Sharpe, Patricia I. McMahon, 2017-06-22 On 18 October 1929 John Sankey England's reform minded Lord Chancellor ruled in the Persons case that women were eligible for appointment to Canada's Senate Initiated by Edmonton judge Emily Murphy and four other activist women the Persons case challenged the exclusion of women from Canada's upper house and the idea that the meaning of the constitution could not change with time The Persons Case considers the case in its political and social context and examines the lives of the key players Emily Murphy Nellie McClung and the other members of the famous five the politicians who opposed the appointment of women the lawyers who argued the case and the judges who decided it Robert J Sharpe and Patricia I McMahon examine the Persons case as a pivotal moment in the struggle for women's rights and as one of the most important constitutional decisions in Canadian history Lord Sankey's decision overruled the Supreme Court of Canada's judgment that the courts could not depart from the original intent of the framers of Canada's constitution in 1867 Describing the constitution as a living tree the decision led to a reassessment of the nature of the constitution itself After the Persons case it could no longer be viewed as fixed and unalterable but had to be treated as a document that in the words of Sankey was in a continuous process of evolution The Persons Case is a comprehensive study of this important event examining the case itself the ruling of the Privy Council and the profound affect that it had on women's rights and the constitutional history of Canada

Forging Alberta's Constitutional Framework Richard Connors,John M. Law,University of Alberta. Centre for Constitutional Studies,2005-11 Forging Alberta s Constitutional Framework analyzes the principal events and processes that precipitated the emergence and formation of the law and legal culture of Alberta from the foundation of the Hudson s Bay in 1670 until the eve of the centenary of the Province in 2005 The formation of Alberta s constitution and legal institutions was by no means a simple process by which English and Canadian law was imposed upon a receptive and passive population

**The Woman Suffrage Movement in Canada** Catherine L. Cleverdon, 1950-12-15 The history of woman suffrage in Canada has been largely ignored in the standard accounts of our past and has attracted little attention at least until recently from research students The major exception is Catherine Cleverdon's study Written nearly a quarter of a century ago it remains the authoritative indeed the only complete account of the suffragist struggle which took place here Women won the franchise through the efforts of small groups across the country who devoted their energies to the cause over a considerable number of years The author tells the spirited story of their encounters with the recalcitrant legislatures of the dominion and the provinces of their frustrations and disappointments at the indifference with which their struggles often were met and of the final culmination of their efforts in

victory in Quebec only in 1940 With this work Catherine Cleverdon charted a pioneer course through an almost completely unexplored field marshalling skilfully a massive bulk of source material to great effect adding lively details and engaging anecdotes to make the account both informative and vivid She deals with the struggle for the suffrage in each province and on the federal level Women received the suffrage first in the prairie provinces where there existed a feeling that they as much as men had opened up the land and that therefore the vote if they wanted it was their due Only in Quebec the book records did the struggle bitterly contested come closest to developing into a real fight following the British and US pattern This volume contains indispensable background materials for the story of women s social and political growth Its republication is testimony to the new climate of interest in the study of the history of women in Canada *William Arthur Deacon Clara Thomas, John Lennox, 1982*

Busted Susan C. Boyd,2021-01-26T00:00:00Z Long listed for the George Ryga Award Canada s drug laws are constantly changing But what does Canada s history of drug prohibition say about its future Busted is an illustrated history of Canadian

drug prohibition and resistance to that prohibition Reproducing over 170 archival and contemporary drawings paintings photographs film stills and official documents from the 1700s to the present Susan Boyd shows how Canada s drug prohibition policies evolved and were shaped by white supremacy colonization race class and gender discrimination This history demonstrates that prohibition and criminalization produces harm rather than benefits including the arrest of thousands of Canadians each year for cannabis related offences and the current drug overdose crisis Visually engaging and approachably written Busted is a timely examination of Canada s history of drug control and movements against that control Susan Boyd argues that in order to chart the future it is worthwhile for us as Canadians to know our history of prohibition and how it continues to intersect with colonization and race class and gender injustice Encyclopedia of Canadian Social Work Francis J.
