Emil Brunner On Love Marriage:

Emil Brunner on Love & Marriage Emil Brunner,1970 **A Marriage Manual** Perry Biddle,1994-08-09 A comprehensive contemporary resource for planning and conducting Christian marriage services and providing pastoral care for couples before and after the wedding Includes sample wedding services from mainline denominations and suggestions for designing personalized services selecting music and developing church policy statements Marriage and Modernization Don S. Browning,2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful

Guernsey,2012-04-04 In this book Ray S Anderson a pastor theologian and Dennis B Guernsey a family sociologist explore the connections that produce the marvelous complicated and often contorted human family The central thesis of the book is that God has placed human persons in a created order for which the covenant love of God provides the fundamental paradigm for parenting sexuality and marriage and the formation of family life From the perspective of the church as the new family of God the human family is liberated from its own failures and fears and each person is affirmed as having a place in God s kingdom Through Jesus Christ to whom we are connected by grace we are all brothers and sisters We are family Unification Insights into Marriage and Family: The Writings of Dietrich F. is a treatise on Marriage as it was meant to be Marriage was intended for the couple to experience God's glory lavished on each other by each other and in turn poured out on the world around them God's glory in marriage is nothing but His absolute compassion and mercy slowness to anger unfailing love impeccable faithfulness kind forgiveness and His refusal to excuse guilty actions The mission of such a marriage is to diffuse God's glory through these attitudes throughout the world beginning with the inner circle of marriage and family The author hopes that looking at such topics as the priority of worship the difference between the roles of the husband and the wife communication as a marital life preserver accountability speeding up the process of holiness sexual bonding and healthy financial management will help to bring into clear focus the mission of a Christian marriage If these were all incorporated into the marriage what a glimpse of heaven on earth that would be

Who We are Paul King Jewett, 1996 This is a print on demand book and is therefore non returnable This timely theology of humankind gives an evangelical and Reformed perspective on what it means for us to be created in the image of God and shows how this image relates to contemporary problems of racism sexuality and our relationship to the natural world The second volume in the late Paul Jewett's planned multivolume systematic theology which began with God Creation and Revelation this work brings solid biblical and theological scholarship to bear on the Christian doctrine of humankind showing that our unique dignity as human beings is to have been created to live our lives before God in loving responsibility toward God and other people Excellent doctrinal sermons by Marguerite Shuster demonstrate how theological and practical aspects of the doctrine of humankind might be preached in local congregations

Love and the Genders Erik von Kuehnelt-Leddihn, 2019-12-13 Love and the Genders deals with the four forms of love Eros the love between the sexes the affections between family members friendship with the accent between the sexes and charity This scholarly book 60% elaborate footnotes is based on the author's German book Das Raetsel Liebe The Engima of Love Vienna Herold 1975 All forms of love tend toward union The rapist does not love and masturbation needs no partner The book has profound cultural and even political implications What are the qualities and qualifications of the sexes their identities and specific roles Men are not superior to women and vice versa but they are radically different and the biological research in recent years has made a number of discoveries We only know since 1958 for certain that every cell in the male body carries an additional element the Y but brain research has proven that the sexual differences are not only hormonal known for a long time but are also in the brain Thus men and women are in no way interchangeable They are not made to compete Their differences are rather statistical than personal and there are situations in which they can or must substitute for each other Thus queens might have to rule and men might have occasionally to tend babies although they cannot nurse them A high culture is ordered such that the sexes genders might get their fulfillment and naturally they must feel affection for each other The point of view of this book is Christian which includes a Hebrew background It is not specifically Catholic and does not deal directly with sexual ethics Contraception is a sexual problem abortion is obviously plain murder Homosexuality is mentioned a bit

more broadly Misandry and misogyny are referenced in the North American and European situation Friendship not sex or Eros is the most important element in marriage If one marries can the partner be a friend for a lifetime Fidelity belongs psychologically to friendship not to Eros or sex What about the political aspect of the love the interest the enthusiasm for otherness Leftists are identitarians This book with its scope and documentation is quite unique It deals basically with the crisis of our time and age

The Geography of Good and Evil Andreas Kinneging, 2023-04-04 Do good and evil exist Absolutely In this bracing book the eminent Dutch philosopher Andreas Kinneging turns fashionable thinking on its head revealing how good and evil are objective universal and unchanging and how they must be rediscovered in our age In mapping the geography of good and evil Kinneging reclaims and reintroduces us to the great tradition of ancient and Christian thought Traditional wisdom enables us to address the eternal questions of good and evil that confront us in both public and private life Though it is common to accept uncritically the blessings of modernity and its intellectual sources the Enlightenment and Romanticism Kinneging shows that traditional thinking is richer and more realistic Indeed we see how in more than a few respects the Enlightenment and Romanticism brought not progress but deterioration Kinneging skillfully reformulates and defends the insights of traditional thinking for today s readers demonstrating how an objective morality is to be understood and how we can know what morality demands of us At a time when the traditional virtues have practically disappeared from our language that is all but one tolerance he lays out the foundations of virtue and vice Ultimately Kinneging reveals the lasting significance of these seemingly archaic notions to our own lives to our families to our culture and to civilization This profound award winning work establishes Andreas Kinneging as one of our wisest moral philosophers

Hauk,2017-10-12 The Western tradition has always cherished the family as an essential foundation of a just and orderly society and thus accorded it special legal and religious protection Christianity embraced this teaching from the start and many of the basics of Western family law were shaped by the Christian theologies of nature sacrament and covenant This volume introduces readers to the enduring and evolving Christian norms and teachings on betrothals and weddings marriage and divorce women s and children s rights marital property and inheritance and human sexuality and intimate relationships The chapters are authoritatively written but accessible to college and graduate students and scholars as well as clergy and laity While alert to the hot button issues of sexual liberty today the contributing authors let the historical figures speak for themselves about what Christianity has and can contribute to the protection and guidance of our most intimate association
