and reproduces work from every year of the artist's career beginning with the juvenilia and early academic studies. The focus means that work that is rarely reproduced is represented extensively providing a unique opportunity to study the rapid artistic development of Schiele over the course of his brief twelve year career. The book is organized chronologically and divided into year by year sections. Each section includes a text that discusses the major events in Schiele's life and the interrelation between the artist's drawing and developments in his oil painting. Features a previously unpublished Schiele watercolor and several works that have never been reproduced in color.
