Hagman,2025-07-28 In *The Psychoanalysis of Aesthetic Experience Self Relationship and Culture* George Hagman eloquently provides an overview of ideas regarding the aesthetic foundation of human experience and the way in which this aesthetic perspective can shed light on human development culture and analytic clinical process The book discusses the relationship between the psychology of art and the aesthetics of psychoanalytic treatment Hagman presents a comprehensive psychoanalytic model of the psychology of aesthetics creativity beauty ugliness and the sublime as well as a theory of aesthetics across the dimensions of subjectivity self intersubjectivity and culture Starting from the point of early childhood development he argues for the importance of exploring the implications of this important psychological phenomenon for clinical practice highlighting how aesthetics can shed light on a dimension of the psychotherapeutic process that has thus been neglected This book is an illuminating and informative read for all psychoanalysts and anyone interested in the intersection of psychoanalytic practice aesthetics creativity and culture *Clinical Evolutions on the Superego, Body, and*

Gender in Psychoanalysis Janice S. Lieberman,2018-09-03 Patients in psychoanalytic treatment present with a variety of problems that reflect contemporary cultural issues and values *Clinical Evolutions on the Superego Body and Gender in Psychoanalysis* explores the effects of such societal changes on psychoanalytic theory and clinical practice covering topics such as greed envy and deception body narcissism gender roles and relationships Janice S Lieberman includes numerous clinical vignettes and insights into working clinically with changing norms Lieberman explores how changes in values and norms of behavior in the world beyond the consulting room have influenced what is now heard by analysts within it using clinical data to demonstrate the psychological underpinnings of the values promulgated by current trends in politics and in society more widely She explores what she observes to be a new superego where deception abounds and often goes unpunished where greed and envy have arguably increased and there is an enhanced emphasis on the body and its appearance Traditional gender roles have been challenged in fortuitous ways but a certain amount of chaos and confusion

has ensued Relationships are found and maintained using technology yet many feel lonely and empty She writes about the clinical dilemmas she has faced and offers suggestions for resolving them in working with today's patients Lieberman also sees parallels for these developments in several artists' lives and in their work *Clinical Evolutions on the Superego Body and Gender in Psychoanalysis* will be of great interest to psychoanalysts and psychoanalytic psychotherapists

How Culture Runs the Brain Jay Evans Harris, 2017-07-31 Freud was right mind and brain evolved together adapting progressively to cultural change responding regressively to wars genocides and forced migrations Freud traced innate conflicts between pleasure and aggression in each stage of individual development to corresponding development in cultural stages Cultural trauma that induces PTSD with a loss of secure identity in one generation induces collective phantasies mythologies among succeeding generations and this may form cultural syndromes of revenge and restitution Families tribes clans and religious communities can regress together to infant and childhood stages They may breed heroes sociopaths revolutionaries or potential terrorists vulnerable to the siren call of internet shamans *How Culture Runs and sometimes ruins the Brain* presents neuroscience findings revealing fantasy as the brain's default mode as it alters identity during unbearable trauma or loss The book presents case histories of cultural conflicts among individuals tribes and nations using the examples of the Boston Marathon Bombers Bowe Bergdahl's iconic trial the Orlando Shooter and regressive American players in the election of 2016 Conflicting forms of cultural narcissism determine economic survival the immature narcissism of Trump and his followers challenges the mature narcissism that hid Hillary Clinton's hubris Immature narcissistic oligarchs can act out their economic dominance to deal with the fear of extinction of their own identity Some terrorists groups use mature global technology in the service of immature fundamentalist identity

Children Surviving Persecution Judith S. Kestenberg, Charlotte Kahn, 1998-10-23 This international study of children's experiences of organized persecution explores the Holocaust and its aftermath as prototypical social trauma Traumatized persons feelings of shame and guilt as well as a sense of being different may prevail and they may attribute great power to others seek safety in isolation or search for a rescuer Nevertheless as a group the child survivors of the Holocaust have achieved remarkable success as adults Drawing on the wealth of personal and interview information the contributors create a synthesis of personal history and psychological analysis Adult memories of traumatic childhood experiences are accompanied by discussions of their effects and by analysis of the various coping mechanisms used to establish a viable post war existence These accounts are distinguished by the fact that they are by and about individuals who grew up in undistinguished Christian and Jewish families not those of prominent figures or resistance fighters or rescuers All experienced unrest and many suffered trauma during the Nazi regime as a result of the war and during the post war turbulence An important collection for students and scholars of the Holocaust and for those professionals in a position to help surviving victims of other organized persecution civil violence strife and abuse

Trauma Cinema Janet Walker, 2023-11-15 Trauma Cinema focuses on a new breed of documentary films and videos that adopt catastrophe as their subject matter and trauma as their aesthetic Incorporating oral testimony home movie footage and documentary reenactment these documentaries express the havoc trauma wreaks on history and memory Janet Walker uses incest and the Holocaust as a double thematic focus and fiction films as a point of comparison Her astute and original examination considers the Hollywood classic *Kings Row* and the television movie *Sybil* in relation to vanguard nonfiction works including Errol Morris's *Mr Death* Lynn Hershman's video diaries and the chilling genealogy of incest Just Melvin Both incest and the Holocaust have also been featured in contemporary psychological literature on trauma and memory The author employs theories of post traumatic stress disorder and histories of the so called memory wars to illuminate the amnesias fantasies and mistakes in memory that must be taken into account along with corroborated evidence if we are to understand how personal and public historical meaning is made Janet Walker's engrossing narrative demonstrates that the past does not come down to us purely and simply through eyewitness accounts and tangible artifacts Her incisive analysis exposes the frailty of memory in the face of disquieting events while her joint consideration of trauma cinema and psychological theorizing radically reconstructs the roadblocks at the intersection of catastrophe memory and historical representation Trauma Cinema focuses on a new breed

of documentary films and videos that adopt catastrophe as their subject matter and trauma as their aesthetic Incorporating oral testimony home movie footage and documentary reenactment these documentaries ex

The Mind Object Edward G. Corrigan, Pearl-Ellen Gordon, 1995-11-01

How to Help People Who Have Only Their Minds to Love Can a person relate to his or her own mind as an object depend upon it to the exclusion of other objects idealize it fear it hate it Can a person live out a life striving to attain the elusive power of the mind's perfection yielding to its promise while sacrificing the body's truth Winnicott was the first to describe how very early in life an individual can in response to environmental failure turn away from the body and its needs and establish mental functioning as a thing in itself Winnicott's elusive term the mind psyche describes a subtle yet fundamentally violent split in which the mind negates the role of the body its feelings and functions as the source of creative living Later Masud Khan elaborated on Winnicott's notions This exciting book extends Winnicott's and Khan's ideas to introduce the concept of the mind object a term that signifies the central dissociation of the mind separated from the body as well as underscores its function When the mind takes on a life of its own it becomes an object separate as it were from the self And because it is an object that originates as a substitute for maternal care it becomes an object of intense attachment turned to for security solace and gratification Having achieved the status of an independent object the mind also can turn on the self attacking demeaning and persecuting the individual Once this object relationship is established it organizes the self providing an aura of omnipotence However this precocious schizoid solution is an illusion vulnerable to breakdown and its associated anxieties Making a unique contribution **The Mind Object** explores the dangers of knowing too much the lure of the intellect for the patient as well as for the therapist The authors illuminate the complex pathological consequences that result from precocious solutions
