ECONOMIC CRISES AND ELECTORAL RESPONSES IN LATIN AMERICA

Economic Crises And Electoral Responses In Latin America

Mitchell A. Seligson

Economic Crises And Electoral Responses In Latin America:

Economic Crises and Electoral Responses in Latin America Fabián Echegaray, 2005-10-19 Since 1982 Latin Americans have endured dramatic economic crises and elections that advanced liberal democracy and political pluralism. These conditions led many to believe that electoral results mainly reflect reactions to the economy. Based on an extensive study of the elections covering the 1980s and most of the 1990s, *Economic Crises and Electoral Responses in Latin America* offers a comprehensive overview of the many complex factors in the hearts and minds of voters. Book jacket [Economic Crises and Electoral Responses in Latin America](#) Fabian Echegaray, 2017 Since 1982 Latin Americans have endured dramatic economic crises and elections that advanced liberal democracy and political pluralism. These conditions led many to believe that electoral results mainly reflect reactions to the economy. Based on an extensive study of the elections covering the 1980s and most of the 1990s, *Economic Crises and Electoral Responses in Latin America* offers a comprehensive overview of the many complex factors in the hearts and minds of voters. **Elections in Latin America** Kevin Pallister, 2024-02-27 Even as several Latin American countries have regressed to authoritarian rule in the first two decades of the twenty-first century, elections remain permanent and vital features of the region's political life. Kevin Pallister provides an accessible overview of elections throughout Latin America, including formal electoral institutions, informal practices, and the behavior of voters and candidates. Through a wide-ranging synthesis of scholarly literature and sources, it offers a descriptive and analytical look at how elections in the region work, from the legal rules of the game to the final counting of the votes, and provides an even-handed discussion of its complexities, such as electoral integrity, gender quotas, the role of social media, corruption in campaign finance, and how elections can be instruments of both democracy and autocracy. This comprehensive narrative, from Mexico to Argentina, is complemented with illustrative examples, case studies, and data. By understanding how elections in Latin America work as flawed but indispensable institutions of democracy, students and other readers will enhance their knowledge of contemporary Latin American politics and the important process of democratization in the region.

Challenges to Democracy in Latin America and the Caribbean Mitchell A. Seligson, 2008 *Economic Crises and Electoral Responses in Latin America* Fabián Echegaray, 2005 Since 1982 Latin Americans have endured dramatic economic crises and elections that advanced liberal democracy and political pluralism. These conditions led many to believe that electoral results mainly reflect reactions to the economy. Based on an extensive study of the elections covering the 1980s and most of the 1990s, *Economic Crises and Electoral Responses in Latin America* offers a comprehensive overview of the many complex factors in the hearts and minds of voters. **Latin American Elections** Richard Nadeau, 2017-01-19 Comprehensive study of the application of the Michigan model to explain voting behavior in Latin America. **Economic Crisis and Electoral Responses in Latin America** Fabian Echegaray, 2016 Since 1982 Latin Americans have endured dramatic economic crises and elections that advanced liberal democracy and political pluralism. These conditions led many to

believe that electoral results mainly reflect reactions to the economy Based on an extensive study of the elections covering the 1980s and most of the 1990s *Economic Crises and Electoral Responses in Latin America* offers a comprehensive overview of the many complex factors in the hearts and minds of voters

The SAGE Handbook of Electoral Behaviour Kai Arzheimer, Jocelyn Evans, Michael S. Lewis-Beck, 2017-02-27 The study of voting behaviour remains a vibrant sub discipline of political science The Handbook of Electoral Behaviour is an authoritative and wide ranging survey of this dynamic field drawing together a team of the world's leading scholars to provide a state of the art review that sets the agenda for future study Taking an interdisciplinary approach and focusing on a range of countries the handbook is composed of eight parts The first five cover the principal theoretical paradigms establishing the state of the art in their conceptualisation and application and followed by chapters on their specific challenges and innovative applications in contemporary voting studies The remaining three parts explore elements of the voting process to understand their different effects on vote outcomes The SAGE Handbook of Electoral Behaviour is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics sociology psychology and research methods

The IMF, Financial Crisis, and Repression of Human Rights Bumba Mukherjee, Vineeta Yadav, 2024-04-08 This book seeks to answer a number of key questions about the relationship between the IMF developing states and the impact of financial crises on human rights abuses including Why do some but not other IMF assisted developing states experience the joint outbreak of currency and sudden reversal crises under the Fund's program What are some of the short term political ramifications of such crises Why do human rights violation by governments increase sharply in the wake of twin currency and sudden reversal crisis in some but not all crisis affected countries

