The Emperor in the Byzantine World Shaun Tougher, 2019-03-15 The subject of the emperor in the Byzantine world may seem likely to be a well studied topic but there is no book devoted to the emperor in general covering the span of the Byzantine empire Of course there are studies on individual emperors dynasties and aspects of the imperial office role but there remains no equivalent to Fergus Millar's *The Emperor in the Roman World* from which the proposed volume takes inspiration for its title and scope The oddity of a lack of a general study of the Byzantine emperor is compounded by the fact that a series of books devoted to Byzantine empresses was published in the late twentieth and early twenty first centuries Thus it is appropriate to turn the spotlight on the emperor Themes covered by the contributions include questions of dynasty and imperial families the imperial court and the emperor's men imperial duties and the emperor as ruler imperial literature the emperor as subject and author and the material emperor including imperial images and spaces The volume fills a need in the field and the market and also brings new and cutting edge approaches to the study of the Byzantine emperor Although the volume cannot hope to be a comprehensive treatment of the emperor in the Byzantine world it aims to cover a broad chronological and thematic span and to play a vital part in setting the agenda for future work The subject of the Byzantine emperor has also an obvious relevance for historians working on rulership in other cultures and periods

Gold Coins of the World Arthur

L. Friedberg, Ira S. Friedberg, 2009 covers the entire history of world gold coinage from the 5th century B C through the modern coin issues of today Part I the section on ancient coins covers in order Ancient Greece the Roman Republic and Empire and the Byzantine Empire Part II lists the coins of the world in alphabetical order by country from approximately AD 600 to date With current market valuations usually in the two most commonly encountered states of preservation Tables of weight and precious metal content included with coins of each country **A History of the Romans Under the Emperors** Dawson Massy, 1863 **The Virgin's Prophecy** Colette Murney, 2022-03-27 A 2000 year old prediction for our time Particularly appropriate in today's global aggression In an astonishing series of visions in Mary's House in Ephesus the mother of Jesus gives a forewarning and a promise for our era the 21st century Her son she tells us didn't come to die for our sins He came to end the Rule of Evil an immense expanse of time controlled by Satan But the Romans killed Jesus the Messenger of the Most High before he could complete his task Fallen angels didn't desecrate the earth nor did Eve bring disaster by eating an apple These are fables In the early days of humanity soon after we evolved from our animal ancestors evil was created by a spiritually gifted man who was intended to facilitate our initial spurt of evolution a man who should have been the Lightbringer Through arrogance and pride in his abilities he rebelled against the Great Creator the One who gave him life Today we know him as Satan the devil However the Father promised those who remained faithful that evil wouldn't last forever And Mary tells us the second attempt to end Satan's rule will be made in our own time We can neutralise the Evil One But how Where does Jesus come in Find out more at www.thevirginsprophecy.com *A Dictionary of Christian Antiquities* William Smith, Samuel Cheetham, 1880 [A Dictionary of Christian Antiquities: Kal-Zoe](#) William Smith, Samuel Cheetham, 1880 [The Religious Figural Imagery of Byzantine Lead Seals I](#) John A. Cotsonis, 2020-03-17 The articles republished in this volume are ground breaking studies that employ a large body of religious figural imagery of Byzantine lead seals ranging from the 6th to the 15th century A number of the studies present tables charts and graphs in their analysis of iconographic trends and changing popularity of saintly figures over time And since many of the seals bear inscriptions that include the names titles or offices of their owners information often not given for the patrons of sacred images in other media these diminutive objects permit an investigation into the social use of sacred imagery through the various sectors of Byzantine culture the civil ecclesiastical and military administrations The religious figural imagery of the lead seals accompanied by their owners identifying inscriptions offers a means of investigating both the broader visual piety of the Byzantine world and the intimate realm of their owners personal devotions Other studies in this volume are devoted to rare or previously unknown sacred images that demonstrate the value of the iconography of Byzantine lead seals for Byzantine studies in general This volume includes studies dedicated to the image of Christ primarily found on imperial seals various images of the Virgin and narrative or Christological scenes A companion volume presents various articles focusing on sphragistic images of saints and on the religious imagery of Byzantine seals as a means of investigating the personal piety of

seal owners as well as the wider realm of the visual piety and religious devotions of Byzantine culture at all levels CS1085

Gold Coins of the World, 10th edition Arthur & Ira Friedberg, 2023-12-20 The tenth edition of *Gold Coins of the World* expands on its predecessor digging more deeply into new areas of collector interest and expanding many sections From the coins of Ancient Greece Rome and the Byzantine Empire and from Afghanistan through Zanzibar it includes the addition of many new discoveries for dozens of countries From the 384 pages of the 1958 edition the work has expanded to 852 pages which have been completely revised and updated The authors have listed more than 22 000 coin types which are illustrated with more than 8 500 photos now for the first time each one of them in color Each country's section includes tables of weight and fineness The market valuations are extensively revised to reflect both the higher price of gold as well as the skyrocketing demand for numismatic rarities Valuations are now provided for the first time in up to three states of preservation Many of the prices especially for great rarities and coins in higher grades have at least doubled In fact as collectors recognize the scarcity of coins in the highest states of preservation the premium for such coins relative to lower graded ones is escalating beyond traditional proportions The coinage of India and the Islamic world long dismissed by western collectors as difficult to decipher unimportant and lacking in value is now the subject of intense interest and has shown some of the most dramatic increases of all The reader will also find a useful directory of the world's leading gold coin dealers and auction houses For the numismatist banker economist historian or institution of higher learning the tenth edition of *Gold Coins of the World* is a book for every library public and private

