Empty Hours:

Family Secrets Deborah Cohen, 2017 What did families hide in the past and why By delving into the familial dynamics of shame and guilt Family Secrets investigates the part that families so often regarded as the agents of repression have played in the transformation of social mores from the Victorian era to the present day

How to Design Programs, second edition Matthias Felleisen, Robert Bruce Findler, Matthew Flatt, Shriram Krishnamurthi, 2018-05-25 A completely revised edition offering new design recipes for interactive programs and support for images as plain values testing event driven programming and even distributed programming This introduction to programming places computer science at the core of a liberal arts education Unlike other introductory books it focuses on the program design process presenting program design guidelines that show the reader how to analyze a problem statement how to formulate concise goals how to make up examples how to develop an outline of the solution how to finish the program and how to test it Because learning to design programs is about the study of principles and the acquisition of transferable skills the text does not use an off the shelf industrial language but presents a tailor made teaching language For the same reason it offers DrRacket a programming environment for novices that supports playful feedback oriented learning The environment grows with readers as they master the material in the book until it supports a full fledged language for the whole spectrum of programming tasks This second edition has been completely revised While the book continues to teach a systematic approach to program design the second edition introduces different design recipes for interactive programs with graphical interfaces and batch programs It also enriches its design recipes for functions with numerous new hints Finally the teaching languages and their IDE now come with support for images as plain values testing event driven programming and even distributed programming

The Returning Home Collection Serena Bell, 2022-04-20 Four military heroes Four steamy emotional contemporary romances Four chances to fall in love Hold On Tight Mira Shipley is raising her son by herself far from family and the babysitter has just quit Then salvation appears in the messiest and hottest form possible Sam's real dad who's an Army Ranger Jake never knew he had a son and Sam never knew he had a father Now they're all in close quarters day after day There's no way for Mira to keep the alpha warrior at a distance and no way to protect her son's heart or her own Can't Hold Back Alia Drake loves her new job at the R R veterans retreat But there are certain lines a physical therapist can't cross and she's toeing one Her newest patient is Nate Riordan Alia and Nate have a history and not one she's proud of Alia knows she has to ignore her feelings for Nate and keep her hands where they belong But will she do any better at resisting temptation this time around To Have and To Hold Hunter Cross has lost a year A head injury during his last deployment stole his memories and the beautiful blue-eyed blonde living in his house is little more than a stranger to him He slept with her fell for her loved her and he doesn't remember any of it He knows he should send her away except that at night when she slips into his bed his body remembers hers But what will happen when morning comes Holding Out The answer has to be no of course No way Griff Ambrose is going to help Becca Drake lose her virginity Sure she's beautiful and hot as hell but she's his friend's little sister And Griff won't ever risk being hurt again like he was when he came home from war to find his house empty and his wife gone But how can he resist the woman he's always craved

Vagabond Witness Paul Gordon, 2013-05-31 Victor Serge was the first and the greatest witness of the twentieth century An anarchist in France a syndicalist in Spain a critical Bolshevik in Russia an agent of the Comintern in Germany and Austria an exile Serge once said that people judged history but they did so without knowing what really happened and who the actors really were All his work novels reportage poetry criticism was an attempt to show what really happened and why Serge never lost hope that ordinary people would act for themselves and take control of their own lives On the ship taking him to exile in Mexico where he would die isolated and in poverty he recalled The Russians and Spaniards among us know what it is to take the world into their hands to set the railways running and the factories working no kind of predestination impels us to become the offal of the concentration camps

Lectures on the Philosophy of the Human Mind Thomas Brown, 1824 **Broken Jar** Jan Doke, 2009-07 Broken Jar is for those who wish to be transformed by the Potter from a showboat into an ark of testimony for Him It is for earthen vessels who know that to be continually molded by His hands even broken and reformed if need be is the only way to keep bearing His hallmark the only way to continue glorifying the true Potter From January through December these daily devotionals anchored deeply in the Word of God ask challenging questions about growing pains and comfortable stagnation Are we allowing the Potter to do as He pleases with us the clay Do we trust Him to put pressure where it is needed to mold us to His liking or do we stiffen at and shrink from His touch When we arrive at a shape we like do we grow so proud and

possessive of this present form that we disengage ourselves from the wheel to harden into an independent and finished pot to remain permanently fixed This book is for those jars who refuse to stay fixed Jan Doke is a retired high school English Bible Literature teacher She lives in Belton Texas with her husband Larry When she is not writing she enjoys studying and teaching the Bible speaking at women s retreats mentoring at a drug rehab center traveling hiking fishing cooking and playing with her five grandchildren She has been published in Christian Woman magazine and is currently working on her first novel Out of the Chute in Azalea Heights

