Effective Schooling For Pupils With Emotional And Behavioural Difficulties:

Effective Schooling for Pupils with Emotional and Behavioural Difficulties John Visser, 2013-10-23 First Published in 1998 Increasing pressure and new demands on LEAs schools and their staff have led to an overall reduction in the number of special schools for children with EBD and a questioning of their place within the range of provision for these pupils Recent attention has also been drawn by HMCI to the number of these schools which have failed to pass the OFSTED inspection process This book is based on a national examination of special schools providing for pupils with EBD The authors identify factors associated with good practice and offer advice on how schools can become more effective in providing for the country's most troubled and challenging pupils They also highlight aspects of successful provision which can be applied in mainstream schools and pupil referral units

considering the key areas of assessment whole school and targeted approaches that help pupils with EBD in mainstream and in special settings outlining helpful work with families the crucial contribution of effective multi agency working and the importance of supporting and developing teachers who work with challenging pupils Containing contrasting views on controversial topics this Companion s approachable style makes it an essential reference book for academics policy makers practitioners educators and students who are working towards a higher degree in education
