confusion of the stormy years 1848 and 1849 was at its height and he bade this earth farewell when the far more momentous events of the greatest and most fateful struggle that the world has ever seen kept us in breathless suspense Between those two periods lie nearly seventy years years filled with tragedies for the dynasty political dissensions of every kind which kept the nations and countries of the Empire in a state of continuous convulsion and unsuccessful wars About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Habsburg Monarchy 1815-1918 Steven Beller, 2018-05-10 This clear and compelling account of the Habsburg Monarchy in its last century explains why a century after its disappearance it has never been more relevant With extensive discussion of recent historiographic controversies about the Monarchy's character and viability Steven Beller presents a detailed account of the main strands of the Monarchy's political history and how its economic social and cultural development interacted with this main narrative While recognizing the importance of these larger trends readers will learn how the historical accident of personality and the complexities of high politics and diplomacy still had a central impact on the Monarchy's fate Although some would see the Monarchy as an atavistic irrelevance in the modern age its multicultural multinational experience and inclusive logic was in many ways more relevant to our modernity than the nationalism that did so much to bring about its demise
