**Empires of the Senses** Andrew J. Rotter, 2019-06-21 When encountering unfamiliar environments in India and the Philippines the British and the Americans wrote extensively about the first taste of mango and meat spiced with cumin the smell of excrement and coconut oil the feel of humidity and rough cloth against skin the sound of bells and insects and the appearance of dark skinned natives and lepers So too did the colonial subjects they encountered perceive the agents of empire through their senses and their skins Empire of course involved economics geopolitics violence a desire for order and greatness a craving for excitement and adventure It also involved an encounter between authorities and subjects an everyday process of social interaction political negotiation policing schooling and healing While these all concerned what people thought about each other perceptions of others as Andrew Rotter shows were also formed through seeing hearing touching smelling and tasting In this book Rotter offers a sensory history of the British in India from the formal imposition of their rule to its end 1857 1947 and the Americans in the Philippines from annexation to independence 1898 1946 The British and the Americans saw themselves as the civilizers of what they judged backward societies and they believed that a vital part of the civilizing process was to properly prioritize the senses and to ensure them against offense or affront Societies that looked shabby were noisy and smelly felt wrong and consumed unwholesome food in unmannerly ways were unfit for self government It was the duty of allegedly more sensorily advanced Anglo Americans to educate them before formally withdrawing their power Indians and Filipinos had different ideas of what constituted sensory civilization and to some extent resisted imperial efforts to impose their own versions What eventually emerged were compromises between these nations sensory regimes A fascinating and original comparative work Empires of the Senses offers new perspectives on imperial history
