Emerging from the Chrysalis Bruce Lincoln, 1981 **Emerging from the Chrysalis** Bruce Lincoln, *Emerging From the Chrysalis* Bruce Lincoln, 1991-09-01 Now reissued in an expanded edition this unique book offers the first full length treatment of women's initiation rites in five cultures Considering initiation rites among the Tiyyar of South India the Navajo the Tiv of West Africa and the Tukuna of the Northwest Amazon Lincoln argues that unlike men's rites women's rites do not impart a change in hierarchical status but rather a cosmic change which offers religious compensation for women's generally low socio political status *Maturity, Marriage, Motherhood, Mortality* Preston H Kelsey Professor of Religion Emerita Susan Ackerman, Susan Ackerman, 2025-10-29 *Maturity Marriage Motherhood Mortality* is a study of women's life cycle rituals in ancient Israel beginning with rituals that marked a girl child's birth and then considering a young woman's coming of age and her betrothal and wedding as well as rituals undertaken by women during pregnancy and during the days and early years after giving birth before concluding with a discussion of rituals enacted upon a woman's death Throughout the book highlights features distinctive to women's life cycle rituals and especially differences between women's life cycle rituals and men's and it puts forward a six part theoretical model to explain these distinctive features and differences Provided by publisher Introducing Anthropology Laura Pountney, Tomislav Marić, 2021-04-28 The perfect starting point for any student new to this fascinating subject offering a serious yet accessible introduction to anthropology Across a series of fourteen chapters *Introducing Anthropology* addresses the different fields and approaches within anthropology covers an extensive range of themes and emphasizes the active role and promise of anthropology in the world today The new edition foregrounds in particular the need for anthropology in understanding and addressing today's environmental crisis as well as the exciting developments of digital anthropology This book has been designed by two authors with a passion for teaching and a commitment to communicating the excitement of anthropology to newcomers Each chapter includes clear explanations of classic and contemporary anthropological research and connects anthropological theories to real life issues at the local and global levels The vibrancy and importance of anthropology is a core focus of the book with numerous interviews with key anthropologists about their work and the discipline as a whole and plenty of ethnographic studies to consider and use as inspiration for readers own personal investigations A clear glossary a range of activities and discussion points and carefully selected further reading and suggested ethnographic films further support and extend students learning *Introducing Anthropology* aims to inspire and enthuse a new generation of anthropologists It is suitable for a range of different readers from students studying the subject at school level to university students looking for a clear and engaging entry point into anthropology **Beyond Ritual** Siobhán Garrigan, 2017-03-02 In *Beyond Ritual* Siobhan Garrigan uses Habermas's theory of communicative action to suggest two things first a method by which theology can access the ritual symbols by which faith is formed and secondly a metaphor of intersubjectivity with which theology can propose an interpretative rather than an

instrumental understanding of sacramentality and thus of God Through fieldwork studies of both marginal and mainstream Christian Eucharists Garrigan develops the conversation between Habermas's philosophy and Christian theology showing how ritual interactions form and challenge our very idea of God *The Wiley Blackwell Companion to the Study of Religion*
