Foreign Currency Volatility and the Market for French Modernist Art David Challis,2021-08-04 Foreign Currency Volatility and the Market for French Modernist Art examines how the collapse of the French franc in the decades following the First World War activated powerful push and pull economic forces that compelled French art collectors to monetise their collections while simultaneously elevating the purchasing power of international art collectors These factors are shown to have played a significant and previously under recognised role in the large scale translocation of French modernist art that radically accelerated its commercial and critical reception across the globe and positioned it at the apex of the newly established hierarchy of modern art

The End of the American Avant Garde Stuart D. Hobbs,1997-02-01 By 1966 the composer Virgil Thomson would write Truth is there is no avant garde today How did the avant garde dissolve and why In this thought provoking work Stuart D Hobbs traces the avant garde from its origins to its eventual appropriation by a conservative political agenda consumer culture and the institutional world of art *The Social Life of Inkstones* Dorothy Ko,2017-03-07 Follows the path of an everyday object from quarry to desk An inkstone a piece of polished stone no bigger than an outstretched hand is an instrument for grinding ink an object of art a token of exchange between friends or sovereign states and a surface on which texts and images are carved As such the inkstone has been entangled with elite masculinity and the values of wen culture literature civility in China Korea and Japan for more than a millennium However for such a ubiquitous object in East Asia it is virtually unknown in the Western world Examining imperial workshops in the Forbidden City the Duan quarries in Guangdong the commercial workshops in Suzhou and collectors homes in Fujian *The Social Life of Inkstones* traces inkstones between court and society and shows how collaboration between craftsmen and scholars created a new social order in which the traditional hierarchy of head over hand no longer predominated Dorothy Ko also highlights the craftswoman Gu Erniang through whose work the artistry of inkstone making achieved unprecedented refinement between the 1680s and 1730s *The Social Life of Inkstones* explores the hidden history and cultural significance of the inkstone and puts the stonecutters and artisans on center stage *Democratising Beauty in Nineteenth-Century Britain*
