Eighteenth Century Journal:

The British Journal for Eighteenth-century Studies, 1996 **Recording and Reordering** Dan Doll, Jessica Munns, 2006 The essays in this collection consider the diaries And journals of the seventeenth and eighteenth centuries Diaries and journals took many forms depending on the occupation gender social status and religious commitment of the writer They ranged in their forms from brief notes Related to family business and national events In preprinted almanacs or the pages of a family Bible to examinations of spiritual and material States in books dedicated to that purpose Both Domestic and foreign travel afforded women And men reasons for keeping a diary and these Varied from highly scientific accounts to more Personal considerations of the pleasures and discomforts of travel Generically the diary is situated uneasily yet fascinatingly between literature and history Once considered as a pure form of unstructured personal truth telling the diary is now recognized as a form of writing created by historic conditions governed by cultural imperatives and based on literary models and therefore reflects powerfully on its historical moments and the relationship between life as lived and life as represented in texts The English Press in the Eighteenth Century (Routledge Revivals) Jeremy Black, 2010-10-18 First published in 1987 this is a comprehensive analysis of the rise of the British Press in the eighteenth century as a component of the understanding of eighteenth century political and social history Professor Black considers the reasons for the growth of the print culture and the relations of newspapers to magazines and pamphlets the mechanics of circulation and chronological developments Extensively illustrated with quotations from newspapers of the time the book is a lively as well as original and informative treatment of a topic that must remain of first importance for the literate historian **Eighteenth-Century Environmental Humanities** Jeremy Chow, 2022-11-11 This groundbreaking interdisciplinary collection demonstrates how eighteenth century studies can be taught through the lens of the environmental humanities Activating topics such as climate change new materialisms the blue humanities indigeneity and decoloniality and green utopianism to interpret eighteenth century literature and culture each essay includes recommendations for innovative teaching and learning **Journal for Eighteenth-century Studies**, 2008 *War in the Eighteenth-Century World* Jeremy Black, 2012-12-07 Placing eighteenth century warfare in a truly global context Jeremy Black challenges conventional accounts and offers a reappraisal of debates in Western and Asian history This concise up to date survey assumes little prior knowledge and provides cutting edge historical insights into a crucial period of world history **Popular science and public opinion in eighteenth-century France** Michael Lynn, 2018-02-28 In this book Michael R Lynn analyses the popularisation of science in Enlightenment France He examines the content of popular science the methods of dissemination the status of the popularisers and the audience and the settings for dissemination and appropriation Lynn introduces individuals like Jean Antoine Nollet who made a career out of applying electric shocks to people and Perrin who used his talented dog to lure customers to his physics show He also examines scientifically oriented clubs like Jean Fran ois Pil tre de Rozier s Mus e de Monsieur which provided

locations for people interested in science Phenomena such as divining rods used to find water and ores as well as to solve crimes and balloons the most spectacular of all types of popular science demonstrate how people made use of their new knowledge Lynn s study provides a clearer understanding of the role played by science in the Republic of Letters and the participation of the general population in the formation of public opinion on scientific matters A Companion to Eighteenth-Century Europe Peter H. Wilson,2014-01-28 A COMPANION TO EIGHTEENTH CENTURY EUROPE This is an impressive volume with leading experts providing a wide ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys All specialists on this period will find much of value in this excellent volume History The Journal of the Historical Association This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth century Europe It considers not just major western European states but also the often neglected countries of eastern and northern Europe Placing Europe within an international context contributors investigate key areas of society economics culture and political development The book concludes with the French and other European revolutions that brought the century to a close both chronologically and as regards the Ancien R gime A Companion to Eighteenth Century Europe examines both established and emerging areas of interest in the field making it an essential guide for students and scholars **The Cambridge History of Science: Volume 4, Eighteenth-Century Science** David C. Lindberg,Roy Porter,Ronald L. Numbers,2003-03-17 The fullest and most complete survey of the development of science in the eighteenth century **Literary Research and the British Eighteenth Century** Peggy Keeran,Jennifer Bowers,2013-02-21 The 18th century in Britain was a transition period for literature Patronage either by a benefactor or through subscription lingered even as the publishing and bookselling industries developed The practice of reviewing books became well established during the second half of the century with the first periodical founded in 1749 For the literary scholar these gradual changes mean that different search strategies are required to conduct research into primary and secondary source material across the era Literary Research and the British Eighteenth Century addresses these unique challenges It examines how the following all contribute to the richness of literary research for this era book and periodical publishing a growing literate society dissemination of literature through salons private societies and coffee houses the growing importance of book reviews the explosion of publishing and the burgeoning of primary source material available through new publishing and digital initiatives in the 21st century This volume explores primary and secondary resources including general literary research guides union library catalogs print and online bibliographies scholarly journals manuscripts and archives 18th century books newspapers and periodicals contemporary reception and electronic texts and journals as well as Web resources Each chapter addresses the research methods and tools best used to extract relevant information and compares and evaluates sources making this book an invaluable guide to any literary scholar and student of the British eighteenth century *Cheap Print and Street Literature of the Long Eighteenth*