Explaining Support for Populism in Contemporary Latin America Dinorah Azpuru, 2024-08-05 Explaining Support for Populism in Contemporary Latin America investigates the stronghold that populism exerts on citizens in the developing world More specifically relying on regional surveys this book explores why many citizens consistently supported eight populist presidents who were elected in contemporary Latin America It examines the determinants of support for the populist presidents who governed Venezuela Ecuador Bolivia and Nicaragua between 1999 and 2019 and the variables that explain support for the most recent populist presidents in Mexico Brazil and El Salvador between 2018 and 2023 Unique to this approach is a strong emphasis on the demand side of populism and the use of country specific survey data across the years This book explores the determinants of support for populist presidents in four dimensions demographic variables ideological and policy preference variables performance variables and variables related to representative democracy Understanding what drives people to support populist leaders is critical for revitalizing representative democracy in Latin America Furthermore insights about the factors that lead citizens to support populism in Latin America can also inform the analysis of support for populism in other parts of the world

Post-Stabilization Politics in Latin America Carol Wise, Riordan Roett, 2003-07-28 Over the last twenty years Latin America has seen a definitive movement

toward civilian rule Significant trade fiscal and monetary reforms have accompanied this shift exposing previously state led economies to the forces of the market Despite persistent economic and political hardships the combination of civilian regimes and market based strategies has proved to be remarkably resilient and still dominates the region This book focuses on the effects of market reforms on domestic politics in Latin America While considering civilian rule as a constant the book examines and compares domestic political responses in six countries that embraced similar packages of reforms in the 1980s Argentina Brazil Chile Mexico Peru and Venezuela The contributors focus on how ambitious measures such as liberalization privatization and deregulation yielded mixed results in these countries and in doing so they identify three main patterns of political economic adjustment In Argentina and Chile the implementation of market reforms has gone hand in hand with increasingly competitive politics In Brazil and Mexico market reforms helped to catalyze transitions from entrenched authoritarian rule Finally in Peru and Venezuela traditional political systems have collapsed and civilian rule has been repeatedly challenged The contributors include Carol Wise University of Southern California Karen L Remmer Duke University Carol Graham Brookings Institution Stefano Pettinato United Nations Development Programme Consuelo Cruz Tufts University Juan E Corradi New York University Delia M Boylan Chicago Public Radio Riordan Roett Johns Hopkins University Mart n Tanaka Institute for Peruvian Studies Lima and Kenneth M Roberts University of New Mexico

Campaigns and Voters in Developing Democracies Noam Lupu, Virginia Oliveros, Luis Schiumerini, 2019-02-26 Voting behavior is informed by the experience of advanced democracies yet the electoral context in developing democracies is significantly different Civil society is often weak poverty and inequality high political parties ephemeral and attachments to them weak corruption rampant and clientelism widespread Voting decisions in developing democracies follow similar logics to those in advanced democracies in that voters base their choices on group affiliation issue positions valence considerations and campaign persuasion Yet developing democracies differ in the weight citizens assign to these considerations Where few social identity groups are politically salient and partisan attachments are sparse voters may place more weight on issue voting Where issues are largely absent from political discourse valence considerations and campaign effects play a larger role Campaigns and Voters in Developing Democracies develops a theoretical framework to specify why voter behavior differs across contexts The Latin American Voter Ryan E Carlin, Matthew M Singer, Elizabeth J Zechmeister, 2015-07-21 Public opinion and political behavior experts explore voter choice in Latin America with this follow up to the 1960 landmark The American Voter **Democracy without Parties in Peru** Omar Sanchez-Sibony, 2022-06-06 This book provides an in depth look into key political dynamics that obtain in a democracy without parties offering a window into political undercurrents increasingly in evidence throughout the Latin American region where political parties are withering For the past three decades Peru has showcased a political universe populated by amateur politicians and the dominance of personalism as the main party voter linkage form The study peruses the post 2000 evolution of some of the key Peruvian

electoral vehicles and classifies the partisan universe as a party non system There are several elements endogenous to personalist electoral vehicles that perpetuate partylessness contributing to the absence of party building The book also examines electoral dynamics in partyless settings centrally shaped by effective electoral supply personal brands contingency and iterated rounds of strategic voting calculi Given the scarcity of information electoral vehicles provide as well as the enormously complex political environment Peruvian citizens inhabit personal brands provide readymade informational shortcuts that simplify the political world The concept of negative legitimacy environments is furnished to capture political settings comprised of supermajorities of floating voters pervasive negative political identities and a generic citizen preference for newcomers and political outsiders Such environments increasingly present throughout Latin America produce several deleterious effects including high political uncertainty incumbency disadvantage and political time compression Peru's democracy without parties fails to deliver essential democratic functions including governability responsiveness horizontal and vertical accountability or democratic representation among others

