En Busca Del In Search Of Maestro Rafael Cordero:

En busca del Maestro Rafael Cordero ,1994 **From San Juan to Paris and Back** Edward J. Sullivan,2014-01-01
Introduction Francisco Oller and the worlds of the Caribbean Francisco Oller at home and abroad Francisco Oller and Raphael Cordero art and pedagogy in late nineteenth century Puerto Rico The Battle of Trevino Oller and the dilemma of official painting Plantains and coconuts Conflicted affinities Francisco Oller and William McKinley Oller and his work in the modern imagination Smoker beyond the Sea Juan José Baldrich,2022-10-21 In this groundbreaking volume Juan José Baldrich traces the deep changes affecting Puerto Rican tobacco growers and manufacturers and their export markets from the Spanish colonization of the island to the present Based on more than twenty years of research in the United States and Puerto Rico the book sheds light on the important history of tobacco in Puerto Rico while highlighting the people and practices that have indelibly shaped Puerto Rico and its culture *Smoker beyond the Sea* The Story of Puerto Rican Tobacco is a work of recovery that examines tobacco's transitions from medicinal use to rolls fit for chewing and pipe smoking followed by the appropriation of the Cuban paradigm for cigars and cigarettes and finally to the US models after the 1898 invasion This pioneering volume also offers the only history of the US tobacco monopoly in local agriculture and manufacture from its beginning in 1899 to the bankruptcy of its last successor company forty years later Baldrich's extensive research documents the organization of the cigar and cigarette manufacturing sectors and the resulting development of trade unions and socialist ideals This multidisciplinary investigation gives due attention to the modifications that farmers made to tobacco planting and harvesting techniques in fine tuning plants to the expected aromas and tastes of the manufactured commodities In addition Baldrich pays considerable attention to gender relations in the labor process not only in the manufacturing sector but also in tobacco agriculture The book also provides the only narrative of the rise and maturity of the Hermanos Cheos a powerful apocalyptical movement that began and spread in the tobacco growing regions Ultimately this encompassing volume fills a major gap in the histories of tobacco producing islands in the Caribbean *Diasporic Blackness* Vanessa K. Valdés,2017-04-01 Examines the life of Arturo Alfonso Schomburg through the lens of both Blackness and latinidad A Black Puerto Rican born scholar Arturo Alfonso Schomburg 1874 1938 was a well known collector and archivist whose personal library was the basis of the Schomburg Center for Research in Black Culture at the New York Public Library He was an autodidact who matched wits with university educated men and women as well as a prominent Freemason a writer and an institution builder While he spent much of his life in New York City Schomburg was intimately involved in the cause of Cuban and Puerto Rican independence In the aftermath of the Spanish Cuban American War of 1898 he would go on to cofound the Negro Society for Historical Research and lead the American Negro Academy all the while collecting and assembling books prints pamphlets articles and other ephemera produced by Black men and women from across the Americas and Europe His curated library collection at the New York Public Library emphasized the presence of African peoples and their descendants

throughout the Americas and would serve as an indispensable resource for the luminaries of the Harlem Renaissance including Langston Hughes and Zora Neale Hurston. By offering a sustained look at the life of one of the most important figures of early twentieth century New York City, this first book-length examination of Schomburg's life as an Afro-Latino suggests new ways of understanding the intersections of both Blackness and *latinidad*. **Side by Side** Marilisa Jiménez García, 2021-03-19 Winner of the Children's Literature Association's 2023 Book Award. During the early colonial encounter, children's books were among the first kinds of literature produced by US writers introducing the new colony, its people, and the US's role as a twentieth-century colonial power to the public. Subsequently, youth literature and media were important tools of Puerto Rican cultural and educational elite institutions and Puerto Rican revolutionary thought as a means of negotiating US assimilation and upholding a strong Latin American/Caribbean national stance. In *Side by Side: US Empire, Puerto Rico, and the Roots of American Youth Literature and Culture*, author Marilisa Jiménez García focuses on the contributions of the Puerto Rican community to American youth, approaching Latinx literature as a transnational space that provides a critical lens for examining the lingering consequences of US and Spanish colonialism for US communities of color. Through analysis of texts typically outside traditional Latinx or literary studies, such as young adult literature, textbooks, television programming, comics, music, curriculum, and youth movements, *Side by Side* represents the only comprehensive study of the contributions of Puerto Ricans to American youth literature and culture, as well as the only comprehensive study into the role of youth literature and culture in Puerto Rican literature and thought. Considering recent debates over diversity in children's and young adult literature and media and the strained relationship between Puerto Rico and the US, Jiménez García's timely work encourages us to question who constitutes the expert and to resist the homogenization of Latinxs, as well as other marginalized communities that has led to the erasure of writers, scholars, and artists. *LEV*, 1999 *El futuro más acá* Itala Schmelz, 2006 *Tragediia sovetskoi derevni*, 1999 *Rafael Cordero* Salvador Brau, 1891
