish backgrounds and Australian careers Parting company with editors of comparable collections he pays special attention to the words and idiom by which letterwriters expressed their everyday concerns and sought or offered reassurance and advice He believes that personal letters provide not only unique evidence of the hopes and fears of emigrants but also an important avenue for exploring popular Irish culture

Life's Work as it Is, Or, The Emigrant's Home in Australia Colonist,1867 **Letters across Borders** B. Elliot,D. Gerber,S. Sinke,2006-09-02 This collection addresses the recent rebirth of interest in immigrant letters As these letters are increasingly seen as key rather than incidental documents in the interpretations of gender age social class and ethnicity nationality the scholars gathered here demonstrate a diversity of new approaches to their interpretation The Emigrant Sir Francis Bond Head,1852 *The Emigrant's Guide, Or a Picture of America* Old scene painter,1816 *The Emigrant's Guide, Or, Ten Years' Practical Experience in Australia* David MacKenzie,1845 **The Landsman's Log-book, Or, An Emigrant's Life at Sea** John Hayter (of Wilsford.),1842 The emigrant's guide, or, A picture of America; also, a sketch of

Brown* Samuel R. Brown, 1817 American Immigration Maldwyn Allen Jones, 1992-04-15 Immigration writes Maldwyn Allen Jones was America's historic raison d'être. Reminding us that the history of immigration to the United States is also the history of emigration from somewhere else, Mr Jones considers the forces that uprooted emigrants from their homes in different parts of the world and analyzes the social, economic and psychological adjustments that American life demanded of them. Adjustments essentially the same for the Jamestown settlers and for Vietnamese refugees. As well as measuring the impact of America on the lives of the sixty million or so immigrants who have arrived since 1607, he assesses their role in industrialization, the westward movement, labor organization, politics, foreign policy, the growth of American nationalism and the theory and practice of democracy. In this new edition, Jones brings his history of immigration to the United States up to 1990. His new chapter covers the major changes in immigration patterns caused by changes in legislation such as the Immigration and Nationality Act of 1965. It is done with a grasp of regional, chronological, national and racial information plus that feel for the situation which can come only from the vast resources and a gift for interpretation. A. T. A Practical Guide for Emigrants to North America George Nettle, 1850 **Life and Letters of W. A. Passavant, D. D.** George Henry Gerberding, 1906 **Britain to America** William E. Van Vugt, 1999 From 1820 to 1860 the United States and Great Britain were the two most closely interconnected countries in the world in terms of culture and economic growth. In an important addition to immigration history, William Van Vugt explores who came to America from Great Britain during this period and why. Disruptions and economic hardships such as the repeal of Britain's protective Corn Laws, the potato famine and technological displacement do not account for the great mid-century surge of British migration to America. Rather than desperation and impoverishment, Van Vugt finds that immigrants were motivated by energy, tenacity and ambition to improve their lives by taking advantage of opportunities in America. Drawing on county histories, passenger lists of immigrant ships, census data and manuscript collections in Great Britain and the United States, Van Vugt sketches the lives and fortunes of dozens of immigrant farmers, miners, artisans, skilled and unskilled laborers, professionals and religious nonconformists.