Century David Atkinson, Steve Roud, 2023-09-04 This deeply researched collection offers a comprehensive introduction to the eighteenth century trade in street literature ballads chapbooks and popular prints in England and Scotland Offering detailed studies of a selection of the printers types of publication and places of publication that constituted the cheap and popular print trade during the period these essays delve into ballads slip songs story books pictures and more to push back against neat divisions between low and high culture or popular and high literature The breadth and depth of the contributions give a much fuller and more nuanced picture of what was being widely published and read during this period than has previously been available It will be of great value to scholars and students of eighteenth century popular culture and literature print history and the book trade ballad and folk studies children s literature and social history **Benjamin Collins and the Provincial Newspaper Trade in the Eighteenth Century** Christine Y. Ferdinand, 1997 This is a pioneering study of the English provincial newspaper and book trades in the eighteenth century Christine Ferdinand uses the first thoroughgoing study of the Salisbury Journal and its competitors to reveal how country newspapers worked within and influenced the developing information systems of a region The detailed revelations of a community s social economic literary and cultural interests extend well beyond Salisbury to the surrounding counties and to London A hitherto hidden commercial infrastructure shows the interdependent relationship between the writers and makers of newspapers the principal members of the London book trade and the new market for the printed word Behind these news networks was the entrepreneurial spirit of Benjamin Collins a figure of national importance who set up Salisbury s first bank established newspapers in London and the provinces wrote children s books with John Newbery and whose publishing interests brought him into contact with the literary and commercial life of London This fascinating study of the information networks of eighteenth century provincial life will be of interest to literary students and biographers as well as historians **At Home in the Eighteenth Century** Stephen G. Hague, Karen Lipsedge, 2021-09-17 The eighteenth century home in terms of its structure design function and furnishing was a site of transformation of spaces identities and practices Home has myriad meanings and although the eighteenth century in the common imagination is often associated with taking tea on polished mahogany tables a far wider world of experience remains to be introduced At Home in the Eighteenth Century brings together factual and fictive texts and spaces to explore aspects of the typical Georgian home that we think we know from Jane Austen novels and extant country houses while also engaging with uncharacteristic and underappreciated aspects of the home At the core of the volume is the claim that exploring eighteenth century domesticity from a range of disciplinary vantage points can yield original and interesting questions as well as reveal new answers Contributions from the fields of literature history archaeology art history heritage studies and material culture brings the home more sharply into focus In this way At Home in the Eighteenth Century reveals a more nuanced and fluid concept of the eighteenth century home and becomes a steppingstone to greater understanding of domestic space for undergraduate level and beyond **Making Ideas Visible in the Eighteenth Century** Jennifer

Milam, Nicola Parsons, 2022-01-14 This volume considers how ideas were made visible through the making of art and visual experience occasioned by reception during the long eighteenth century The event that gave rise to the collection was the 15th David Nichol Smith Seminar in Eighteenth Century Studies which launched a new Australian and New Zealand Society of Eighteenth Century Studies Two strands of interest are explored by the individual authors The first four essays work with ideas about material objects and identity formation suggesting how the artist's physical environment contributes to the sense of self as a practicing artist or artisan as an individual patron or collector or as a woman or religious outsider The last four essays address the intellectual work that can be expressed through or performed by objects Through a consideration of the material formation of concepts this book explores questions that are implicated by the need to see ideas in painted sculpted illustrated and designed forms In doing so it introduces new visual materials and novel conceptual models into traditional accounts of the intellectual history of the Enlightenment *Women's Roles in Eighteenth-Century Europe* Jennine

Hurl-Eamon, 2010-04-09 This concise historical overview of the existing historiography of women from across eighteenth century Europe covers women of all ages married and single rich and poor During the 18th century the Enlightenment the French Revolution protoindustrialization and colonial conquest made their marks on women's lives in a variety of ways *Women's Roles in Eighteenth Century Europe* examines women of all ages and social backgrounds as they experienced the major events of this tumultuous period of sweeping social and political change The book offers an inclusive portrayal of women from across Europe surveying nations from Portugal to the Russian Empire from Finland to Italy including the often overlooked women of Eastern Europe It depicts queens an empress noblewomen peasants and midwives Separate chapters on family work politics law religion arts and sciences and war explore the varying contexts of the feminine experience from the most intimate aspects of daily life to broad themes and conditions **The Kabbalistic Culture of Eighteenth-Century**

Prague Sharon Flatto, 2015-09-03 Sharon Flatto's comprehensive study offers the first systematic overview of the eighteenth century Jewish community of Prague and the first critical account of the life and thought of its pre eminent rabbinic authority Ezekiel Landau Her detailed analysis firmly rooted in the historical and cultural context of the period challenges the conventional portrayal of Landau as a staunch opponent of esoteric practices and reveals the centrality of kabbalistic thought in this key central European city **A Companion to the Eighteenth-Century English Novel and Culture** Paula R.
