EDWARD WESTON IN MEXICO, 1923-1926, 1983 **Art and Revolution in Latin America, 1910-1990** David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies In each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process **Greater American Camera** Monica Bravo, 2021-01-01 An engaging investigation of how the relationships between four U S photographers and Mexican artists forged new developments in modernism Photographers Edward Weston Tina Modotti Paul Strand and Helen Levitt were among the U S artists who traveled to Mexico during the interwar period seeking a community more receptive to the radical premises of modern art Looking closely at the work produced by these four artists in Mexico this book examines the vital role of exchanges between the expatriates and their Mexican contemporaries in forging a new photographic style Monica Bravo offers fresh insights concerning Weston s friendship with Diego Rivera Modotti s images of labor which she published alongside the writings of the Stridentists Strand s engagement with folk themes and the work of composer Carlos Ch vez and the influence of Manuel lvarez Bravo on Levitt s contributions to a New World surrealism Exploring how these dialogues resulted in a distinct kind of modernism characterized by inter American interests the book reveals the ways in which cross border collaboration shaped a new greater American aesthetic **The Enormous Vogue of Things Mexican** Helen Delpar, 1995-12-30 The Enormous Vogue of Things Mexican traces the evolution of cultural relations between the United States and Mexico from 1920 to 1935 Mexico Through Russian Eyes, 1806-1940 William Harrison Richardson, 2010-11-23 In this unique book William Richardson analyzes the descriptions given of Mexico by an assortment of Russian visitors from the employees of the Russian American Company who made their first contacts in the early nineteenth century to the artists diplomats and exiles of the

twentieth century He explores the biases they brought with them and the interpretations they relayed back to readers at home Richardson finds that Russians had a particular empathy for the Mexicans sharing a perceived similarity in their histories conquest by a foreign power a long period of centralized authoritarian rule an attempt at liberal reform followed by revolution

In *Politics Unseen* Ellen Macfarlane radically reframes the pure photographs of California art photography society Group f 64 known for depicting Western landscapes fruits and vegetables flowers and faces By foregrounding f 64 members and their prints alliances across commercial political and artistic domains the book shatters entrenched understandings of the group as disinterested in contemporary events and unseats conceptions of its prints as icons of modernist purity Instead *Politics*

Unseen argues the politics of f 64 s photographs become visible when interwar ideas about purity in the areas of eugenics racial essence nutrition colonialism and horticulture are interrogated Ultimately Politics Unseen alters perceptions not only of f 64 but also of what constituted a political image in 1930s America **The Study of Photography in Latin America** Nathaniel Gardner,2025-06-17 In this book Nathaniel Gardner provides an insider s perspective to the study of photography in Latin America He begins with a carefully structured introduction that lays out his unique methodology for the book which features over eighty photographs and the insights from sixteen prominent Latin American photography scholars and historians including Boris Kossoy John Mraz and Ana Mauad The work reflects the advances and developments of the study of photography throughout Latin America with certain emphasis on Brazil and Mexico The author further underlines the role of important institutions and builds context by discussing influential theories and key texts that currently guide the discipline The Study of Photography in Latin America is critical to all who want to expand their current knowledge of the subject and engage more robustly with its experts **The Waking Dream** Maria Morris Hambourg,Metropolitan Museum of Art (New York, N.Y.),1993 The 253 works in the exhibition many of them rare or unique and all of exceptional print quality have been culled from the more than five thousand that comprise the legendary but seldom exhibited Gilman Paper Company Collection the most important private collection of photographs in the world Edward Weston Edward Weston,1995-10-30 This new book surveys Edward Weston s work more comprehensively and exhaustively than any previous work A combination of biography and critical analysis it offers more than 320 meticulously reproduced duotone images nearly a quarter of which have never been reproduced in books before The selected photographs trace Weston s career from his early days through formative years in Mexico and on through the balance of his career which ended because of the onset of Parkinson s disease ten years prior to his death in 1958 Treated chronologically and emphasizing Weston s creative preoccupations in each period the book includes work that he created in 1938 and 1939 with funds from the first two Guggenheim Foundation grants ever awarded to a photographer To illustrate the book vintage prints have been selected from the copious Weston Archives at the Center for Creative Photography in Tucson Arizona and the highly important Lane Collection at the Boston Museum of Fine Arts Nearly 10 000 photographs have been examined in order to select those reproduced in the book Popular Photography ,1983-10
