

ONE YEAR LATER...

HAVE THINGS
NOT GONE
EXACTLY AS I
PLANNED?

POWER, WEALTH,
REVENGE. HAVE I
NOT GIVEN YOU
EVERYTHING I SAID
I WOULD?

PERHAPS IF I
HAD FALLEN SHORT
ON MY PROMISES,
PERHAPS THEN I
WOULD NOT BE AGGRIEVED
THAT YOU TWO ARE THE
ONLY ONES WILLING TO
SHOW UP WHEN I CALL
A MEETING.

WE LACK
A DEMON, A
GODDESS AND
A WITCH...

I'LL DEAL
WITH THEM
LATER.

Emma's Postcard Album Faith Mitchell, 2022-12-21 BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in Emma's Postcard Album becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way As snippets of lived experience eye catching visual images and reflections of historical moments the cards in the collection become sources for understanding not only African American life but also broader American history and culture In Emma's Postcard Album Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings a much neglected aspect of scholarship Through these techniques a riveting world that is far too little known is revealed and new insights are gained into the perspectives and experience of African Americans Capping off these contributions the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material

Emma's War Deborah Scroggins, 2011-11-23 Emma McCune s passion for Africa her unstinting commitment to the children of Sudan and her youthful beauty and glamour set her apart from other relief workers from the moment she arrived in southern Sudan But no one was prepared for her decision to marry a local warlord a man who seemed to embody everything she was working against and to throw herself into his violent quest to take over southern Sudan s rebel movement With precision and insight Deborah Scroggins who met McCune in Sudan charts the process by which McCune s romantic delusions led to her descent into the hell of Africa s longest running civil war Emma s War is at once a disturbing love story and an up close look at Sudan a world where international aid fuels armies as well as the starving population and where the northern based Islamic government backed by Osama bin Laden is locked in a war with the Christian and pagan south over religion oil and slaves A timely revelatory account of the nature of relief work of the men and women who choose to carry it out and of one woman s sacrifice to its ideals

Recaptured Africans Sharla M. Fett, 2016-11-23 In the years just before the Civil War during the most intensive phase of American slave trade suppression the U S Navy seized roughly 2 000 enslaved Africans from illegal slave ships and brought them into temporary camps at Key West and Charleston In this study Sharla Fett reconstructs the social world of these recaptives and recounts the relationships they built to survive the holds of slave ships American detention camps and ultimately a second transatlantic voyage to Liberia Fett also demonstrates

how the presence of slave trade refugees in southern ports accelerated heated arguments between divergent antebellum political movements from abolitionist human rights campaigns to slave trade revivalism that used recaptives to support their claims about slavery slave trading and race By focusing on shipmate relations rather than naval exploits or legal trials and by analyzing the experiences of both children and adults of varying African origins Fett provides the first history of U S slave trade suppression centered on recaptive Africans themselves In so doing she examines the state of recaptivity as a distinctive variant of slave trade captivity and situates the recaptives story within the broader diaspora of Liberated Africans throughout the Atlantic world

Manning,2016-12-05 The trade in slaves is perhaps the most notorious feature of the era of European expansion Though begun in ancient times and continued well after 1800 in the early modern period there developed a particular nexus in which it boomed This volume distinguishes between procurement and trade and the exploitation of settled slaves the subject of a separate volume in the series edited by Judy Bieber and underscores the importance of the slave trade as a factor in world history A rank redistribution of wealth and power it permitted the exploitation and reconstruction of much of the globe The articles address issues of the volume and flow of trade the various populations enslaved factors of sex age and ethnicity and its impact on economic change as in the monetization of Africa or economic growth in England **European Slave Trading**

in the Indian Ocean, 1500-1850 Richard B. Allen,2015-01-01 Between 1500 and 1850 European traders shipped hundreds of thousands of African Indian Malagasy and Southeast Asian slaves to ports throughout the Indian Ocean world The activities of the British Dutch French and Portuguese traders who operated in the Indian Ocean demonstrate that European slave trading was not confined largely to the Atlantic but must now be viewed as a truly global phenomenon European slave trading and abolitionism in the Indian Ocean also led to the development of an increasingly integrated movement of slave convict and indentured labor during the late eighteenth and early nineteenth centuries the consequences of which resonated well into the twentieth century Richard B Allen s magisterial work dramatically expands our understanding of the movement of free and forced labor around the world Drawing upon extensive archival research and a thorough command of published scholarship Allen challenges the modern tendency to view the Indian and Atlantic oceans as self contained units of historical analysis and the attendant failure to understand the ways in which the Indian Ocean and Atlantic worlds have interacted with one another In so doing he offers tantalizing new insights into the origins and dynamics of global labor migration in the modern world

Narrating the Slave Trade, Theorizing Community Raphaël Lambert,2018-12-24 In Narrating the Slave Trade Theorizing Community Raphaël Lambert explores the notion of community in conjunction with literary works concerned with the transatlantic slave trade The recent surge of interest in both slave trade and community studies concurs with the return of free market ideology which once justified and facilitated the exponential growth of the slave trade The motif of unbridled capitalism recurs in all the works discussed herein however community whether racial political utopian or conceptual emerges as a fitting frame of reference to reveal unsuspected facets of the relationships between all involved parties and expose the ramifications of the trade across time and space Ultimately this book calls for a complete reevaluation of what it means to live together

Mastered by the Clock Mark M. Smith,2000-11-09 Mastered by the Clock is the first work to explore the evolution of clock based time consciousness in the American South Challenging traditional assumptions about the plantation economy s reliance on a premodern nature based conception of time Mark M Smith shows how and why southerners particularly masters and their slaves came to view the clock as a legitimate arbiter of time Drawing on an extraordinary range of eighteenth and nineteenth century archival

sources Smith demonstrates that white southern slaveholders began to incorporate this new sense of time in the 1830s. Influenced by colonial merchants' fascination with time, their familiarity with urban public time by the transport and market revolution in the South, and by their own qualified embrace of modernity, slaveowners began to purchase timepieces in growing numbers, adopting a clock-based conception of time and attempting in turn to instill a similar consciousness in their slaves. But forbidden to own watches themselves, slaves did not internalize this idea to the same degree as their masters, and slaveholders found themselves dependent as much on the whip as on the clock when enforcing slaves' obedience to time. Ironically, Smith shows freedom largely consolidated the dependence of masters as well as freedpeople on the clock.
