Also on literary characters who embody those non-majority options and in addition more generic reflections on those groups or on the texts that have transmitted to us those polyhedral realities. **Invisible Biographies: Marginalized and Marginals** contains almost twenty works by renowned specialists from different European universities who have analysed the cases of marginalized women, Jews, homosexuals and other persecuted characters from a contemporary perspective. Sherzer, 2012-05-04 **The Spanish Literary Generation of 1968** Jos María Guelbenzu, Lourdes Ortiz and Ana María Moix serves multiple purposes. Most importantly, it is an overview of an important moment in Spanish literary history that is connected to an extremely important moment in world history, 1968, as well as what that year represents in many countries such as France, Germany, Mexico and the United States. This text aims to show how young writers who were coming of age precisely at that moment incorporated into their novels the new ideas that they found in the writing of many foreign authors generally unknown to previous generations whose works were essential to their development. The author has focused on three authors who he feels are most representative of their generation and follows with a lengthy study of the critical reception they have received over time. Finally, in an appendix, one will find excerpts of an unpublished novel by Lourdes Ortiz and interviews with all three authors. It is hoped that this text, with its extensive bibliography, will serve as a valuable source for students and professors alike. **Gender, Work and Property** Nancy Konvalinka, 2013

Why do young men born in many small villages in Spain tend at the end of the twentieth century to stay there to live, often remaining unmarried, while young women from the same villages tend to leave? In **Gender, Work and Property**, Nancy Konvalinka explores this phenomenon using the case of one small village in northwestern Spain and she extrapolates her findings there to understand similar processes elsewhere in Europe. The changes in this village are analyzed and documented through long-term ethnographic research, participant observation, interviews, kinship diagrams, life course models and archival study in order to help bring the village alive for the reader. **A Polyglot of Foreign Proverbs** Henry G.
