Friedman, 2011-04-14 The authors address theories which through the identification of hidden codes call the authorship of Shakespeare's plays into question      **Catalogue of Copyright Entries** Library of Congress. Copyright Office, 1931      **The Bedford Companion to Shakespeare** Russ McDonald, 2001-02-20 Providing a unique combination of well written up to date background information and intriguing selections from primary documents The Bedford Companion to Shakespeare introduces students to the topics most important to the study of Shakespeare in their full historical and cultural context This new edition contains many new documents particularly by women and other marginalized voices from the early modern period There is also a new chapter on Shakespeare in performance which introduces students to the great variety of productions of Shakespeare's works over the centuries      *The History of the County of Essex* W. R. Powell, 1959      **The Victoria History of the County of Essex** Herbert Arthur Doubleday, 1959      **De Vere is Shakespeare** Dennis E. Baron, 1997      **Contested Will** James Shapiro, 2010-04-06 In this remarkable book Shakespeare scholar James Shapiro author of *Shakespeare in a Divided America* explains when and why so many people began to question whether Shakespeare wrote his plays For more than two hundred years after William Shakespeare's death no one doubted that he had written his plays Since then however dozens of candidates have been proposed for the authorship of what is generally agreed to be the finest body of work by a writer in the English language In this remarkable book Shakespeare scholar James Shapiro explains when and why so many people began to question whether Shakespeare wrote his plays Among the doubters have been such writers and thinkers as Sigmund Freud Henry James Mark Twain and Helen Keller It is a fascinating story replete with forgeries deception false claimants ciphers and codes conspiracy theories and a stunning failure to grasp the power of the imagination As *Contested Will* makes clear much more than proper attribution of Shakespeare's plays is at stake in this authorship controversy Underlying the arguments over whether Christopher Marlowe Francis Bacon or the Earl of Oxford wrote Shakespeare's plays are fundamental questions about literary genius specifically about the relationship of life and art Are the plays and poems of Shakespeare a sort of hidden autobiography Do Hamlet Macbeth and the other great plays somehow reveal who wrote them Shapiro is the first Shakespeare scholar to examine the authorship controversy and its history in this way explaining what it means why it matters and how it has persisted despite abundant evidence that William Shakespeare of Stratford wrote the plays attributed to him This is a brilliant historical investigation that will delight anyone interested in Shakespeare and the literary imagination      **The Shakespeare Conspiracies** Brian McClinton, 2008      *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects* University of California (System).
