Probing the Mind to Free the Soul Stephen G. Fowler, 2017-05-25 Christian theology presents an overly simplistic portrayal of the mind and nature of man his needs his longings his beliefs and his aspirations for God A psychoanalytic protest theology aims at bringing psychoanalytic complexity regarding the mind to theology Organized Christianity has failed to account for how the unconscious influences interpretations of Scripture and also how application of Scripture to lived life can be damaging if complex unconscious factors are not considered in theology This book attempts to employ psychoanalytic insights in the exploration of critically important themes addressed by theology Among them morality and conscience autonomy and destiny and relationship and sexuality including the sexuality of God suffering and law along with its correlation with death This is intended to serve an integrative constructive purpose Both classical psychoanalysis and Christian Scriptures conceptualize sexuality in its large sense as residing at the core of the mind of mankind Christianity has tended to cope with sexuality by adopting a notion of attainable sexual purity a myth that this work seeks to expose and dismantle with a view to enabling the church to more effectively and compassionately engage with real people whose sexuality is characteristically complicated and troublesome **Feed the Tiger, Free the Dragon** Gillian

Harper, 2022-09-20 Has your partner become your everything That s probably not a good thing In many modern relationships our partners have become our everything best friend lover career mentor co parent gym buddy fellow food critic and TV binge watching partner And if you were in a relationship during the pandemic you did literally everything together All Day Long The further we go down this road the more our relationships start to feel and taste like a lukewarm bowl of porridge No salt No sugar No delicious apple berry granola crumble Just a plain old bowl of oats served up three times a day And sure oats are reasonably nutritious but they are also really boring After spending so much time together we have like magnets rubbed up against each other for so long that we have completely lost the powerful energy and sexual attraction we once had But you don t need to settle for a life devoid of desire and passion It s time to stop settling So put down that sad little spoon

and stop eating that gruel It s time to feel your sharp teeth your claws and the fire in your chest In Feed the Tiger Free the Dragon you will learn to create more excitement and sexual tension in your relationship through the practice of polarity The natural law of polarity states that people with opposite sexual energy produce an attractive force between them while people with the same energy produce a neutral or repulsive force In other words opposites attract And the larger the energy distance between two people the greater the attraction Using the narrative of her broken marriage as a guide Harper teaches us how to master the principles of polarity and how to embrace our inner Tiger or inner Dragon By understanding and embracing your authentic uniqueness and learning to counterintuitively push away from your partner you will find more love lust pleasure freedom and respect Yes that s a lot But isn t it time to start living the most fulfilled version of our lives It s time to find our happiness
