Oldenburg, 2011-10-10 The Reformation of the 16th century was a complex and multifaceted political social cultural and religious process Most historians agree however that in the framework of this process it was the religious and theological efforts to reform and renew the late medieval church decadent and irrelevant in many ways that were the initiating forces that set a broad historical movement in motion Among these reforming religious and theological forces the Lutheran reform movement was the most important and influential one It was the historical impact of the theological genius of the Wittenberg professor Martin Luther 1483-1546 that profoundly changed and shaped the face of Europe and beyond Today Lutheranism has become a worldwide communion of churches that stretches from Germany to Siberia Papua New Guinea Madagascar and Surinam The second edition of the Historical Dictionary of Lutheranism presents information on major theological issues historical developments of Lutheranism worldwide Lutheran ecumenical and missionary involvement and activities worship and liturgy spirituality social ethics inter religious and Jewish relations Lutheranism and the arts theology and important representatives of Lutheranism This is done through a detailed chronology an introductory essay an appendix of Lutheran Churches a bibliography and hundreds of cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Lutheranism *Worship as Repentance* Walter Sundberg, 2012-03-15 Against contemporary trends that conceive of Christian worship primarily as entertainment or sheer celebration Walter Sundberg argues that repentance is the heart of authentic worship In *Worship as Repentance* Sundberg outlines the history of repentance and confession within liturgical practice from the early church to mid twentieth century Protestantism advocating movement away from the eucharistic piety common in mainline worship today and toward the penitential piety of older traditions of Protestant worship *Revitalizing Congregations* William Avery, 2003-01-01 Are congregations inevitably stuck during a change of pastoral leadership Or are there ways they can take advantage of this interim to grow and set new directions Researcher and seminary professor William Avery tells us the stories of six congregations from different denominations regions of the country settings sizes and ethnic and racial makeup that attempted to revitalize their mission during this critical time of change and transition As Loren Mead explains in the foreword however Avery does not tell congregational leaders the way to transformation through an interim Rather he offers detailed snapshots of congregations and their leaders trying to work their way through this potentially difficult time He also shows how a trained interim pastor can make a difference in the ensuing effectiveness of the congregation These are stories about how faithful congregations have attempted to build toward and discover a leadership model that works for them Mead
