Yoke of Necessity Mark Ringer,2025-09-04 Aeschylus Character and the Yoke of Necessity considers the works of Aeschylus in the context of the playwright s handling of dramatic character and the conflict between freedom and compulsion Aeschylus was an Athenian citizen during the first generation of that polis s democratic system As such he and his contemporaries were encountering a kind of free agency unknown before in history Aeschylus presents the archetype of the tragedy of character that will resonate throughout world literature It is a fascinating and essential component to the conception of his drama that his protagonists each of the six plays find ways of escaping freedom in exchange for a self imposed spiritual bondage They slip their necks into the yoke of necessity to borrow a pivotal line from the Agamemnon Caught between their individual motives and the unavoidable necessity of their situation each protagonist handles this conflict in a way that defines the specificity of their character and results in the development of the plot This book also explores the frequently dominant position of the Aeschylean chorus **Paint It Black** Nancy A. Baum, Dave Conti, 2007-08-21 Surprisingly it s not about education or pedigree or even native smarts Most of us are like jack welch who started life as a lowercase guy the son of a railroad conductor but went on to become the most celebrated and successful executive of recent years Sure Jack Welch and lots of other people like him are smart and talented but there are countless people even smarter and more talented who stall out on the way up Something else is going on What is it and what can the rest of us learn from such people to improve our own chances of accomplishment Stephen Baum uncovers not only the business secrets of prominent CEOs but their inner stories as well He ferrets out the real men and women behind the public personas learning about life shaping experiences they all have in common that turn out to be the foun dation for true success in career and in life Baum has gotten them to recall key moments that they hadn t thought about for years as well as the fears emotions and learning they ve experienced during moments of challenge and doubt These seminal events are archetypal shaping experiences critical and often unexpected learning moments when future leaders take advantage of challenges thrown in their path When you take calculated personal risks without the safety net of specific instructions on how to proceed When you are clueless about how to solve a knotty problem but dive in and prepare yourself to work through it When you learn to swim in water over your head make the tough choice get good on your feet or are forced to take a hard look in the mirror These character building moments engender an inner core of toughness and confidence that is the real key to leadership in any business or endeavor they are what made jack welch JACK WELCH Stephen Baum provides an entirely new way of thinking about how to fulfill your dreams and aspirations You ll come away with the feeling that if they can do it so can I and that is the first step on the journey to becoming extraordinary awakening the JACK WELCH that lives in each of us just waiting to take us further than anyone could have predicted *Gas Warfare Bulletin* United States. art of the period often include layers of disquieting paradoxes creating tensions monstrosities even that manifest themselves in a variety of ways In some cases dichotomies between order and chaos artificiality and nature rational logic and imaginative creativity etc may emerge Elsewhere a sense of agitation undermines structures of statuesque control or erupts into wild unruly displays of constant genesis The monstrosity of ornament is brought into play through strategies of hybridity and metamorphosis or by the handling of scale proportion and space in ambiguous and discomfiting ways that break with the laws of physical reality An interest in strange exaggeration and curious artifice allows for such colossal ornamental attitude to thrive within early modern art
