Weinbrot, Peter J. Schakel, Stephen E. Karian, 2001 This text offers an array of essays that consider literary intellectual political theological and cultural aspects of the years 1650 1800 in the British Isles and Europe At the centre of the book is Jonathan Swift other essays discuss Alexander Pope 18th century music and poetry William Congreve James Boswell Samuel Richardson and women s novels of the 18th century      **The Eighteenth Century** Kevin L. Cope, Robert C. Leitz, 2007-09

**Literary Research Guide** James L. Harner, 2008 James L Harner s Literary Research Guide which Choice calls the standard guide in the field evaluates important reference materials in English studies Since the publication of the first edition in 1989 tens of thousands of students and educators have used the Guide as an aid to scholarly research In the new edition Harner has added entries describing resources published since May 2001 and has revised nearly half the entries from the fourth edition The fifth edition contains more than 1 000 entries which discuss an additional 1 555 books articles and electronic resources and cite 723 reviews Readers of earlier editions will notice the inclusion of substantially more electronic resources particularly reliable sites sponsored by academic institutions and learned societies to account for the proliferation of bibliographic databases text archives and other online resources This edition also features a new section on cultural studies      *The Eighteenth Century* American Society for Eighteenth-Century Studies, Jim Springer Borck, 2006-12 This 17th volume from the series of bibliographies of the 18th century is divided into sections on printing and bibliographic studies historical social and economic studies philosophy science and religion the fine arts literary studies and individual authors

**Bibliography of Art and Architecture in the Islamic World (2 Vol. Set)** Susan Sinclair, C. H. Bleaney, Pablo García Suárez, 2012 Following the tradition and style of the acclaimed Index Islamicus the editors have created this new Bibliography of Art and Architecture in the Islamic World The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011 This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies

**Italian Medieval Sculpture in the Metropolitan Museum of Art and the Cloisters** Metropolitan Museum of Art (New York, N.Y.), Lisbeth Castelnovo-Tedesco, Jack Souldanian, 2010 The collection of Italian medieval sculpture in The Metropolitan Museum of Art and The Cloisters began with the acquisition in 1908 of a Romanesque column statue today the Museum s holdings comprise more than seventy works dating from the ninth to the late fifteenth century The birthplaces of these works range from Sicily to Venice some typify local styles others illustrate the intense artistic exchanges taking place within Italy and between Italy and the wider world Technological advances of the last decades have made it possible to determine more precisely the materials and techniques from which works of art are made the history of their alteration and

the mechanisms of their deterioration Using such techniques scholars have been able to ascertain for example that sculptures previously thought to be modern works carved in the medieval manner were in fact completely authentic This innovative volume represents a watershed in the study of sculpture a collaborative dialogue between an art historian and a conservator between art history and art science that deepens our understanding of the object we see while illuminating its elusive enigmatic history From publisher s description      **Anglo-Saxon England: Volume 31** Michael Lapidge, Malcolm Godden, Simon Keynes, 2003-04-21 Ten papers from the 10th conference of the International Society of Anglo Saxonists held at the University of Helsinki in 2001 Contents The landscape of Beowulf Margaret Gelling Scaef Japheth and the origins of the Anglo Saxons Daniel Anlezark The Anglo Saxons and the Goths rewriting the sack of Rome M R Godden The Old English Bede and the construction of Anglo Saxon authority Nicole Guenther Discenza Daniel the Three Youths fragment and the transmission of Old English verse Paul G Remley An integrated re examination of the dating of Oxford Bodleian Library Junius 11 Leslie Lockett Aelfric on the creation and fall of the angels Michael Fox The colophon of the Eadwig Gospels Richard Gameson Public penance in Anglo Saxon England Brad Bedingfield The Bayeux Tapestry invisible seams and visible boundaries Gale R Owen Crocker Bibliography      **Bibliography of Sources on the Region of Former Yugoslavia Volume III** Rusko Matuli?, 1998      **Bibliographie der Buch- und Bibliotheksgeschichte** Horst Meyer, 2004

**Approaches to History** Sabyasachi Bhattacharya, 2011 History as a social science is arguably more self reflective than associated disciplines in that family Other social scientists seem to see little reason to look beyond the paradigm they are developing in the present times Historians on the other hand tend to depend on the cumulative process of the development of their craft and the fund of accumulated knowledge Yet while this is acknowledged in the practice of research Historiography in itself as a subject of study has rarely found its place in the syllabi of Indian universities Knowledge of Historiography is taken for granted when a scholar plunges into research In an attempt to address this lacuna the Indian Council of Historical Research ICHR has planned a series of volumes on Historiography comprising articles by subject specialists commissioned by the ICHR The first volume in the series Approaches to History Essays in Indian Historiography brings to the readers the first fruits of that endeavour While the essays encompass areas of research presently at the frontiers of new research scholars will also find the bibliographies accompanying the essays of significant appeal      **Miller's Anesthesia, 2-Volume Set E-Book** Michael A. Kenilworth the 1590s dramatizations of the reign of Richard II and the Essex trial of 1601 serve as exempla of four moments in the reign of Elizabeth I which suggest an increasingly complex interaction between events and texts developing in the last half of the sixteenth century Logan argues that in representing England's recent and distant past a wide range of social subjects engaged in a struggle for intellectual credibility and social viability and in the process generated a contingent public sphere within which history framed as a coherent narrative shaped by causal relationships was brought to bear on the concerns of the Elizabethan present and future Assessing how these chronicles short prose histories and historical dramas each made use of the materials and techniques of the others blurring the distinctions between historiography and poetry as well as between past and present Logan considers the conjunctions between the development of new genres and perceptions about inscription and experience and changing socioeconomic institutions and practices

**The Irish Supreme Court** Brice Dickson, 2019-01-31 This book examines the jurisprudence of the Supreme Court of Ireland since its creation in 1924 It sets out the origins of the Court explains how it operated during the life of the Irish Free State 1922 1937 and considers how it has developed various fields of law under Ireland's 1937 Constitution especially after

the re creation of the Court in 1961 As well as constitutional law the book looks at the Court s views on the status and legal system of Northern Ireland administrative law criminal justice and personal and family law There are also chapters on the Supreme Court s interaction with European Union law and with the European Convention on Human Rights The argument throughout is that while the Court has been well served by many of its judges who on occasion have manifested a healthy degree of judicial activism there are still several legal fields in which the Court has not developed its jurisprudence as clearly or as imaginatively as it might have done It has often displayed undue conservatism and deference For many years its performance was hampered by its extreme workload generated by its inability to control the number of appeals brought to it However the creation of a new Court of Appeal in 2014 has freed up the Supreme Court to act in a manner more analogous to that adopted by supreme courts in other common law countries The Court s future looks bright
