Evelyn Guevara Lohmann

Emilio Carballido:

Emilio Carballido Margaret Sayers Peden, 1980 **D.F., 26 obras en un acto** Emilio Carballido, 1978 The Golden Thread and other Plays Emilio Carballido, 1970-01-01 Emilio Carballido was one of the most innovative and accomplished of Mexico's playwrights and one of the outstanding creators in the new Latin American theater. By his mid forties he had already produced an impressive body of works in two very different veins. On the one hand he mastered the techniques of the well made play. On the other he developed a richly rewarding vein of fantasy sometimes poetic sometimes comic sometimes macabre and sometimes all three. The plays in this volume are in the latter vein ranging from surrealist farce in *The Intermediate Zone* to the grotesqueries of *The Time and the Place* from tragicomedy in *Theseus* to the dreamlike permutations of *The Golden Thread*. But even at his most fantastic Carballido never loses his remarkable gift for characterization his peevish Minotaur his raffish Nahual were jaguar are wholly believable monsters The Norther Emilio Carballido, 2010-06-28 Recognized in Mexico as one of the country's most important contemporary dramatists Emilio Carballido has only recently become known in other countries through his plays and short stories. This translation introduces Carballido as a novelist. In *The Norther* what makes and breaks human relationships is his central interest as he traces the course of a relationship between a widow and a young man. The characters are created as their emotional and psychological outlines are drawn and it is in the characterization that the hand of the dramatist is revealed. But it is Carballido's novelistic talent that has made *The Norther* the object of widely divergent interpretations. The critical conflict aroused by this novel is discussed in an Introduction by the translator Margaret Sayers Peden **An English translation of three plays by Emilio Carballido** Emilio Carballido, Douglas-Scott Goheen, 1974 Convention and Transgression Jacqueline Eyring Bixler, 1997 Carballido's plays are a staple of the theatre scene in Mexico City and are also frequently staged in Europe, the United States and throughout Latin America. He has written more than thirty full length plays and more than sixty one act pieces as well as movie scripts adaptations and works for children's theatre. More than fifteen years have passed since the last book appeared on Carballido's theatre during which he has written a score of new plays **Dictionary of Mexican Literature** Eladio Cortés, 1992-11-24 This volume features approximately 600 entries that represent the major writers, literary schools and cultural movements in the history of Mexican literature. A collaborative effort by American, Mexican and Hispanic scholars, the text contains bibliographical, biographical and critical material placing each work cited within its cultural and historical framework. Intended to enrich the English speaking public's appreciation of the rich diversity of Mexican literature, works are selected on the basis of their contribution toward an understanding of this unique artistry. The dictionary contains entries keyed by author and works, the length of each entry determined by the relative significance of the writer or movement being discussed. Each biographical entry identifies the author's literary contribution by including facts about his or her life and works, a chronological list of works, a supplementary bibliography and when appropriate critical notes. Authors are listed

alphabetically and cross referenced both within the text and the index to facilitate easy access to information Selected bibliographical entries are also listed alphabetically by author and include both the original title and English translation publisher date and place of publication and number of pages