Party Brands in Crisis Noam Lupu, 2016-01-15

Why have so many established political parties across Latin America collapsed in recent years Party Brands in Crisis offers an explanation that highlights the effect of elite actions on voter behavior During the 1980s and 1990s political elites across the region implemented policies inconsistent with the traditional positions of their party provoked internal party conflicts and formed strange bedfellow alliances with traditional rivals These actions diluted party brands and eroded voter attachment Without the assured support of a partisan base parties became more susceptible to short term retrospective voting and voters without party attachments deserted incumbent parties when they performed poorly Party Brands in Crisis offers the first general explanation of party breakdown in Latin America reinforcing the interaction between elite behavior and mass attitudes

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020 This Handbook provides definitive reference work on political executives and their key role in political systems It records the current theoretical and methodological debates and sets the agenda for future research in this prominent and extremely wide ranging field of research

Transforming Labor-Based Parties in Latin America Steven Levitsky, 2003-01-20 Why did some Latin American labor based parties adapt successfully to the contemporary challenges of neoliberalism and working class decline while others did not Drawing on a detailed study of the Argentine Peronism as well as a broader comparative analysis this book develops an organizational approach to party change Levitsky's study breaks new ground in its focus on informal and weakly institutionalized party structures It argues that loosely structured party organizations such as those found in many populist labor based parties are often better equipped to adapt to rapid environmental change than are more bureaucratic labor based parties The argument is illustrated in the case of Peronism a mass labor based party with a highly fluid internal structure The book shows how this weakly routinized structure allowed party reformers to undertake a set of far reached coalitional and programmatic changes that enabled

Peronism to survive and even thrive in the neoliberal era

The Mobilization and Demobilization of Middle-Class

Revolt Daniel Ozarow, 2019-03-20 Adopting Argentina's popular uprisings against neoliberalism including the 2001-02 rebellion and subsequent mass protests as a case study *The Mobilization and Demobilization of Middle Class Revolt* analyzes two decades of longitudinal research 1995-2018 including World Bank and Latinobarómetro household survey data along with participant interviews to explore why nonpolitically active middle class citizens engage in radical protest movements and why they eventually demobilize In particular it asks how do they become politicized and resist economic and political crises along with their own hardship Theoretically informed by Gramsci's notions of hegemony ideology and class consciousness Ozarow posits that to affect profound and lasting social change multisectoral alliances and sustainable mobilizing vehicles are required to maintain radical progressive movements beyond periods of crisis With the Argentinian revolt understood to be the ideological forerunner to the autonomist inspired uprisings which later emerged comparisons are drawn with experiences in the USA Spain Greece UK Iceland and the Middle East as well as 1990s contexts in South Africa and Russia Such a comparative analysis helps understand how contextual factors shape distinctive struggling middle class citizen responses to external shocks This book will be of immense value to students activists and theorists of social change in North America in Europe and globally

Beyond Neoliberalism in Latin America? J. Burdick, P. Oxhorn, K. Roberts, 2009-01-05

While the neoliberal model continues to dominate economic and political life in Latin America people throughout the region have begun to strategize about how to move beyond this model Twelve cutting edge papers investigate how Latin Americans are struggling to articulate a future in which neoliberalism is reconfigured

La crisis económica en América Latina José Luis Machinea, 2010 La crisis financiera internacional tuvo consecuencias de corto y alcances e impactos mediano plazo en todo el mundo América Latina no fue la excepción aunque sorprendentemente no se vio tan afectada por ella como se suponía Este libro examina los impactos de la crisis en el rea económica social y política y por qué sus efectos fueron menores Asimismo se discuten las razones que llevan a analizar la región con más optimismo que en el pasado en particular las vinculadas con el manejo macroeconómico los cambios en las políticas sociales y las relacionadas con el futuro de la economía mundial Las mejores perspectivas dependen de dos cuestiones que se examinan en distintos capítulos el comportamiento de la economía mundial y los cambios necesarios en la estructura productiva y social que permitan sentar las bases de un desarrollo sostenido

Unveiling the Magic of Words: A Overview of "**Economic Crises And Electoral Responses In Latin America**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Economic Crises And Electoral Responses In Latin America**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
