**Employee Representation in Non-Union Firms** Paul Gollan, 2006-12-28 Provides a wide ranging and though provoking analysis of non union forms of employee representation While it will unquestionably be of interest to scholars and students specializing in the burgeoning field of non union employee relations there is much useful material that could inform union reponses to membership decline British Journal of Industrial Relations Paul Gollan s book is an important contribution to our understanding of the significance of non union employee representation in Britain and its implications for the future of employment relations It is highly recommended Russell Lansbury Professor of Work Organisational Studies University of Sydney Can employees have effective voice without independent collective organisation In the UK unlike most of continental Europe government and employers typically answer yes Gollan s detailed study provides sound reasons for scepticism Richard Hyman Department of Industrial Relations LSE We know very little about the non union sector in Britain despite the fact that it now embraces the clear majority of the workforce The publication of Paul Gollan s Employee Representation in Non Union Firms therefore represents a very important addition to the field Based on extensive and detailed in depth study of some leading non union employers it throws new light on the ways in which employee interests are represented in such firms Prof John Kelly Birkbeck College Are non union systems of representation NER an acceptable alternative to union based systems or do they infact complement more traditional forms of union representation Bruce Kaufman Georgia State University Robinson College of Business This book is the first of its kind to answer this challenging question It offers a comprehensive overview of NER in the UK and locates UK practice within an international context Readers are invited to consider the potential implications and limitations of NER arrangements and to examine how unions respond to these NER arrangements through bargaining consultation and representation processes Throughout issues are addressed on both a macro and micro level The book reviews the literature and examines current practice using survey data and original case analysis Engaging readers who are studying industrial relations human resource management employee involvement and consultation unions and management strategy it will also be appeal to practioners working in these areas Case Study Material available Go to the Sample Materials and Chapters link on the left navigation bar to access this excellent additional resource

**Employee Representation in Non-Union Firms** Paul J. Gollan, David Lewin, 2012 For many decades employee representation and voice in the employment relationship were manifested mainly through unionism and collective bargaining but that is no longer the case Today most employees do not belong to unions but they may be represented and exercise voice through a variety of other mechanisms and arrangements This paper provides an overview of a special issue of Industrial Relations containing eight papers that analyze various types of non union employee representation These papers feature a

wide variety of research designs as well as industry company and employee settings Empirically they draw upon data from the United States the UK Canada and Australia As a set these papers provide the most comprehensive knowledge to date of employee representation in non union firms and also offer recommendations for future research to further enhance such knowledge     *Voice and Non-union Workplace* Paul J. Gollan,2005 The papers in this e book examine the development of non union employee relations practices and outcomes from an international perspective focusing on firms attempting to provide workers with a voice The papers draw primarily on in depth case studies as a means to assess the impact of voice arrangements on employee relations processes and outcomes     *Enterprise Without Unions* Ian McLoughlin,Stephen Gourlay,1994 This work documents the decline of collective industrial relations and examines the emergence of new human resource management techniques as a non union alternative It presents the findings of a large scale study of non union industrial relations in Britain     **Employee Relations** John Gennard,Graham Judge,2005 Written by the Chief Examiner and Associate Examiner for employee relations for the CIPD the new edition of this best selling text has been written specifically to cater for the CIPD s Employee Relations elective Offering a highly practical and accessible overview of the impact of the economic corporate and legal environment on employee relations it is also suitable for students taking an employee industrial relations module on an HR or business degree programme at undergraduate or postgraduate level TARGETED AT Students studying CIPD Professional Qualifications and undergraduate and post graduate students on employee relations modules on business and HRM courses     **Voice and Involvement at Work** Paul J. Gollan,Bruce E. Kaufman,Daphne Taras,Adrian Wilkinson,2014-08-21 In the last decade nonunion employee representation NER has become a much discussed topic in the fields of human resource management employment relations and employment labor law This book examines the purpose structure and performance of various types of employee representation bodies created by companies in non union settings to promote collective forums for voice and involvement at the workplace This unique volume presents the first longitudinal evidence on the performance success and failure of NER plans over an extended time period Consisting of twelve detailed in depth case studies of actual NER plans in operation across four countries this volume provides unparalleled evidence on such matters as the motives behind the initial establishment of NER different organizational forms of NER in industry key success and failure factors over the long term pro and con evaluations for employers and employees and more Voice and Involvement at Work captures an unequalled international and comparative perspective through a wide cross section of different NER forms     *Employee Relations in Context* David Farnham,2000 This volume analyses the issues surrounding employment today and explores the challenges that lie at the heart of the workplace This second edition has been thoroughly revised and updated     *The Ambivalent Character of Participation* Francesco Garibaldi,Volker Telljohann,2010 Participation is a social process which is basically part of an exchange relationship Thus it is principally pluralist and ambiguous in its meaning As a consequence the reconciliation of voices needs innovative approaches to support balanced participation experiences The

ambivalent character of participation intends to provide a look at new initiatives in the various fields of work place participation. Leading international scholars examine the role of institutional contexts for participation, the development of new forms of interest organisation as well as the relationship between organisational performance, participation practices and quality of working life. The contributions are not limited to taking stock of new experiences in the field of workplace participation but also contribute to designing a new research agenda.

The text encompasses many organizational devices that are organized for the purposes of representing employees on a range of production quality and employment issues.

*Labor and Employment Relations in a Globalized World* Toker Dereli, Y. Pinar Soykut-Sarica, Asli Şen-Taşbaşı, 2014-04-15. This book explores the new challenges for work and employment relations in the wake of globalization. It describes contemporary developments and ways in which labor relations systems are evolving around the world and in Turkey. Authors combine the latest information with in depth insights on a variety of issues: The implications of international trade for employment, the dichotomy between competitiveness and meeting international labor standards, the multinationals' effects on labor relations, social policy implications of American higher education, the search for the right regulatory balance between labor flexibility and job security, challenges faced in establishing temporary work agencies, the role of skills training and providing women with micro credits to overcome informal employment problems. These are just some of the issues analyzed in this book. Thus the contributions from Turkish and international institutions offer a valuable overview of the ongoing discussions in the field of labor economics and employment relations.
