Employment Relations And Hrm In South Korea Explorations In Asia Pacific Business Economics:

Employment Relations and HRM in South Korea Dong-One Kim, Johnngseok Bae, 2017-07-05 South Korea is one of the rare countries that has experienced political industrial democratization and economic development simultaneously in a relatively short period. However, the full story of democratization and development processes displays two faces: positive and negative aspects to the deployment of labour human resources. This book explains these seemingly contradictory outcomes of Korean employment relations ER and human resource management HRM based upon a theoretical framework that incorporates logics of environmental constraints and strategies of actors. During three key periods of the previous century: i.e. pre 1987, 1987-1997 and post 1997, the book discusses the paradigm shift in both ER and HRM. This much needed text contains informative details on Korean ER and HRM of past and present with theoretical and practical views and of transformations and continuities. The book provides policy implications that will stimulate constructive debates regarding the mutual gains strategies for policy makers, management and employees. *Human Resource Management in the Asia-Pacific Region* Chris Rowley, 2012-10-12 HRM human resource management suffers from a selective tendency and ad hoc approach which misses the historical paradoxical, often incoherent, incompatible and inconsistent nature of the subject. This text reduces this myopia by adding to our knowledge and the milieu within which it operates. *Managing Human Resources in Asia-Pacific* Arup Varma, Pawan S. Budhwar, 2013-06-26 Given the enormous economic and developmental changes being experienced by nations in the Asia Pacific region and the related movement of people between and across countries, it is critical that we better understand the HRM policies and practices of these nations. The latest instalment in the Global HRM series *Managing Human Resources in Asia Pacific 2E* presents the HRM situations in a number of South East Asian and Pacific Rim countries, highlighting the growth of the personnel and HR function, the dominant HRM systems in the area, the influence of different factors on HRM and the challenges faced by HR functions in these nations. This edition extends its coverage to Cambodia, Fiji, Indonesia and the Philippines; a new chapter discusses HR research challenges in the region such as the transferability of western constructs, problems with data collection and the emergence of MNEs from Asia Pacific. **American Book Publishing Record**, 2003 **Forthcoming Books** Rose Army, 2003 *The British National Bibliography* Arthur James Wells, 2005 **Employment Relations and HRM in South Korea** Tong-wŏn Kim, Johnngseok Bae, 2004 In the era of economic stress and industry restructuring, this book discusses the paradigm shift in both ER and HRM. Emphasizing the changing role of the state and labor, the recent erosion of the tradition system and search for a new mode of employment, the book provides policy implications that can stimulate constructive debates regarding the mutual gains strategies for policy makers, management and employees. *Journal of world business* ScienceDirect (Service en ligne), 2000 *APAIS, Australian Public Affairs Information Service*, 1996 Vol for 1963 includes section Current Australian serials, a subject list. **International Abstracts of Human Resources**, 2006 *Экономика Японии* Коллектив
