Egyptian Origin of the Book of Revelation John H. C. Pippy, 2011-12-27 This in depth treatise presents conclusive evidence for an extremely close relationship between ancient Egyptian religious beliefs and the Book of Revelation Practically all characters scenes and series of scenes found in Revelation have parallels in mainstream Egyptian sources including the Book of the Dead the Amduat Book of Gates Book of Aker Books of the Heavens and others Parallel characters include Egypt s Apophis as Revelation s Satan while situations and activities in scenes include the judgment scene and singers by a lake of fire Parallel sequences of scenes include those found in the 2nd to 12th Divisions of the Book of Gates and most of Revelation s Chapters 15 21 Allusions to the Book of Dead are common Finally a key conclusion the entire structure of the Book of Revelation can be accounted for in the organization of text and paintings on the walls and ceilings of the tomb of Ramesses VI in Egypt s Valley of the Kings Fully referenced to enable critical review See revorigin com **A**

Rice, 2006-03-31 Swifter than the Arrow explores a little known aspect of life in Ancient Egypt celebrating the Egyptians as the first known civilisation to have formed the special bond with the dog that persists today as the most remarkable and

enduring of human animal relationships Five thousand years ago the Egyptians selected and bred hounds for the chase and as the loved companions of both the Great Ones the ruling classes and of less exalted folk For more than twenty five centuries they kept the breed true a remarkable achievement to be counted alongside the development of stone architecture and the building of the pyramids the invention of hieroglyphs the creation of kingship and of the first nation state in the world The dogs on which the Egyptians lavished such loving care and skill were the elegant slender prick eared golden hounds familiar from a thousand tomb reliefs that they called tjesm They were given affectionate names and were the companions of kings who honoured them with rich burials to ensure that they would be together for ever in the Afterlife Numerous representations of dogs and their masters from predynastic rock art through to elaborate tomb paintings and reliefs leave us in no doubt as to the sincerity of the affection that the Egyptians felt for their dog companions The first named dog lover in history was the earliest known queen Herneith who was buried with her hound at Saqqara Dogs and other canines also played their roles in the rich pantheon of ancient Egyptian religion figuring as semi divine messengers between the worlds of the living and the dead Perhaps the most familiar such deity is the sleek black jackal headed god Anubis guardian of the Necropolis and attendant of the underworld Swifter than the Arrow also examines the evidence that hounds living today most notably modern breeds such as the so called Pharaoh Hound are directly descended from the Egyptian hound It reveals remarkable information about the ancestry of the hounds of the Mediterranean islands that unmistakably share the appearance and character of the dogs that once raced across the Egyptian deserts This unique book throws fresh light on our understanding of ancient Egypt while providing a completely fresh insight into the development of mankind s remarkable bond with the domesticated dog

Shamanic Wisdom in the Pyramid Texts Jeremy Naydler,2004-12-09 A radical reinterpretation of the Pyramid Texts as shamanic mystical wisdom rather than funerary rituals Reveals the mystical nature of Egyptian civilization denied by orthodox Egyptologists Examines the similarity between the pharaoh s afterlife voyage and shamanic journeying Shows shamanism to be the foundation of the Egyptian mystical tradition To the Greek philosophers and other peoples of the ancient world Egypt was regarded as the home of a profound mystical wisdom While there are many today who still share that view the consensus of most Egyptologists is that no evidence exists that Egypt possessed any mystical tradition whatsoever Jeremy Naydler s radical reinterpretation of the Pyramid Texts the earliest body of religious literature to have survived from ancient Egypt places these documents into the ritual context in which they belong Until now the Pyramid Texts have been viewed primarily as royal funerary texts that were used in the liturgy of the dead pharaoh or to aid him in his afterlife journey This emphasis on funerary interpretation has served only to externalize what were actually experiences of the living not the dead king In order to understand the character and significance of the extreme psychological states the pharaoh experienced states often involving perilous encounters with alternate realities we need to approach them as spiritual and religious phenomena that reveal the extraordinary possibilities of human consciousness It is the shamanic spiritual tradition argues Naydler that is the undercurrent of the Pyramid Texts and that holds the key to understanding both the true nature of these experiences and the basis of ancient Egyptian mysticism

Wholeness and Holiness Michael Glasby,2019-01-07 In this ground breaking book distinguished consultant clinical neurophysiologist Michael Glasby turns to the Bible to ask whether the practices of the Levitical priesthood might in any way have shared features of what we now commonly call public healthcare contributing to the well being of individuals and society Is it the case that the priesthood understood some rudimentary elements of healthcare or is this commonly held view merely the result of modern opinion formed perhaps inappropriately through an accumulation of later redaction and exegesis

The Visions of the Pylons J. daniel Gunther,2018 A detailed account and interpretation of a series of visions conducted between

August 22 1975 and February 5 1977 Their purpose was to explore the Pylons of the Duant or Starry Abode first inscribed upon the alabaster coffin of 19th Dynasty Egyptian Pharaoh Seti I To the ancient Egyptians the Duant was the place where the sun god Ra made his nocturnal journey through the underworld which was divided into twelve hours The Egyptian Book of Pylons describes a perilous journey where the Gate of each hour is protected by a fearsome guardian or watcher who prevents entry by the unworthy or revelation of the deepest secrets of the netherworld to those allowed to pass In modern Jungian psychology terms the Duant is a representation of the Unconscious of mankind the underworld inhabited by gods and daemons the living symbols called primordial images or Archetypes The nocturnal journey of Ra is thus actually a journey deep within the human soul or Ba The author's study of the ancient texts led him to suspect that these Pylons were also hidden gateways to the higher planes of the Tree of Life possibly including secret entrances to the Thirty Aethyrs as described by Elizabethan magician John Dee **Historical Studies in the Language of Chemistry** Maurice P.
