Emotion And Culture:

Culture and Emotion Agneta Fischer, A. S. R. Manstead, 2002 The papers in this special issue on culture and emotion outline a new approach to the relationship between culture and emotion which extends beyond the universalism relativism debate

Culture Theory Richard A. Shweder, Robert Alan Levine, Social Science Research Council (U.S.). Committee on Social and Affective Development During Childhood, 1984-12-28 This book examines the role of symbols and meaning in the development of mind self and emotion in culture

Emotion and Culture Shinobu Kitayama, Hazel Rose Markus, 1997 This text contains contributions from researchers in a wide range of scientific fields Their aim is to show that culture penetrates virtually every component process of emotion cognitive linguistic and even physiological and neurochemical

The Emotions and Cultural Analysis Dr Ana Marta González, 2013-01-28 Amidst prevailing debates that construe rationality and emotionality as polar opposites this book explores the manner in which emotions shape not only prevailing conceptions of rationality but also culture in general terms making room for us to speak of an emotional culture specific to late modern societies Presenting case studies involving cultural artefacts narratives found in fictional and non fictional literature and television programs speech patterns and self talk fashion and social networking practices The Emotions and Cultural Analysis sheds light on the relationship between emotion and culture and the ways in which emotion can be harnessed for the purposes of cultural analysis An interdisciplinary volume containing the latest research from sociology philosophy literary studies linguistics and communication this book will be of interest to those working on the sociology and philosophy of emotion cultural studies and cultural theory

Emotions Across Languages and Cultures Anna Wierzbicka, 1999-11-18 This fascinating book explores the bodily expression of emotion in worldwide and culture specific contexts

Cultural Models of Emotions Victor Karandashev, 2020-12-21 This book provides a multidisciplinary overview of cultural models of emotions with particular focus on how cultural parameters of societies affect the emotional life of people in different cultural contexts Going beyond traditional dichotomy of West East comparison and related parameters of culture such as individualism collectivism and power distance it also examines many other cultural dimensions that have received less attention in mainstream research Among the topics covered Basic emotional processes in cultural contexts Cultural complexity of emotions Survival and self expression cultural values Facial expressiveness of emotion across cultures Cultural Models of Emotion is a comprehensive review of international perspectives on cross cultural exploration of emotions and will be a useful resource for researchers in anthropology sociology psychology and communication studies

Metaphor and Emotion Zoltán Kövecses, 2003-09 Are human emotions best characterized as biological psychological or cultural entities Many researchers claim that emotions arise either from human biology i.e biological reductionism or as products of culture i.e social constructionism This book challenges this simplistic division between the body and culture by showing how human emotions are to a large extent constructed from individuals embodied experiences in different cultural settings The view proposed here

demonstrates how cultural aspects of emotions metaphorical language about the emotions and human physiology in emotion are all part of an integrated system and shows how this system points to the reconciliation of the seemingly contradictory views of biological reductionism and social constructionism in contemporary debates about human emotion Our Emotions and Culture E Doyle McCarthy, 2025-01-14 In this highly readable book Doyle McCarthy covers some of the main ways that emotions have become important in our global societies She explains that emotional culture is important for understanding today's world its markets its politics and its mass media To live today is to be emotionally intelligent in our relations and in our workplaces In the modern age global capitalism and mass media have shaped our emotions and made us more emotional Public life has become a place where we search out emotional happenings at shopping malls concerts sports events memorials to death and disaster and in the pursuit of sports **Handbook of the Sociology of Emotions** Jan E. Stets, Jonathan H. Turner, 2007-10-10 Since the 1970s the study of emotions moved to the forefront of sociological analysis This book brings the reader up to date on the theory and research that have proliferated in the analysis of human emotions The first section of the book addresses the classification the neurological underpinnings and the effect of gender on emotions The second reviews sociological theories of emotion Section three covers theory and research on specific emotions love envy empathy anger grief etc The final section shows how the study of emotions adds new insight into other subfields of sociology the workplace health and more Between Us Batja Mesquita, 2022-07-19 Featured in Behavioral Scientist's Summer Book List 2022 A pioneer of cultural psychology argues that emotions are not innate but made as we live our lives together How are you feeling today We may think of emotions as universal responses felt inside but in *Between Us* acclaimed psychologist Batja Mesquita asks us to reconsider them through the lens of what they do in our relationships both one on one and within larger social networks From an outside in perspective readers will understand why pride in a Dutch context does not translate well to the same emotion in North Carolina or why one's anger at a boss does not mean the same as your anger at a partner in a close relationship By looking outward at relationships at work school and home we can better judge how our emotions will be understood how they might change a situation and how they change us Brilliantly synthesizing original psychological studies and stories from peoples across time and geography *Between Us* skillfully argues that acknowledging differences in emotions allows us to find common ground humanizing and humbling us all for the better **Cultural Feelings** Ben Highmore, 2017 It is a commonplace to describe epochs in terms of feelings moods and passions the 1960s we are told swing the 1950s are cool austere and conformist the 1980s were a greedy decade **American Cool** Peter N. Stearns, 1994-04 Cool The concept has distinctly American qualities and it permeates almost every aspect of contemporary American culture From Kool cigarettes and the Peanuts cartoon's Joe Cool to West Side Story Keep cool boy and urban slang Be cool Chill out the idea of cool in its many manifestations has seized a central place in our vocabulary Where did this preoccupation with cool come from How was Victorian culture seemingly so ensconced replaced with the current emotional

status quo From whence came American Cool These are the questions Peter Stearns seeks to answer in this timely and engaging volume American Cool focuses extensively on the transition decades from the erosion of Victorianism in the 1920s to the solidification of a cool culture in the 1960s Beyond describing the characteristics of the new directions and how they altered or amended earlier standards the book seeks to explain why the change occurred It then assesses some of the outcomes and longer range consequences of this transformation

Understanding Emotion in Chinese Culture Louise Sundararajan, 2015-07-06 This mind opening take on indigenous psychology presents a multi level analysis of culture to frame the differences between Chinese and Western cognitive and emotive styles Eastern and Western cultures are seen here as mirror images in terms of rationality relational thinking and symmetry or harmony Examples from the philosophical texts of Confucianism Daoism Buddhism and classical poetry illustrate constructs of shading and nuancing emotions in contrast to discrete emotions and emotion regulation commonly associated with traditional psychology The resulting text offers readers bold new understandings of emotion based states both familiar intimacy solitude and unfamiliar resonance being spoiled rotten as well as larger concepts of freedom creativity and love Included among the topics The mirror universes of East and West In the crucible of Confucianism Freedom and emotion Daoist recipes for authenticity and creativity Chinese creativity with special focus on solitude and its seekers Savoring from aesthetics to the everyday What is an emotion Answers from a wild garden of knowledge Understanding Emotion in Chinese Culture has a wealth of research and study potential for undergraduate and graduate courses in affective science cognitive psychology cultural and cross cultural psychology indigenous psychology multicultural studies Asian psychology theoretical and philosophical psychology anthropology sociology international psychology and regional studies
