The Economics of Long-Distance Transportation P. B. Goodwin, T. S. Khachaturov, 1983-02-10 **The Hindu**

Equilibrium Deepak Lal, 2005 India is an emerging giant This book explains its long economic stagnation and recent rise by examining its social political and historical evolution in long term perspective It explains how its distinct social system based on caste arose and why it still is of importance in its political and social arrangements despite India's recent move from the plan to market **Does Aid Work in India?** Michael Lipton, John Toye, 2010-11-29 Much about India's economy and aid flows has changed in the last two decades India's growth rate has quickened since economic liberalisation the poverty head count has fallen and the volume and composition of its aid have changed as new issues of climate change and the environment have emerged Yet *Does Aid Work in India* first published in 1990 remains of great interest as a study of aid effectiveness in India's pre liberalisation era It identifies those sectors where aid funded interventions succeeded and where they failed It explains how India avoided problems of aid dependence and managed the political tensions that are associated with aid policy dialogue More generally it contains a useful commentary on and criticism of donors aid evaluation procedures at that time and it highlights donor efforts in the difficult area of institution building Despite the passage of time many of the insights from India's earlier experience remain highly relevant to key issues of development assistance today **International Finance and Trade in a Polycentric World** Silvio Borner, 1988-06-18 These proceedings focus attention on issues in the present polycentric world economy in the realm of international debt trade investment financial markets and policy coordination The book attempts to deal with the opposing forces and the basic schisma underlying these issues **New Developments in Analysis of Market Structure** Joseph E. Stiglitz, G. Frank Mathewson, 1985-12-27 These contributions discuss a number of important developments over the past decade in a newly established and important field of economics that have led to notable changes in views on governmental competition policies **The Determinants of National Saving and Wealth** Richard Hemming, Franco Modigliani, 1983-02-17 *The Economics of Military Expenditures* Christian Schmidt, 1987-07-07 **Forecasting Occupational Structure in a Developing Economy** Moneer Alam, 1985 **Austin Robinson** S. Cairncross, 2016-07-27 Sir Austin Robinson had a career unique among economists A close associate of Keynes he began as a seaplane pilot in the First World War and spent two years in the 1920s tutoring a Maharajah in India He was at the centre of economic policy making during and after World War 2 and in postwar years was professor editor promoter of economic debate and economic adviser in many countries **Rethinking Economic Change in India** Tirthankar Roy, 2005-05-19 As author of the hugely influential *The Economic History of India 1857-1947* Tirthankar Roy has established himself as the leading contemporary economic historian of India Here Roy turns his attention to labour and livelihood and the nature of economic change in the Subcontinent This book covers economic history of modern India rural labour labour intensive industrialization women and industrialization Challenging the prevailing wisdom on Indian economic growth that it

is bound up with Marxian postcolonial class analysis Roy formulates a new view Commercialization surplus labour and uncertainty are seen as equally important and the end result reconciles the increasingly opposed view of economists and historians *Handbook of Regional and Peter Nijkamp, Edwin S. Mills, 1986* This second volume of the Handbook presents professional surveys of all the important topics in urban economics The first section contains 6 surveys on locational analysis the second 5 surveys of specific urban markets and the third part presents 5 surveys of government policy issues The book brings together exhaustive research by distinguished scholars from many countries It is the only complete survey volume of urban economics and should serve as a reference volume to scholars and graduate students for many years For more information on the Handbooks in Economics series please see our home page on <http://www.elsevier.nl/locate/hes> **The Economics of Public Debt** Kenneth J. Arrow, Michael J. Boskin, 1988-09-19 A collection of essays presenting new insights into the analysis of public debt theory recent historical episodes econometric analyses and policy dilemmas and options It also documents the perceptions of debt problems from viewpoints of national economies as well as the world economy

World Scientific Reference On Asia-Pacific Trade Policies (In 2 Volumes) Kym Anderson, 2019-12-19 Protectionism has been placed under the media spotlight with news headlines generated by populist anti globalization movements and Donald Trump's term as US President Such a policy stance is putting at risk unilateral trade reform efforts in the Asia Pacific region and elsewhere This two volume reference work provides a timely update on how far the region has come in opening markets It analyzes the motivations or ostensible objectives of policies adopted in the past the changing extent of the domestic price distortions involved the economic effects of those policies at home and abroad the political economy forces at work that brought about those policies and their subsequent reform their consequences for international trade economic welfare and poverty alleviation and prospects for sustainable improvements in current policies Case studies of major East Asian economies and Australia reveal how government priorities to assist farmers versus manufacturers changed over the past century but especially since the 1980s and how that has affected trade between natural resource poor and resource rich economies This set is highly recommended for those who are interested in the economics and politics of trade policies agricultural economics economic development and food and nutrition security in the Asia Pacific region and beyond *The Theory and Experience of Economic Development* Mark Gersovitz, Carlos F. Diaz-Alejandro, Gustav Ranis, Mark R. Rosenzweig, 2012-08-06 This volume first published in 1982 is a collection of original essays written to honour Professor W Arthur Lewis 1979 co winner of the Nobel Prize in economics The authors an international group of distinguished scholars address a varied set of specific issues reflecting Professor Lewis research interests covering topics which include technological change in agriculture analyses of unemployment and income distribution the role of government policy in the development process the historical record of development and the relationship between developed and developing nations The book will be of interest to both the academic researcher and practicing professionals in the international organisations

and national governments and are particularly appropriate to graduate courses in economic development cost benefit analysis and economic history

OECD Development Policy Tools Evidence-based Policy Making for Youth Well-being A Toolkit OECD,2017-10-17 With 1.2 billion people today's youth population aged 15-24 represents the largest cohort ever to enter the transition to adulthood Close to 90% of these young people live in developing countries and the numbers will practically double in the least developed countries

Employment and Inclusive Development Rizwanul Islam,Iyanatul Islam,2015-02-11 Issues relating to employment and labour have once again come to the fore of global policy debates in the wake of the widespread unemployment that has accompanied the current financial crisis In the developing world there is a growing realization that productive employment promotion and social protection have to be at the core of inclusive growth and development This book supports the view that employment is a cross cutting issue shaped by macroeconomic and microeconomic policy interventions and provides a capacious framework to analyse the complexity of this global debate It covers a wide range of issues that have received insufficient attention in the discourse of development and labour economics These include the impact of macroeconomic policies on employment labour rights the development of human capabilities and employability youth employment the benefits and costs of labour market flexibility and the importance of social protection for all This important book aims at filling this gap by revisiting old debates and reconnecting them to the contemporary context combining analyses with relevant empirical evidence It will appeal to a diverse readership of academic institutions and think tanks international organizations bilateral donors working on development issues and policy makers in developing countries

Employment and Development Gary S. Fields,2019 This book brings together the contributions of 2014 IZA Prize in Labor Economics award winner Gary Fields to address global employment and poverty problems The central questions in his work are how economic growth affects standards of living how labor markets work in developing countries and how different labor market policies affect well being
