**Shades of Sexuality** Amanda Leamon, 2023-11-27 *Shades of Sexuality* Colors and Sexual Identity in the Novels of Blaise Cendrars by Amanda Leamon is currently one of the few studies on the modernist poet and novelist Blaise Cendrars to be written in English Of interest to scholars of Cendrars Modernism Twentieth Century French Literature and early Twentieth Century Art and Humanities *Shades of Sexuality* is unique among the growing body of criticism and analysis of Cendrars fiction in that it explores the ways in which Cendrars makes use of the spectrum of fragmented colors and other elements of disguise and *trompe l'oeil* both as an artistic device in the construction of the fictional text and as a recurrent motif in the representation and exploration of the male subject and his relation to woman The author demonstrates how Cendrars effects intersections of gender in the text through the manipulation of colors and their associations with femininity ultimately undermining the illusory facade of male autonomy which dominates his fictional corpus **Blaise Cendrars** Yvette

Bozon-Scalzitti, 1977 Dans cette importante étude Yvette Bozon Scalzitti nous convainc que Cendrars est dans ses écrits un remarquable tisseur de texte et non pas un collectionneur bavard d'anecdotes vécues Elle invite plutôt le lecteur chercher le fil secret du texte sans pour autant bloquer l'ouverture dynamique du récit et montrer que l'apparente improvisation n'est plus de nécessité que de hasard , Emmène-moi au bout du monde! ... *The Paris Zone* James Cannon,2016-02-24 Since the mid 1970s the colloquial term zone has often been associated with the troubled post war housing estates on the outskirts of large French cities However it once referred to a more circumscribed space the zone non aedificandi non building zone which encircled Paris from the 1840s to the 1940s This unusual territory although marginal in a social and geographical sense came to occupy a central place in Parisian culture Previous studies have focused on its urban and social history or on particular ways in which it was represented during particular periods By bringing together and analysing a wider range of sources from the duration of the zone s existence this study offers a rich and nuanced account of how the area was perceived and used by successive generations of Parisian novelists including Zola and Flaubert poets songwriters artists photographers film makers politicians and town planners More generally it aims to raise awareness of a neglected aspect of Parisian cultural history while pointing to links between current and past perceptions of the city s periphery *Complete Poems* Blaise Cendrars,1992 At last A superb translation of
