Cai, 2010-01-20 While major theories of economic regionalism in the existing literature are primarily constructed to explore institutionalized regional integration European integration in particular the analytical framework developed in this work explains the unique process and pattern of regional integration in East Asia National Purpose in the World Economy Rawi Abdelal, 2018-08-06 How do national identities affect the world economy Building on the insight that nationalisms and national identities endow economic policy with social purpose Rawi Abdelal proposes a novel theoretical framework a distinctively Nationalist perspective on international political economy to answer this question Using this framework and drawing on field research in Lithuania Ukraine and Belarus he provides an in depth look at the link between national identity and the economic policies of the new states formed by the breakup of the Soviet Union All these states from the Baltic coast to central Asia were economically dependent on Russia during the 1990s However they reacted very differently to that dependence and their reactions can be traced Abdelal contends to their individual societies Some such as Belarus found dependence inevitable and sought economic reintegration with Russia Others like Lithuania interpreted dependence as a large scale security threat and reoriented their economies away from Russia A third group typified by Ukraine demonstrated no coherent economic policy at all regarding dependence Abdelal distinguishes the Nationalist tradition in international political economy from the Realist tradition and shows that economic nationalism is different than mercantilism He demonstrates the ways that national identity affects economic policy and explains why some governments seek economic autonomy while others prefer regional reintegration He then applies his approach to other cases of economic reorganization after the end of empire eastern Europe in the 1920s after the Habsburgs 1950s Indonesia and French West Africa in the 1960s **Economic Nationalism in East-Central Europe and South America, 1918-1939** Henryk Szlajfer, 1990 *Economic Nationalism and the Future of American Politics* Ruy A. Teixeira, Guy Molyneux, 1993 Discusses the competitive decline of the USA and its role in the emergence of economic nationalism Considers attitudes of the two political parties and the efforts to ratify the North American Free Trade Agreement NAFTA *Nation and Nationalism in Japan* Sandra Wilson, 2013-04-15 Nationalism was one of the most important forces in 20th century Japan It pervaded almost all aspects of Japanese life but was a complex phenomenon frequently changing and often meaning different things to different people This book brings together interesting original new work by a range of international leading scholars who consider Japanese nationalism in a wide variety of its aspects Overall the book provides many new insights and much new thinking on what continues to be a crucially important factor shaping current developments in Japan
