Economic Crisis And Political Change In North America:

Economic and Political Change in Asia and Europe Bernadette Andreosso-O'Callaghan, Frédéric Royall, 2012-08-10 Since the 1973 publication of Alain Peyrefitte's prophetic *When China Awakens* developments in East Asia have outstripped even the wildest predictions China has undergone the fastest industrialization and urbanization process in history yet tensions there are rising as some realize how far they have been left behind This volume explores the applicability of European economic and social models to our analysis of East Asia's and in particular China's situation Though millions of Chinese and other Asian people have been lifted out of poverty inequality is rising nonetheless and contemporary Europe and Asia are both witnessing collective action against rampant economic neoliberalism in the former and the exclusion of minorities in the latter It is difficult to overstate the relevance of this assessment which seeks answers to some central questions Can events in Europe serve as a model for those in East Asia Are there similarities or differences between the two regions To what extent do political economic or social systems stimulate or inhibit collective action How culturally equivalent are the collective actions of marginalized disadvantaged people in the two locations or are events in Europe symptomatic of specific cultural attributes Comparing and contrasting the research tools and dominant paradigms in the social and economic sciences in East Asia and Europe as this volume does throws out some revealing results Political Change and Consolidation A.

Freedman, 2006-11-13 This book explores the varying reactions to the political turmoil in Asia in the late 1990s by looking at external pressures from global actors the IMF and US security policy popular protests the nature of the opposition and elite coalition formation dissolution at the highest levels of government Politics and Social Change in Latin America Howard J.

Wiarda, 2003-10-30 Wiarda provides a new edition of a pioneering exploration of Latin American political culture the authoritarian tradition and the recent transitions to democracy and the special meaning of that term in the Latin American context The volume contains a provocative Introduction and Conclusion by the editor as well as essays by leading scholars of Latin American politics and history Richard Morse Octavio Paz Glen Dealy Peter Smith and others This is a classic collection newly revised and updated Governing Migration Beyond the State Andrew Geddes, 2021-01-19 International migration

has become a salient concern in global politics but there is also significant variation in governance responses By focusing on four key world regions Europe North America South America and Southeast Asia this book explores the underlying factors that shape governance responses Rather than focusing on the more visible outputs or outcomes of governance processes such as laws and policies this book opens the black box of migration governance to reveal how understandings and representations of the causes and effects of migration held by key governance actors in these four regions have powerful effects not only on governance outcomes but more broadly on the prospects for global migration governance By doing so the book shows how migration governance systems through their operation and effects can shape migration in its various forms and the lived experiences of migrants The Changing Role Of The State In Latin America Menno Vellinga, 2018-02-19

Since the 1930s the state has played a primary role in the development process of Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations Since the 1930s the state has played a primary role in the development process of most Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations looking for example at transfers of power to local and regional authorities the role of NGOs and other interest groups in policymaking the emergence of new social movements and privatization and the introduction of market criteria Several country case studies are also included

Market Economics and Political Change Juan D. Lindau,2000-01-01 Does market liberalization promote democracy The accepted answer from scholars pundits and politicians alike has been yes However the contributors to this innovative study of market reforms and political change in Mexico and the People s Republic of China argue that this easy equation is not only empirically uncertain but methodologically flawed Using comparative contextual analysis the contributors carefully identify the elective affinities between these two very different polities to reveal key variables that determine how markets will affect democracy particularly law as the rudder of democracy and the role of political culture in civil society

Tourism and Political Change Richard Butler,Wantanee Sunkul,2017-03-31 Tourism is a vital tool for political and economic change With international contributions from experienced individuals this book cover general themes and issues with three thematic sections with original chapters and a concluding section It covers a variety of international political changes at different scales and their resulting effects *Political Change and Environmental Policymaking in Mexico* Jordi Diez,2013-10-31 This book explores environmental policymaking in Mexico as a vehicle to understanding the broader changes in the policy process within a system undergoing a democratic transformation It constitutes the first major analysis of environmental policymaking in Mexico at the national level and examines the implementation of forestry policy in Mexico s largest rain forest the Selva Lacandona of the state of Chiapas [Routledge Handbook of Latin America in the World](#) Jorge Dominguez,Ana Covarrubias,2014-10-17 The Handbook of Latin America in the World explains how the Latin American countries have both reacted and contributed to changing international dynamics over the last 30 years It provides a comprehensive picture of Latin America s global engagement by looking at specific processes and issues that link governments and other actors social and economic within the region and beyond Leading scholars offer an up to date state of

the field theoretically and empirically thus avoiding a narrow descriptive approach The Handbook includes a section on theoretical approaches that analyze Latin America's place in the international political and economic system and its foreign policy making Other sections focus on the main countries actors and issues in Latin America's international relations In so doing the book sheds light on the complexity of the international relations of selected countries and on their efforts to act multilaterally The Routledge Handbook of Latin America in the World is a must have reference for academics researchers and students in the fields of Latin American politics international relations and area specialists of all regions of the world

Confrontational and Cooperative Regional Orders Ariel Gonzalez Levaggi, 2019-07-23 This book explains cooperative and confrontational regional orders in the post Cold War era Applying a push and pull framework to the evolution of regional orders the book's theoretical section compares regional dynamics and studies the transformation and authority of governing arrangements among key regional actors who manage security and institutional cooperation This presents a novel approach to comparing non Western regional orders and helps forge a better integration between International Relations disciplinary approaches and area studies The empirical section analyzes Central Eurasia and South America within the period 1989-2017 using case studies and interviews with decision makers practitioners and experts The volume demonstrates that soft engagement strategies from extra regional great powers and internationalist domestic coalitions framed in a stable democratic polity are forces for peaceful interaction while hard engagement strategies from great external powers plus nationalist coalitions within democratic backsliding in key regional powers present negative outlooks for regional cooperation This book will be of much interest to students of regional security comparative politics area studies and International Relations

