Cheema, 2021-12-16 Over the last decade the Supreme Court of Pakistan has emerged as a powerful and overtly political institution While the strong form of judicial review adopted by the Supreme Court has fostered the perception of a sudden and ahistorical judicialisation of politics the judiciary's prominent role in adjudicating issues of governance and statecraft was long in the making This book presents a deeply contextualised account of law in Pakistan and situates the judicial review jurisprudence of the superior courts in the context of historical developments in constitutional politics evolution of state structures and broader social transformations This book highlights that the bedrock of judicial review has remained in administrative law it is through the consistent development of the Writ jurisdiction and the judicial review of administrative action that Pakistan's superior courts have progressively carved an expansive institutional role and aggrandised themselves to the status of the regulator of the state Army of the Dead Richard S. De, 2018-11-27 It has long been contended that the Indian Constitution of 1950 a document in English created by elite consensus has had little influence on India's greater population Drawing upon the previously unexplored records of the Supreme Court of India A People's Constitution upends this narrative and shows how the Constitution actually transformed

the daily lives of citizens in profound and lasting ways This remarkable legal process was led by individuals on the margins of society and Rohit De looks at how drinkers smugglers petty vendors butchers and prostitutes all despised minorities shaped the constitutional culture The Constitution came alive in the popular imagination so much that ordinary people attributed meaning to its existence took recourse to it and argued with it Focusing on the use of constitutional remedies by citizens against new state regulations seeking to reshape the society and economy De illustrates how laws and policies were frequently undone or renegotiated from below using the state's own procedures De examines four important cases that set legal precedents a Parsi journalist's contestation of new alcohol prohibition laws Marwari petty traders challenge to the system of commodity control Muslim butchers petition against cow protection laws and sex workers battle to protect their right to practice prostitution Exploring how the Indian Constitution of 1950 enfranchised the largest population in the world A People's Constitution considers the ways that ordinary citizens produced through litigation alternative ethical models of citizenship

Encyclopaedia of Dalits In India (Human Rights) Sanjay Paswan, 2002 Dalits or the downtrodden have been referred to in history as people without history of their own which certainly is untrue and illogical notwithstanding the fact that they have been a marginalised lot in their own land and treated as mere objects Even scholars and academics have treated them as subjects for their research in social sciences anthropology and philanthropy Hence there are very few objective studies or works of worth in this discipline This research based extensive comprehensive authentic and analytical series is a merited endeavour in order to fill the gap The Encyclopaedia is divided into eleven volumes in a logical and issue based order with almost all related and relevant issues covered extensively And that makes these volumes a must for all scholars and researchers engaged in the areas concerned

Police Investigation - Powers, Tactics and Techniques V. Sithannan, 2014-01-10 Anchoring himself firmly on the ever contested space of Indian Law and Legal Processes and drawing substantive support from his rich and varied experience as a Law Enforcement Officer in the Police Department of Tamil Nadu India the author V Sithannan in presenting this scholarly work has sought to fulfill the legitimate requirements of Police Officers Advocates Judicial Officers Social Activists NGOs Gender Activists and the general public The Author's utopian ideal that no innocent person should be punished and no offender should go unpunished is the dominant message of the book For this purpose the Author has given a balanced treatment of the whole problem of crime and its investigation The book contains 27 Chapters and 4 Annexures For example the 1st Chapter deals with the origin growth and development of Military and Police and the succeeding chapters elaborate the structure powers and the duties of police the conduct of investigation the first information report the jurisdictional limitations of police dying declaration inquest search and seizure examination of witnesses arrest interrogation confession bail remand and custody test identification parade tender of pardon to approver letter rogatory extradition burden of proof and presumptions Police diaries final report further investigation and maintenance of Police records The comparative chart given to aid the Police Officers to conclude whether death is suicidal or
