Daniel Conway, 2015-06-16 Excerpt from Emerson at Home and Abroad It needed this night to bring out the star of that hope I send you a friend writes a sprig from the evergreen that bordered Emerson's grave as his coffin was lowered into it this afternoon I dropped a piece in after the school children had covered the coffin with their tributes and kept the rest of which this is a part Is this bit of evergreen already dust all the Amen Nature can give to the faith of its greatest heart Ye pines and oaks of Sleepy Hollow awake Wrestle as Herakles for Alcestis grapple with Death for your poet and lover Search with every rootlet for the seed of that brain and lift it again to upper air Alas Nature has been faithless He trusted her April smiles and she chilled him with death and now she seems to contradict his living word drawing those he taught to live in the present to find their paradise in the past he made so beautiful But the ground laurel on his grave and the whispering oaks and pines waving above it have sent abroad their message to those who with him have walked that sacred grove saying What he has been to thee that shalt thou tell Into the grave of memory shalt thou search and lift by what art thou canst every gracious word he gave thee every thought he inspired and all the beautiful life thou didst witness to its resurrection and life that he may through love be as immortal as a mortal can be About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Emerson at Home & Abroad** Moncure Daniel Conway, 1882 *Emerson at Home and Abroad* Conway, 1883 **Emerson at Home and Abroad (Classic Reprint)** Moncure Daniel Conway, 2017-12-26 Excerpt from Emerson at Home and Abroad At last the day came when I stood at the door of Emerson I had entered the Divinity College at Cambridge and carried a letter from one of his friends but I was nervous and it was some relief to hear he was not at home His little daughter and son however brought me an invitation from Mrs Emerson to return soon and meantime they took me on a beautiful walk a walk amid apple trees where we sat and told tales in a lovely Lost Bower I was taken to Emerson by his children and gave him my note of introduction He remembered and said Surely you are my Virginian correspondent With that he extended his hand and welcomed me with a smile his smile not to be lightly lost by one it has warmed For me who never before had seen a great man who yet in my minority was cut off from every relative and had alienated every early friend this welcoming word and smile was the break of a new day I could not answer Many years after I read that one in paradise was asked how he got there and replied One day as Buddha passed by he smiled upon me Twenty eight years later on that spot where I first met Emerson I parted from him to

see him no more It was with the old grasp of hand and with that smile on his face to win which would at any time have meant to me success It is before me now and shall not be changed to a frown by any sentence in this little book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

History of Metaphor David LaRocca, 2013-09-26 Metaphors are ubiquitous and yet for that very reason go largely unseen We are all variously susceptible to a blindness or blurry vision of metaphors yet even when they are seen clearly we are left to situate the ambiguities connotations and contradictions they regularly present logically aesthetically and morally David LaRocca's book serves as a set of reminders of certain features of the natural history of our language especially the tropes that permeate and define it As part of his investigation LaRocca turns to Ralph Waldo Emerson's only book on a single topic English Traits 1856 which teems with genealogical and generative metaphors blood birth plants parents family names and race In the first book length study of English Traits in over half a century LaRocca considers the presence of metaphors in Emerson's fertile text a unique work in his expansive corpus and one that is regularly overlooked As metaphors are encountered in Emerson's book and drawn from a long history of usage in work by others a reader may realize or remember what is inherent and encoded in our language but rarely seen how metaphors circulate in speech and through texts to become the lifeblood of thought **The Publishers Weekly** , 1882 **The Cambridge History of American Literature:**
