Warwick Middleton,Martin J. Dorahy,2024-10-02 This edited collection brings together the perspectives of a broad spectrum of experts who reflect on Freud s Seduction Theory psychoanalysis and the reality of child abuse through the work of Jeffrey Masson Jeffrey Masson s The Assault on Truth Freud s Suppression of the Seduction Theory 1984 is arguably the most controversial book on psychoanalysis in the last century It provoked a furore from mainstream psychoanalysis yet was well received by the emerging international trauma field and became a bestseller Four decades on a group of international scholars and professionals revisit Masson s original work and reflect on the lessons that can be taken from the saga Was the reaction of Masson s peers tied to the fact that he had accused Freud of being less than heroic or was it that he confronted psychoanalysis with a very uncomfortable truth This book examines how The Assault on Truth came to be written why it sparked such an extreme reaction and the issues Masson was grappling with Complete with an extended Foreword by John Briere a luminary of the modern trauma field this book will be essential reading for practitioners students and researchers involved in contemporary psychoanalysis psychotherapy psychology and especially trauma care women s mental health child safety and the study of memory *The Abused and the Abuser* Warwick Middleton,Adah Sachs,Martin J. Dorahy,2019-10-23 Severe abuse often occurs in settings where the grouping whether based around a family or a community organisation or institution outwardly appears to be very respectable The nature of attachment dynamics allied with threat discrediting the manipulation of the victim s dissociative defences long term conditioning and the endless invoking of shame mean that sexual physical and emotional abuse may in some instances be essentially unending Even when separation from the long term abuser is attempted it may initially be extremely difficult to achieve and there are some individuals who never achieve this

parting Even when the abuser is dead the intrapsychic nature of the enduring attachment experienced by their victim remains complicated and difficult to resolve This volume includes multiple perspectives from highly experienced clinicians researchers and writers on the nature of the relationship between the abused and their abuser s No less than five of this international grouping of authors have been president of the International Society for the Study of Trauma and Dissociation the world s oldest international trauma society This book which opens with a highly original clinical paper on weaponized sex by Richard Kluft one of the foremost pioneers of the modern dissociative disorders field concludes with a gripping historical perspective written by Jeffrey Masson as he reengages with issues that first brought him to worldwide prominence in the 1980s Between these two pieces the contributors all highly acclaimed for their clinical theoretical or research work present original cutting edge work on this complex subject This book was originally published as a double special issue of the Journal of Trauma and Dissociation

Psychoanalysis and Ethics Ernest Wallwork,1991-01-01 Psychoanalysis has had a profound impact on popular morals for Freud s discoveries have made us aware that unconscious motivations may subvert moral conduct and that moral judgments may be rationalizations of self interest or expressions of hostility Freud has in fact been called a founder of the hermeneutics of suspicion that pervades modern attitudes toward morality In this book however a psychoanalyst who is also a professor of ethics asserts that we do not accurately understand Freud on the various psychological issues relevant to morality and the ethical implications that can be drawn from his views Ernest Wallwork offers a reinterpretation of Freudian theory showing the ways in which it points toward the possibility of genuine moral behaviour

The Oceanic Feeling J.M Masson,2012-12-06 By way of a personal note I can reveal to the reader that I was led to Sanskrit by an exposure to Indian philosophy while still a child These early mystical interests gave way in the university to scholarly pursuits and through reading the works of Franklin Edgerton Louis Renou and Etienne Lamotte I was introduced to the scientific study of the past to philology and the academic study of an ancient literature In this period I wrote a number of books on Sanskrit aesthetics concentrating on the sophisticated Indian notions of suggestion This work has culminated in a three volume study of the Dhvanyaloka and the Dhvanyalokalocana for the Harvard Oriental Series Eventually I found that I wanted to broaden my concern with India to learn what was at the universal core of my studies and what could be of interest to everyone In reading Indian literature I came across so many bizarre tales and ideas that seemed incomprehensible and removed from the concerns of everyday life that I became troubled Vedantic ideas of the world as a dream for example to which I had been particularly partial seemed grandiose and megalomaniac I turned away with increasing scepticism from what I felt to be the hysterical outpourings of mystical and religious fanaticism