Trade Unions and the Coming of Democracy in Africa J. Kraus, 2007-12-09 In this book top scholars look at the efficacy of trade union and worker protest in overthrowing authoritarian governments in Africa The analytical introduction and case studies from major African countries argue that unions were often the most important single social force in the democratization process

Governance Without Government James N. Rosenau, Ernst-Otto Czempiel, 1992-03-26 A world government capable of controlling nation states has never evolved but governance does underlie order among states and gives direction to problems arising from global interdependence This book examines the ideological bases and behavioural patterns of this governance without government

AgExporter, 1995 **The Volatility and Future of Democracies in Asia** Hsin-Huang Michael Hsiao, Alan Hao Yang, 2021-11-29 This book explores the volatile and uncertain future of democracies in Asia through typological analysis of the diverse patterns of Asian countries Detailed analysis and extensive case studies featured throughout this edited volume unveil democracies in the process of being consolidated such as Taiwan and South Korea precarious democracies such as Indonesia Malaysia and the Philippines states that are experiencing setbacks and a retreat from democracy such as Thailand and Myanmar and finally states that are still resisting democracy including China Key findings articulate that Asian democracies do not follow existing models or patterns

such as that of Western democracy but are instead lively emergent works in progress. Environments in which democracy is practiced in Asia reflect local people's pluralistic imagination of democracy; hence a comparative thematic approach is adopted. Contributors originate from Japan, Korea, Malaysia, the Philippines, Taiwan, and Thailand, each presenting regional insights into the unique challenges and movements of their respective nations, from staging protests in Bangkok to military coup in Myanmar. Opening new dialogue in the study of democracy, *The Volatility and Future of Democracies in Asia* will appeal to students and scholars of political science, comparative politics, international development, democracy studies, and Asian studies more broadly.

Political Disaffection in Contemporary Democracies Mariano Torcal, José Ramón Montero, 2006-04-18 Citizens of many democracies are becoming more critical of basic political institutions and detached and disaffected from politics in general. This is a new comparative analysis of this trend that focuses on major democracies throughout Latin America, Asia, and Central Europe. It brings together leading scholars to address three key areas of the current debate: the conceptual discussion surrounding political disaffection, the factors causing voters to turn away from politics, the actual consequences for democracy. This is a highly relevant topic as representative democracies are coming to face new developments. It deals with the reasons and consequences of the so-called democratic deficit in a systematic way that enables the reader to develop a well-rounded sense of the area and its main debates. This book is an invaluable resource for all students of political science, sociology, cultural studies, and comparative politics.

The SAGE Handbook of Marketing Theory Pauline Maclaran, 2009-12-22 This exciting new Handbook brings together the latest in debates concerning the development of marketing theory, featuring original contributions from a selection of leading international authors. The collection aims to give greater conceptual cohesion to the field by drawing together the many disparate perspectives and presenting them in one volume. The contributors are all leading international scholars chosen to represent the intellectual diversity within marketing theory.

North Africa Yahia H. Zoubir, Haizam Amirah-Fernández, 2008-01-15 This volume provides a comprehensive overview of the contemporary Maghreb. Made up of contributions from leading academics in the field, it highlights specific issues of importance, including international and security affairs. With profiles of individual countries and regional issues such as migration, gender, integration, economics, and war in Western Sahara, as well as a section dealing with international relations and the Maghreb, including US and EU foreign policy and security issues, *North Africa: Politics, Region, and the Limits of Transformation* is a major resource for all students of Middle Eastern Studies and North African Politics.

Mexican Politics in Transition Judith Gentleman, 2019-03-13 Initiated in the mid 1970s, Mexico's program of political reform was designed to provide a new opportunity for political competition. In this book, contributors examine the significance political mobilization has had and the extent to which the reform has served as a vehicle for defusing discontent in the wake of Mexico's failed oil-based development.

Language Politics of Regional Integration Michael A. Morris, 2016-04-08 Language policies impact language choice, language prestige, and language spread. Rising regional

integration both formal and informal adds to the sensitivity and complexity of language politics whether in North America South America or Europe This book shows how language politics vary across the Americas and contrast with Europe

Politics in the New Hard Times Miles Kahler, David A. Lake, 2013-04-15 The Great Recession and its aftershocks including the Eurozone banking and debt crisis add up to the worst global economic crisis since the Great Depression of the 1930s Although economic explanations for the Great Recession have proliferated the political causes and consequences of the crisis have received less systematic attention *Politics in the New Hard Times* is the first book to focus on the Great Recession as a political crisis one with both political sources and political consequences The authors examine variation in crises over time and across countries rather than treating these events as undifferentiated shocks Chapters also explore how crisis has forced the redefinition and reinforcement of interests at the level of individual attitudes and in national political coalitions Throughout the authors stress that the Great Recession is only the latest in a long history of international economic crises with significant political effects and that it is unlikely to be the last

Reviewing **Economic Crisis And Political Change In North America**: Unlocking the Spellbinding Force of Linguistics
