Making Edwardian Costumes for Women Suzanne Rowland, 2016-02-29 Edwardian fashions for women were characterized by the S-shaped silhouette embellished with lace, tucks, ruffles, tassels, frills, and flounces. This essential book includes eleven detailed projects which form a capsule collection of clothing and accessories that might have been worn by an Edwardian governess, a woman travelling on an ocean liner, a campaigning suffragette, or a wife overseeing a busy household in a large country house. It explains making sequences in full and advises in detail on how to give the garments a fine authentic finish. Eleven detailed projects are included based on the dress collections at Royal Pavilion Museums Brighton, Hove, and Worthing Museum and Art Gallery. Each project includes a detailed description of the original garment with an accompanying illustration alongside photographs of the original pieces, and scaled patterns are included for all projects with a list of materials and equipment required. Includes step-by-step instructions with information about the original techniques used and close-up photographs of the making process, with further chapters on tools and equipment, fabrics, measurements, and sizes, and how to wear Edwardian fashion with ideas on creating new outfits from the featured projects. Also includes advice on how to adapt garments to make them suitable for both wealthy leisured women and for their poorer counterparts. Aimed at costume makers, museums, and re-enactors, and beautifully illustrated with 200 colour photographs.