To Heal the Soul Kalonymus Kalman Shapira, 1995-04-01 Within the vast and varied body of chasidic literature rarely does one find a chasidic rebbe writing about himself Those rebbes who did choose to put pen to paper tended to write expositions on biblical or rabbinical texts and in many cases it was their students and followers who copied down their teachings Thus the modern reader is left with works that tend to be impersonal esoteric and often complex The journal of Rabbi Shapira is unique in its use of first person narrative to relay the inner thoughts fears and struggles of this bold leader as he responds to the pains of life It offers guidelines for spiritual progress and several meditations based on an active imagination Rabbi Shapira tells us that the purpose of this work is to bequeath a journal of his personal struggles and triumphs to posterity Some entries are indeed very revealing the Rebbe is not afraid to disclose his moments of self doubt his anger his fears and his fervent hope that his soul will remain strong as his body grows old The more one reads of Rabbi Shapira s journal the more insight and inspiration one will glean from its message Young and old will find personal spiritual guidance in these pages and be able to reap from the maternal fulfillment

Time to Write John Sylvester Lofty, 2015-02-10 Analyzes interviews with students teachers and administrators to develop a new set of literacies essential for student success in the digital age To read John s work is to take on the role of a patient listener A book like a piece of music is scored for time and I feel Time to Write is scored adagio I believe that Time to Write can be read as a critique of the time chopping approach to education and an argument for presence for being fully open to experience for being there To do good work we must enter something like island time or what John calls existential time or what is sometimes called flow when we lose at least temporarily a sense of clock time from the Foreword by Thomas Newkirk Twenty five years ago John Sylvester Lofty studied the influence of cultural time values on students resistance to writing instruction in an isolated Maine fishing community For the new edition of Time to Write Lofty returned to the island to consider how social and educational developments in the intervening years may have affected both local culture and attitudes toward education Lofty discovered how the island time values that previously informed students literacy learning have been transformed by outside influences including technology social media and the influx of new residents from urban areas Building on the ethnographic findings of the original study the new edition analyzes the current conflict between the digital age time values of constant connections and instant communication and those of school based literacy Lofty examines the new literacies now essential for students in a technologically connected world both those who aspire to continue the

traditional island work of lobster fishing and for the many who now choose to pursue other careers and attend college on the mainland

Machines That Become Us James E. Katz, 2017-07-28 Social critics and artificial intelligence experts have long prophesized that computers and robots would soon relegate humans to the dustbin of history Many among the general population seem to have shared this fear of a dehumanized future But how are people in the twenty first century actually reacting to the ever expanding array of gadgets and networks at their disposal Is computer anxiety a significant problem paralyzing and terrorizing millions or are ever proliferating numbers of gadgets being enthusiastically embraced *Machines that Become Us* explores the increasingly intimate relationship between people and their personal communication technologies In the first book of its kind internationally recognized scholars from the United States and Europe explore this topic Among the technologies analyzed include the Internet personal digital assistants PDAs mobile phones networked homes smart fabrics and wearable computers interactive location badges and implanted monitoring devices The authors discuss critical policy issues such as the problems of information resource access and equity and the recently discovered digital dropouts phenomena The use of the word become in the book's title has three different meanings The first suggests how people use these technologies to broaden their abilities to communicate and to represent themselves to others Thus the technologies become extensions and representatives of the communicators A second sense of become applies to analysis of the way these technologies become physically integrated with the user's clothing and even their bodies Finally contributors examine fashion aspects and uses of these technologies that is how they are used in ways becoming to the wearer The conclusions of many chapters are supported by data including ethnographic observations attitude surveys and case studies from the United States Britain France Italy Finland and Norway This approach is especially valuable

Couple Therapy for Depression David Hewison, Christopher Clulow, Christopher F. Clulow, Harriet Drake, 2014 Depression is second after heart disease as the most damaging health

condition in the world This is a book on how to do couple therapy that draws on research evidence as well as the experience of couple therapists from a wide range of clinical orientations It is valuable for all therapists including those training as part of the IAPT initiative