The Horoscope of Emperor Baldwin II Filip Van Tricht, 2018-11-01 In *The Horoscope of Emperor Baldwin II* Filip Van Tricht presents a microstudy of political social and cultural life in Latin Byzantine Constantinople and Romania A new set of sources is used to question the traditionally negative view of the Byzantine capital under Latin rule Combined with an analysis of other underused historical materials mid 13th century Latin Byzantine Constantinople is redefined as a city that in spite of the Western conquest during the Fourth Crusade remained dynamic with vibrant internal and international politics and with interesting developments in the social religious artistic and scientific spheres Against the background of a shared Roman past the metropolis on the Bosphorus became a fascinating laboratory of Latin Byzantine interaction

John II Komnenos, Emperor of Byzantium Alessandra Bucossi, Alex Rodriguez Suarez, 2016-06-03 The Emperor John II Komnenos 1118-1143 has been overshadowed by both his father Alexios I and his son Manuel I Written sources have not left us much evidence regarding his reign although authors agree that he was an excellent emperor However the period witnessed territorial expansion in Asia Minor as well as the construction of the most important monastic complex of twelfth century Constantinople What else do we know about John's rule and its period This volume opens up new perspectives on John's reign and clearly demonstrates that many innovations generally attributed to the genius of Manuel Komnenos had already been fostered during the reign of the second great Komnenos Leading experts on twelfth century Byzantium Jeffreys Magdalino Ousterhout are joined by representatives of a new generation of

Weaver, 2016-04-08 Ferdinand III played a crucial role both in helping to end the Thirty Years War and in re-establishing Habsburg sovereignty within his hereditary lands and yet he remains one of the most neglected of all Habsburg emperors The underlying premise of Sacred Music as Public Image for Holy Roman Emperor Ferdinand III is that Ferdinand s accomplishments came not through diplomacy or strong leadership but primarily through a skillful manipulation of the arts through which he communicated important messages to his subjects and secured their allegiance to the Catholic Church An important locus for cultural activity at court especially as related to the Habsburgs political power was the Emperor s public image Ferdinand III offers a fascinating case study in monarchical representation for the war necessitated that he revise the image he had cultivated at the beginning of his reign that of a powerful victorious warrior Weaver argues that by focusing on the patronage of sacred music rather than the more traditional visual and theatrical means of representation Ferdinand III was able to uphold his reputation as a pious Catholic reformer and subtly revise his triumphant martial image without sacrificing his power while also achieving his Counter Reformation goal of unifying his hereditary lands under the Catholic church Drawing upon recent methodological approaches to the representation of other early modern monarchs as well as upon the theory of confessionalization this book places the sacred vocal music composed by imperial musicians into the rich cultural political and religious contexts of mid seventeenth century Central Europe The book incorporates dramatic productions such as opera oratorio and Jesuit drama as well as works in other media but the primary focus is the more numerous and more frequently performed Latin texted paraliturgical genre of the motet which has

generally not been considered by scholars as a vehicle for monarchical representation By examining the representation of this little studied emperor during a crucial time in European history this book opens a window into the unique world view of the Habsburgs allowing for a previously untold narrative of the end of the Thirty Years War as seen through the eyes of this important ruling family *Mir'āt al-quds (Mirror of Holiness): A Life of Christ for Emperor Akbar* Pedro Moura Carvalho, 2011-11-25 Emperor Akbar's exceptional interest in Christianity is reflected in many ways Among these was his commissioning in 1602 of a Life of Christ from his guest the Jesuit priest Jerome Xavier thus marking a singular moment in the relations between one of the greatest Muslim rulers and Catholicism This fascinating text translated into English for the first time draws mostly on Biblical and apocryphal sources but also reveals that in order not to antagonize his Muslim hosts Father Jerome occasionally made concessions in his work Of the three illustrated copies the one used in this study and now in the Cleveland Museum of Art is the most important Its twenty seven high quality miniatures were inspired by the text itself resulting in unique interpretations of episodes that often do not find parallels in a European context **The Emperor's Virgin** Sylvia Fraser, 1982-02 *The Revelations of St. Birgitta of Sweden: The heavenly emperor's book to kings, the rule, and minor works* Saint Bridget (of Sweden), 2006 St Birgitta of Sweden was one of the most charismatic and influential female visionaries of the later Middle Ages Her revelations influenced the spiritual lives of many individuals including Martin Luther Interest in Birgitta has grown recently and she is now admired as a powerful voice and prophet of reform
